MOODY & LUSBY

DO YOU SEE THIS FELLOW?

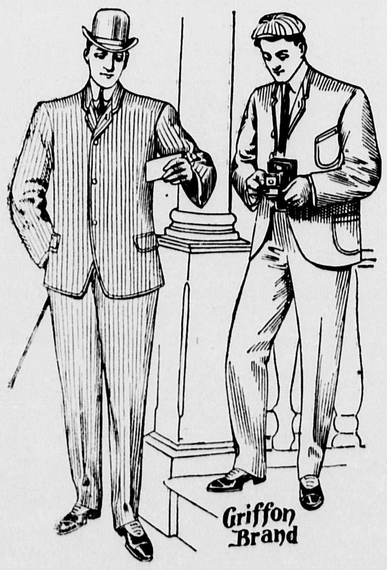

LOOKS SURPRISED, DON'T HE?

Well, this is about the expression of those visiting our Regular Semi-Annual Reduction Sales.

We now propose to clear up all Summer goods at very much reduced prices.

Now we mean reductions from our already low quotations and every article of merchandise in our establishment is marked in plain figures. You can well see the significance and realize the difference in prices asked for similar qualities by city houses.

Come early while we have a fair assortment in Men's, Boys' and Children's Clothing, Straw Hats, Summer Underwear, Separate Trowsers and all Summer Merchandise will now be cleaned up.

MOODY & LUSBY

Directly Opposite Court House, CHESTERTOWN, MD

LOCAL NOTES.

Discharged.—The "Wild Man from Borneo" who was on exhibition at Tolchester was given a hearing last week and released. He was charged with assaulting Louise Perry, 14 years old.

Baby Nearly Drowned.—Mrs. Chas. Rodway, of Hartly, while preparing supper on Thursday evening, left her 11-months-old baby playing on the porch. On going to look for him she found him in a pail of water, head first. The little one was unconscious over half an hour.

Big Sale.—The sale of B. J. McCauley's, near Galena, was attended by a large crowd Thursday and good prices were realized by Auctioneer Hurlock. Horses brought from $75 to $200; colts $40 and $50; cows $15 to $35; and implements all that could be expected Mr. Hiram G. Powell will tenant this farm next year.

A Drummer Fined.—A traveling man giving his name as "J. Smith" and later as G. S. Courtland, of Baltimore, was arraigned before Justice S. Hicks Monday, charged with accosting and insulting one of Chestertown's young married women. He was fined $20 and costs, which he promptly paid and quickly left town. The drummer said he fooled with the wrong person that time. Summary punishment like this means much to the ladies of Chestertown and the Justice and officers are to be congratulated.

Changed Hands.—Mr. H. B. Nicholson has sold his butchering and meat business to Mr. Robert Moffett, possession being given at once. Mr. N. has accepted a position with the Prudential Insurance Co., under Superintendent Simpers. Mr. James Thompson, who thoroughly understands the business, will assist Mr. Moffett. The two interested parties exchanged homes.

Clock Running.—The town clock went on a strike last week but has been put in condition again by Mr. Abe Levine, the jeweler and optician, next door to Savings Bank. The public learned to appreciate this town clock as never before during its idle moments and its resumption of work was hailed with pleasure. It has been a remarkable clock and has cost but little to keep in repair.

Sale of Property.—Mr. Thomas G. Wroth has purchased of Miss Willie Wickes the stable on Water street adjoining his recently acquired property. R. D. Hynson, Esq., has a stable adjoining Miss Wickes' and both will be removed to the rear of the lot. This means a big improvement for Water street.

Mr. Milton P. Crew, of Broad Neck, has purchased through J. Waters Russell the J. F. Copper home near town.

Wheat Drop of the Northwest.—Reports of very heavy yields of wheat are coming from Minnesota and the Dakotas. The production is said to run all the way from 15 to 35 bushels to the acre, and it is believed that 21 bushels would not be an overestimate of the average. At the conservative figure of 18 the production would beat all records, and at the minimum figure of 15 it would run well over the production of last year. Eighteen bushels an acre would make about 243,000,000 bushels from the three States, and Chicago special dispatch says the three States will send at least 190,000,000 bushels to market, which evidently excludes local consumption and milling. The corn crop will be large, other crops of the Northwest are immense, and the railroads have in prospect all the business they can handle.

Colored Excursionists.—The Jane Moseley arrived at Chestertown about 5 o'clock Wednesday with 100 colored excursionists from Cambridge, just three hours late. This boat was advertised to run an excursion from Chestertown to Round Bay Thursday and in order to save a return trip to Cambridge remained here all night under the plea that her boiler needed repairing. The 100 colored visitors were not allowed to come up in the town and were given berths on the boat.

The Mosely left Chestertown Thursday with about forty for Round Bay but at this writing had not returned here. This big steamer is owned by an association of colored men.

Extra Expense.—The Election Supervisors of Kent county are in a quandary as to what to do about ballot boxes for the next election. It is highly probable that they will be compelled to buy new boxes at an expense of $150.00, because of the Jackson-Smith contested election case. But for this contest the ballots cast at the last election would have been removed from the boxes and destroyed last month. The law, however, provides that in case of a contest the ballots shall not be removed until after the contest is settled. In the present case the contest will not be decided until after the approaching election, and unless some special agreement is reached in the meantime the county will be put to the expense of purchasing new boxes.

TAKE stock in the Kent Building and Loan Co. You will have a good paying investment.

Ayer's Pills greatly aid recovery. Purely vegetable, gently laxative.

