What the Passage of the Amendment Will Accomplish

Will Insure the Privilege of Voting To All White Men, But Will Restrict the Votes of the Negroes.

A WHITE MAN'S ISSUE

Which Should Receive the Earnest Support of White People of All Parties.

The passage of the Poe Amendment will accomplish what has been the great desire of the white people of Maryland for several years—*the elimination of thousands of Negro Voters.*

Under the Amendment

EVERY WHITE MAN CAN REGISTER!

This is assured by the second section of the Amendment, which reads as follows:

"A person who on the first day of January, 1869, or prior thereto, was entitled to vote under the laws of this State, or of any other State wherein he then resided; or any lineal male descendant of such last-named person who may be 21 years of age or over in the year 1906.

☞ The above means: That if *you were too young* to be entitled to register in 1869, but *your father* was entitled to be registered that year *you* can register without any questions being asked; and if your *father* was not old enough to be entitled to register in 1869 but your *grandfather* was, then *you and your father* come under the same ruling, and both will be entitled to register without question.

NO WHITE MAN WILL BE BARRED

☞ Under the above section *every white man* who has ever voted or had his name on the registration books since 1869, his children and grandchildren can *register by simply swearing to the fact.*

The passage of the Amendment will compel *every negro* to read and explain a section of the Constitution. This will mean that thousands of negroes will be cut out of registering.

This is not a political question—it is a *white man's* question and should receive the earnest support of the white people of every party. Its passage will be the means of correcting a great evil and will prevent further trouble between the races.

WHAT GOV. GLENN SAYS.

Governor Glenn, of North Carolina, has the following to say of the workings of the Amendment in his State:

"In response to your inquiry as to how the amendment has worked in our State, I cannot emphasize my views of its benefits stronger than to say that I do not think there is a white man of any standing in the State, whether he be Democrat or Republican, who would like to see the present amendment of the Constitution repealed. Before the amendment there were constant clashes between the races; disturbances and riots on the day of election, criminations and recriminations in regard to how the elections were held. Since the amendment went into effect, we have had no trouble. The negroes who are qualified to vote, vote; those who are not, do not vote. In fact, the negro seems to have lost all interest in politics and has gone to work and is becoming a better citizen. Peace reigns at the polls; there are no disturbances of any kind. Election day is as quiet as Sunday, and our people are prospering more than they have ever done in the history of the State. These are facts that cannot be denied by any conscientious man."

Big Chestnut Crop.—Reports from nearly every locality in Maryland are to the effect that there will be a large crop of chestnuts this fall. Some have been gathered in this county, owing to the early frosts having ripened them. Nuts of all kinds are reported to be very plentiful this fall, indicating that we will likely have a severe winter.

THE insurance investigation continues with startling revelations daily. The following little table made by the N. Y. World will show how the policy holders of the Mutual Life of N. Y., have been robbed:
