JUST A FEW WORDS ABOUT

American Fence

It is the fence that for the past ten years has protected the crops and stock of this country. It is the fence that is purchased and used by nine-tenths of the farmers to-day, and it will remain the choice of every careful thinking man who desires protection now and for the future in a fence that "actually fences."

WE GRIND "PLOW SHARES"

A number of people have tried it and it seems to be alright. Better bring in all those old shares you have laying around the barn and let us grind them. We only charge 10 cents each.

BOLGIANO'S RECLEANED

COW PEAS

WILL MAKE YOU RICH.

Sow them for hay crops—for forage crops after grain crops—on vacant land. Put Cow Peas in every available piece of land you have. They will wonderfully increase the value and productiveness of your entire farm. We strongly recommend the sowing of Mixed Cow Peas. They are composed of Blacks, Whip-poor-wills, Clays and Ect. The upright growing varieties will hold up the vining varieties and will produce much better crops of vines and larger amount of forage.

J. Bolgiano & Son, Baltimore, Md.

The Agricultural Department at Washington referred me to you for Alfalfa, Cow Peas and Irish Cobbler Potatoes.
