...ME BACK?

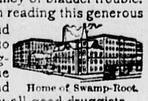

...akes You Miserable.

...body who reads the news... to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, kidney, bladder, uric acid troubles and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's **Swamp-Root** is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work, in private practice, among the helpless too poor to purchase relief and has proved so successful in every case that a special arrangement has been made by which all readers of this paper who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty cent and dollar sizes are sold by all good druggists.

Home of Swamp-Root.

Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghampton, N. Y. on every bottle.

ARE WE IN IT?

Well, we guess, "yes!"

When it comes to selling the best quality of LUMBER and giving the biggest values you'll find us "Johnnie on the spot."

Why not get our estimate on Lumber or in fact anything in our line?

Milking Cows By Electricity.

ROCHESTER, JULY 29.—Charles Francis, a farmer near Medina, is using a patent cow-milker, operated by electricity transmitted from a power plant five miles away. The Ontario Co. has completed a power cable from Niagara Falls to Syracuse, 150 miles, and by its charter must furnish current along the route. Farmers, particularly dairyman, are making great plans for using the current for all kinds of farm work. That Niagara Falls will be milking the cows between the Falls and Syracuse is no idle dream. Farmer Francis is an ardent advocate of the electrical cow-milker, for a boy of 15 milks his 32 cows in less than five minutes, even the irascible kickers Mere manual labor would for this same work require four men two hours, not counting the kicking cows, the flies, the switching tails and other drawbacks.

WORTON ITEMS.

Miss Bertha Ellis, of Philadelphia, has returned home after a pleasant visit to friends in Worton.

Miss Hilda James, of Baltimore, is spending some time at the home of her friends Misses Mabrey and Ethel Rash.

Mrs. Noble Gears and son, Rasin, are the guests this week of her neice, Mrs. Edna Barnette, Chestertown.

Mr. Harry Ivens, of Philadelphia, is visiting his cousin, Mr. Chas. Ivens.

Mrs. Eva Taylor and son, of Rock Hall, is spending some time at the home of her brother, Capt. John Thomas.

Mr. Charles Beck had the unpleasant experience of walking home by moonlight alone after a brief visit ty a lady friend in Smithville one evening this week, his team having disappeared. Mr. Frank Gilpin, with whom Mr. Beck has been stopping for some time, was awakened by the neighing of a horse, and upon investigating the matter he found Mr. Beck's buggy drawn up beside his road gate. The horse had been carefully unharnessed and put in the field and the gate closed.

THESE ARE THE DOG DAYS

These are the dog days and as such were considered by the ancient Romans to be unlucky. The dog days take their name from Sirius, the dog star, which is the brightest star in the constellation Canis Major. In the dog days the rising of this star is coincident with the rising of the sun, and thus it has been supposed by some people to have an influence on the earth. According to the astronomical calculation, the dog days begin July 3 and last until August 11. At this season of the year the dog star is visible in the morning before sunrise. When the dog star thus reigns it is believed by superstitious persons that various things are unlucky or unhealthy, as, for instance, that to go in bathing in the dog days is likely to produce hydrophobia, while it is believed in some country districts that dogs are more liable to go mad during the dog days than at other seasons.

The origin of the observance of dog days is traced to Egypt, where the rising of Sirius was coincident with the overflowing of the Nile. In that country the influence of the star was looked upon as auspicious, and from Egypt the belief in the influence of the star spread throughout the world.

To the Roman people, however, the dog star brought trouble, and even death. It comes in the most unhealthy portion of the year, and some of this belief has spread to America. It has long been proved that the dog star exercises no influence on the earth, and therefore can have no effect on the healthfulness or unhealthfulness of a partfeular period.

In this country the general understanding of the term "dog days" is the hot weather in the first part of August. It is not popularly understood that the dog days really last over five weeks. Indeed popular belief is that the dog days do not begin till August and that they are necessarily hot,

Betterton as a Resort.—This ideal spot with its pretty surroundings and inviting cottages, is becoming more and more popular each season as a summer resort. There seems to be a charm about this homelike town that attracts all who spend their vacation here to come again. The cordial greeting and hospitality extended to one and all, by the people, has rendered this town a place not to be forgotten. If you need a rest or want to enjoy your vacation in a jolly way just make up your mind to come to dear old Betterton—Guest at Price's Cottage

Good Prospects for Oysters.—Reports from the oyster sections of Chester river are to the effect that there was never a brighter prospect for a large and prosperous oyster season. The "catch" of young growth has not been so large for years. Everything beneath the water is covered with young growth, and if nothing happens between now and September to kill these young oysters there will be millions of them. Not only is this so on the natural rock, but the planted beds are also alive with young growth.

W. S. & A. M. CULP are making good headway on the new college building, "Smith Hall."

Free Scholarships in Nurse Training.

The Philadelphia School for Nurses has purchased large properties at 2219-25 Chestnut Street, Philadelphia, and will extend the benefits of the Free Course in Nursing to young women of every rural community and of the smaller towns and cities throughout the entire country.

The Course is two years, but may be shortened to eighteen months by six months' reading and study at home.

The School provides room, board, nurse uniforms, gives full instruction, and pays the student's fare home at the end of the Course.

A special short course is provided for those who cannot spend two years in the study but who wish to quickly prepare themselves for self-support.

The object of those who are providing the funds for this work is to ultimately extend the benefits of skilled nursing to every village and township in the land.

Nearly 200 Free Scholarships will be available this year.

SASSAFRAS ITEMS.

Miss Neta Howarth left on Saturday after several weeks sojourn with her aunt here, Mrs. Robert S. Griffith left on Saturday last for a fortnight sojourn at Bowers Beach.

Miss Virginia Shibles, of New York City, is visiting her uncle, Mr. and Mrs. Alexander T. Laws.

Mr. and Mrs. Henry Rosin are entertaining a house full of relatives from Philadelphia, Wilmington and New Jersey for the past week.

Master John R. Ernest is visiting Master Willie Stone, son of the Inspector of the Port, W Stone, of Baltimore, also his uncle Mr. Joseph Delaney, of the Baltimore Costom House.

Mr. Henry Rosin has been seriously sick for the past week.

Dewey Park was very largely attended Wednesday evening last.

Miss Grace Sylvester was appointed teacher at the school near Vandyke's Station.

Mr. and Mrs. Robert S. Griffith are entertaining her neice, Mrs. B. Sallsgives and daughter Bertha, of Wilmington, Del.

Mr. and Mrs. W. S. Morris are entertaining her sister and little son of Baltimore.

Bile Poison

has a very bad effect on your system. It disorders your stomach and digestive apparatus, taints your blood and causes constipation, with all its fearful ills.

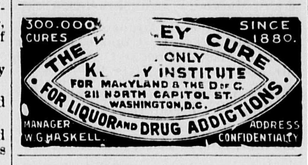

Thedford's Black-Draught

is a bland tonic, liver regulator, and blood purifier.

It gets rid of the poisons caused by over-supply of bile, and quickly cures bilious headaches, dizziness, loss of appetite, nausea, indigestion, constipation, malaria, chills and fever, jaundice, nervousness, irritability, melancholia, and all sickness due to disordered liver.

It is not a cathartic, but a gentle, herbal, liver medicine, which eases without irritating.

Price 25c at all Druggists.
