Some of the Best Crops of Wheat

GROWN IN THE STATE WERE FROM

WILBUR W. HUBBARD'S

STANDARD BONE FERTILIZERS

Last year we made for Dr Isaac Barber, the ex-Congressman, and Mr. G. M. Wingard, the machinist, of Easton, a lot of Fertilizer that contained 1400 pounds of Dissolved Animal Bone, 400 pounds of Bone Tanking, 200 pounds of Muriate of Potash; total 2000 pounds. Dr. Barber we have not have not heard from, but the following is what Mr. Wingard has to say:

EASTON, MD., Aug. 1, 1906.

WILBUR W. HUBBARD, Esq., Chestertown, Md.—Dear Sir: That goods you made for me last fall certainly gave satisfaction. In the spring our wheat looked like other people's. We feared that we would only have half a crop, although as I told you when I got you to make this goods for us I believed in a good goods and use less per acre, and only used 200 pounds on 100 acres, and threshed a few days ago from 66 acres 27 bushels per acre; from 40 acres 29¼ bushels; from four acres 40 bushels per acre: and it was nice wheat. And I therefore believe it paid me better to use 10 tons of that goods than it would 20 tons of a cheap fertilizer, and my clover is splendid and about a foot high.

Respectfully,
G. M. WINGARD,
Machinist, Easton, Md.

Mr. Vincent Lee says: I used Wilbur Hubbard's fertilizer last year alongside a goods costing $3 50 more per ton and marked the place, and when the wheat was examined by people who came to see it Hubbard's was generally acknowledged to be as good or better.

Mr. Wm. Clark, on H. H. Barroll's farm, near St Paul's Church, says that Hubbard's fertilizer certainly did splendidly for him this time, and that part of it threshed out 24 bushels per acre.

Mr. E. D. Reed, who owns a threshing rig, under date of July 29th, certifies that Wilbur Hubbard's fertilizers for the last three years have yielded 3 to 5 bushels more per acre than others used in competition and that the farmers are appreciating their value.

Mr H. H. Klinefelter says: I have used 90 to 100 tons of Hubbard's goods per year for ten years, and I expect to continue to use them.

Mr. John T. Jones, of Barclay, Md., says: I sold and used 40 tons of Hubbard's in 1903, 60 tons in 1904, 165 tons in 1905, and will need over 200 tons to supply my trade this fall.

Mr. Cad. L. Phillips, of Laurel, Del., says: I have sold and used Hubbard's fertilizers for 20 consecutive years, and this year it will take me 150 to 200 tons.

Mr. John H. Evans, of Queen Anne's, uses 75 to 100 tons of our goods per annum, and says this year by actual test Hubbard's was the best, and expects to use it again.

Mr. J. B. Hossinger says Hubbard's fertilizers give him satisfaction, and that is why he places his order for 28 tons this year.

Wilbur W. Hubbard

CHESTERTOWN, - - - MARYLAND

EVEN YOUR NEIGHBORS HAVE WORRIES.

Don't think that you are the only one in the world with troubles to bear or, that your trouble is worse than that of any one else. You can't grow to manhood or womanhood without incurring worries and responsibilities. The children are the only carefree people in the world, and even they have their tiny worries and woe. The only thing to do is to turn a brave face to the world and carry your burden cheerfully. The less complaint you make, the more people will respect you. When you are moaning over your own particular worry, cast your mind about among your friends and see if they each have not some burden to carry which is quite as heavy as yours. How many of them would you care to change places with?

There is no sense in bothering other people with your woes. They will listen for a while, but soon they will begin to avoid you. Also there is no sense in brooding over your misfortunes and thinking yourself the most abused, unlucky person in the world, for you are not. But, if you don't take very good care you will make yourself one of the most miserable through introspection and self-commiseration. Just try to make up your mind that you are a pretty lucky person after all. You may have a few sorrows, but haven't you a great many more joys? The joys usually outbalance the sorrows when it comes to a close comparison. Just to be alive at this time of year is a great joy in itself. You are no worse off than your neighbor. He has his worries, but perhaps he does not talk about them.

Cecil Farmer Killed.—Wm. K. Walls, a prominent farmer of Cecil county, residing near Calvert, was almost instantly killed Tuesday afternoon on the farm of Howard Brown.

Mr. Walls, whose farm adjoins Mr. Brown's, was assisting the latter to harvest his oat crop and was riding on top of a load of oats when he lost his balance and fell down among the horses. He received injuries from which he died half an hour later. He was about 48 years of age and was married.

Mr. O. H. Cleaver has rented the Stewart farm, near Chestertown, now tenanted by Mr. Wm. Minner.