Election of Directors.—The stockholders of the Kent County Savings Bank held their annual election Wednesday at which the following directors were elected:

John K. Aldridge, Milbourn A. Toulson, John D. Urie, James H. Baker, Fred G. Usilton, Jefferson D. Bacchus, James A. Casey, Charles S. Smith, Richard T. Turner, Jr., J. Edward Hurlock, Dr. G. Irvin Barwick and Wm. F. Russell. The last two named are the new members elected Wednesday to fill vacancies caused by resignations of Mr. W. W. Beck and Dr. W. F. Hines. Dr. Barwick is one of Kent's best citizens, a physician of wide practice and a gentleman in whom the public repose the utmost confidence. Mr. Russell is the faithful and efficient cashier of the bank and as a director will greatly assist in the management and upbuilding of this successful institution. The President's report showed the bank to be in a flourishing condition.

Rural Route Changes.—Postmaster M. W. Thomas has received instructions from the Postoffice Department to direct changes in routes of rural carriers No 1, 2 and 3, effective on Sept. 15th, as follows:

Carrier No. 1, Mr. Kendall will have his route shortened, and will receive his mail at the Chestertown office, instead of at Millington, leaving here at 12 instead of 11 o'clock.

Carrier No 2, Mr. Willis, will serve Tolchester Beach, but will not go round Rees' corner.

Carrier No. 3, Mr. Woods, will serve Cliff City.

Mr. Thomas is also directed to supply the postoffice at Tolchester Beach with locked pouch by rural carrier No. 2.

Mr. Russell's route will remain the same.

Popular Pastors Resign.—Sacrificing position and prospects for love of his wife, Rev. James L. Nichols, the successful pastor of the Dover Methodist Protestant Church, resigned at a special meeting of his board.

Recently Mrs. Nichols, the young wife of the pastor, who was formerly Miss Emma Masten, of Harrington, began to lose her health. Finally the physicians ordered her to go to the North Carolina mountains in order to save her life. At that time, Mr. Nichols could only accompany her there and leave her. His church work was pressing. He had just freed the Dover church from its burden of debt. The members of his congregation offered many solutions to his problem and aid of all kinds was proffered, but Mr. Nichols has decided to give up everything and nurse his wife back to health. Mr. Nichols spent a week assisting Dr. Greenfield last winter and made a good impression here.

The members of St. Anne's Episcopal Church, Middletown, are mourning the resignation of their rector, Rev. William J. Wilkie. Mr. Wilkie has had that charge for 11 years, and the news of his resignation comes like a blow to the parish and his many friends. Mrs. Wilkie's health not permitting her to stay in this climate another winter is the cause of Mr. Wilkie's severing his connection with St. Anne's Church. He will remove his family to Guilford, N. Y., about the middle of next month.

MILLINGTON ITEMS.

Mr. and Mrs. F. L. Smith spent last Sunday at Rehoboth.

Mr. W. F. Collins spent Sunday and Monday with his brother, Mr. Harrison Collins, at Chestertown.

Misses Lizzie and Etta Price, of Middletown, Del., are guests of the Misses Jones.

The corner stone of the new P. E. Church was laid last Tuesday afternoon, The Rt. Rev. Layton Coleman, Bishop of Wilmington Diocese, presiding. The county newspaper, many coins and 1905 pennies were dropped in the stone.

Mrs. M. A. Price and Miss Nema are spending some time at Asbury Park, N.J.

Miss Bessie Hurlock returned Wednesday after spending a pleasant week at Atlantic City.

Miss Julia Ferguson entertained Miss Avondale Gordon, of Baltimore, first of the week.

Rev. Edwin Gardiner and family visited relatives in Dover, Del.

Miss Julia Johnson resumed her studies at Frostburg College, Frostburg, Md., this week after spending the summer vacation at home.

The board of town commissioners have purchased a home combination chemical and water fire engine, which they expect to arrive here in the course of a week or ten days. The commissioners expect to pay cash for the engine and ask that all who have subscribed will hand over their money to the president, Mr. B. M. Hazel, on before Sept. 23, 1905. So they may be prepared to make the payment upon its arrival. No doubt this engine will be a great protection to the town and everyone should take interest and give the commissioners their financial support.

The W. H. M. S. of Asbury Church, Millington, will hold its first fall meeting at the home of Mrs Edwin Gardner, Thursday, Sept. 21, at 7.30 p. m.

In another column will be found the Peach tree ad. of H. L. Boyd. Mr. Boyd has always made quality of stock his chief aim. Orchards he has placed have turned out exceptionally well and his price low when quality is considered. Planting an orchard is a life job and you cannot afford to use cheap stock

HUMPTY DUMPTY, with a wealth of scenic and electric effects, will occupy the stage of Stam's Hall on Thursday, Sept. 21. This well known production will be replete with novelty, up-to-date and amusing specialties, which are interspersed throughout the plot with generous profusion and tend to make the famous pantomine enjoyable to the grown-ups and well as the young children. Among the vaudevillians are the following: Vallie Egar, in illustrated songs; Frank Somers, vocalist and instrumentalist; The Elmos, Dutch song and dance and crayon artists; Berry and Martesk, musical artists, The Sayille Sisters in their beautiful conception, the dance of the butterflies, the grand march of the Amazons, dancing of the corps de ballet and other novelties of refinement and wonder. The famous clown George H. Adams will be seen in the title role of this production which together with the elaborate scenery and simple, amusing story of the plot will be one of the best attraction which will appear in this town during the coming season This company will come in two special cars and will carry 50 people. Prices 35 and 50 cents.
