ABE COHEN, Sandy Bottom Department Store

KIDNEY TROUBLES

Increasing Among Women, But Sufferers Need Not Despair

THE BEST ADVICE IS FREE

Of all the diseases known, with which the female organism is afflicted, kidney disease is the most fatal, and statistics show that this disease is on the increase among women.

Unless early and correct treatment is applied the patient seldom survives when once the disease is fastened upon her. We believe Lydia E. Pinkham's Vegetable Compound is the most efficient treatment for chronic kidney troubles of women, and is the only medicine especially prepared for this purpose.

When a woman is troubled with pain or weight in loins, backache, frequent, painful or scalding urination, swelling of limbs or feet, swelling under the eyes, an uneasy, tired feeling in the region of the kidneys or notices a sediment in the urine, she should lose no time in commencing treatment with Lydia E. Pinkham's Vegetable Compound, as it may be the means of saving her life.

For proof, read what Lydia E. Pinkham's Vegetable Compound did for Mrs. Sawyer.

"I cannot express the terrible suffering I had to endure. A derangement of the female organs developed nervous prostration and a serious kidney trouble. The doctor attended me for a year, but I kept getting worse, until I was unable to do anything, and I made up my mind I could not live. I finally decided to try Lydia E. Pinkham's Vegetable Compound as a last resort, and I am to-day a well woman. I cannot praise it too highly, and I tell every suffering woman about my case." —Mrs. Emma Sawyer, Conyers, Ga.

Mrs. Pinkham gives free advice to women; address in confidence, Lynn, Mass.

R. GROOME PARKS,

ATTORNEY-AT-LAW

Will practice in the Kent courts and also Baltimore City. jy10

AN ESTIMATE OF GORMAN BY THE ASSOCIATED PRESS

His Course As A Leader In The Senate—His Stand On The Tariff And The Force Bill.

The following is the estimate of Senator Gorman's life and work as sent out by the Associated Press from Washington:

Senator German long has been a notable figure in the National Congress. He first took his seat in 1881 and served continuously for 18 years, and nearly all of that time he was the leader of his party in the Senate. Winning early a reputation for sagacity and the keenest judgement in Congressional affairs, he attained prominence, not only as a leader in the Senate but in the country at large, and by many men was considered the most available man in his party for the Presidency. He was chairman of the executive committee and managed the compaign that resulted in the election of Cleveland in 1884.

The most notable contest of his Congressional career, and one which attracted to him wider attention than anything else was when he led the Senate minority in 1890-91 and defeated the Federal elections bill. To his sagacious leadership and adroit management his party friends attributed the defeat of the measure which was so obnoxious to the South.

When the Democrats had control of the Senate Gorman was the recognized leader of that body. It was at that time that the tariff bill of 1894 was passed, and, although the Maryland Senator was not a member of the Finance Committee, he had so much to do with shaping that measure that his name is often given to it, and, in fact, it is frequently called the Wilson-Gorman tariff.

It was during Cleveland's last Administration that a break occurred between the Democratic President and the leader of the party in the Senate. In a speech, which always will be remembered by those who heard it, Senator Gorman severely arraigned the President. To this opposition the defeat of Senator Gorman a few years later is attributed, although his party lost Maryland in the silver campaigns. As soon as the Democrats regained control of the State he was at once re elected to the Senate.

It was a tribute to his leadership that as soon as he was again in the Senate he was made leader of the minority, and, although the seniority rule is strictly enforced, Gorman was given committee places that were equal to those he had held after long continuous service.

Senator Gorman was vigorously opposed to the acquisition of the Philippines, and fought the ratification of the Paris treaty with all the force he possessed. Knowing that strong pressure was being exerted on Democrats who were standing with him, he urged an early vote, while friends of the treaty held back until the necessary two-thirds of the Senators were secured.

Condemning extravagance in public expenditures, Senator Gorman's pleas for economy voiced the views of his party that less money should be spent for big ships and more for river and harbor improvements.

SUCKED OUT RNAKE POISON.

A Resourceful Oilpumper Saves the Life of a Girl.

Franklin, Pa., June 3.—At Clintonville to-day Bertha Collingwood, aged 14 years, was bitten on the calf of her leg by a large copperhead snake. The occurence was witnessed by Henry Corbett, an oilwell pumper, who knew the bite would prove fatal unless attended to immediately.

He bound the girl's leg above and below the wound and carried her into the pump station, which is equipped with a suction gas pump. Placing the wound over the end of the pipe, which admits the air, he held the girl there until all the poison had been sucked out. Physicians say the resourcefulness of Corbett saved the girl's life and she will suffer no ill effects from the bite.

Named—The new administration building at Washington College will be named the William Smith Hall in honor of the founder of the college and a teacher of renown. He also is said to be the founder of the Protestant Episcopal church in America, the same having originated in the church at Chestertown.

An effort is to be made by prominent Delaware church men to stop Sunday trains.

Longevity of Birds—The doctrine of vegetarianism appears to be shaken by the result of an investigation that an English newspaper has made into the subject of the longevity of birds. With one notable exception, the carrion or meet-feeding birds are the longest lived.

The exception is the swan. The averages of some of the best-known birds are given in the following: Blackbird lives 12 years; blackcap, 15; canary, 24; crane, 24; crow, 100; eagle, 100; fowl, common, 10; goldfinch, 15; goose, 50; heron, 59; lark, 13; linnet, 23; nightingale, 18; parrot, 50; pleasant, 15; pigeon, 20; raven, 100; robin, 12; skylark, 30; sparrow hawk, 40; swan, 100; thrust, 10; and wren, 3 years.

To The Best Paid Man.

It's sound sense that we tell you.

Your work costs less dollars and is best every time you use the L. & M. Paint.

You do more painting with one gallon of L. & M. than with two gallons of any other paint and the L. & M. Zinc hardens the L. & M. White Lead and makes the L. & M. Paint wear like iron.

4 gallons L. & M. mixed with 3 gallons Linseed Oil will paint a moderate sized house.

L. & M. costs only $1.20 per gallon.

A. T. Terrell, Riverhead, N. Y., Writes, "16 years ago painted with L. & M. Only now requires repainting."

Sold by Smith & Graham, Chestertown, Md; F. H. Harper & Son, Still Pond; J. W. Ivens, Worton.