CLIFF LOCALS.

Our fruit growers are having trouble getting help to pick their fruit, the numerous late rains have ripened up the fruit and developed the rot in all the peaches that were stung in an ordinary season, most of the stung peaches hid their faults until in the hands of the consumer but this year the growers lose them.

We will have several changes at the Cliff this year, Mr. Samuel Cranor now on the DeCorse farm is going to Queen Anne. Freedus Whitely proposes to move to Talbot County. J. D. Carter leaves his Cliff home and will temporarily occupy a house on the Cliff road. Mrs. Kirsh having sold her house to Mr. Johnson, of Baltimore, will live with Mrs. Titter after she moves on the Carter place about September.

Mr. and Mrs. Broening, of Baltimore, are visiting Prof. Stratton. Mr. Mathia is also at the Prof's. came over for a fishing trip. He and Capt. Holiday White caught 14½ dozen fine rock and perch in about 2 hours, one rock caught weighed 4½ pounds, some perch 12 to 14 inches long, all of them large fish. We haven't had these big black back perch with us in any number for at least 8 years.

Mrs. B. H. Titter is successfuly running a boarding house having all she can entertain.

TOLCHESTER FAIR.

As the time for the Kent, Queen Anne and Cecil fair to be held at Tolchester approaches, greater interest is being manifested in this annual event, and the prospects are that larger crowds will visit the popular resort than ever before on similar occasions. The exhibition departments, in stocks, farm products, fruits, furniture, school, etc., promise to be well filled, and the race entries will be larger than on former years.

Supt. G. E. Noland is exerting his utmost efforts to make this fair the best yet, and for this purpose he is not only endeavoring to secure the largest number of exhibits, but the largest and best list of entries for the races. In both he will be successful, as there is no racing elsewhere this year to interfere with Tolchester.

The farmers are urged to send their stock and help make the affair a success in every way. Supt. Noland will do the rest.

Diocese of Easton Statistics.

The Journal of the Protestant Episcopal convention, Diocese of Easton, which met in Christ church last month, has appeared. Among the satistics given are taken the following. The total contributions amount to $61,659.40; divided as follows: $17,424 32 in salaries of rectors; $6,615 59 for general expenses; $24,253 67 for repairs and improvements to church property; $699.26 for charities; $786.43 for Sunday school expenses; $2,082.24 for other parochial objects; $1,787.94 was contributed by the diocese for general missions, and $1,526.60 for diocesan missions. The journal also shows that there are in the diocese 7,925 baptized members; 1,685 families and 9,011 parishoners and 8,335 communicants. The Episcopal fund amounts to $44,047 08, from which $2,632 54 was received in interest.

Two Rapid Basket Makers.—Smyrna has two champion basket makers. They are Frank and Walter Turner, sons of Daniel Turner, of Sprnance City. The counters show this week that on last Friday these two men, with only the material furnished them, cut into shape, made 800 peach baskets, each making 400.

What is a Backache?

IT IS NATURE'S WARNING TO WOMEN

Diseases of Woman's Organism Cured and Consequent Pain Stopped by Lydia E. Pinkham's Vegetable Compound.

"It seems as though my back would break" Women utter these words over and over again but continue to drag along and suffer with aches in the small of the back, pain low down in the side, "bearing-down" pains, nervousness and no ambition for any task.

Miss Maude Morris

They do not realize that the back is the mainspring of woman's organism, and quickly indicates by aching a diseased condition of the female organs or kidneys, and that the aches and pains will continue until the cause is removed

Lydia E. Pinkham's Vegetable Compound has been for many years the one and only effective remedy in such cases It speedily cures female and kidney disorders and restores the female organs to a healthy condition.

"I have suffered with female troubles for over two years, suffering intense pain each month, my back ached until it seemed as though it would break, and I felt so weak all over that I did not find strength to attend to my work but had to stay in bed a large part of the first two or three days every month. I would have sleepless nights, bad dreams and severe headaches. All this undermined my health.

"We consulted an old family physician, who advised that I try Lydia E. Pinkham's Vegetable Compound. I began taking it regularly and soon found that I could sleep and eat better than I had done for months Within two months I became regular and I no longer suffer from backache or pain."—Miss Maude Morris, Sec. Ladies' Aid and Mission Society, 75 E. Hunter St., Atlanta, Ga.

PAINTS

B. P. S.

Our Standard Brand.

No better is or can be made. We are still selling at old price, although there has been several advances in the price of lead. But if you prefer Lewis' Lead and Lewis' Pure Linseed Oil, or you may want Masury's Railroad Imt. Lead, as we have them at small cost.
