PRIMARIES, JUNE 12TH.

There seems to be almost a united sentiment in Kent for early primaries, and the State Central Committee, with their usual purpose to gratify the public, have selected Saturday, June 12th, as the day. The whole plan as laid down in the new Primary Law and interpreted by Atttorney General Straus will be followed to the letter and the official call will appear next week.

Attorney-General Isaac Lobe Straus has sent an explanation of the laws governing the primaries to be held for all nominations this Fall and also instructions on the enforcement of the laws.

Under the provisions of the law, as pointed out by Attorney-General Straus, parties which at the election of 1907 polled 10 per cent. of the vote cast may make nominations and select delegates to all conventions.

Mr. Straus specially points out that no primary election can be held later than the second Monday in September. Three week's notice by publication must be given by the local State Central Committee of date, time and place of county primaries. The ballots are provided by the county State Central Committee and must be printed on opaque white paper of uniform size and in quantities double the number of registered voters in the precinct. The names of the candidates shall be alphabetically arranged in groups. Ballots must be furnished the return judges three days before the primary. As far as practicable, the primaries shall be held in the vicinity of the general election polling places.

The Supervisors of Election must furnish a certified copy of the registration list for the precinct to each return judge. The County Commissioners pay for this list, but it is not to exceed $100 in each county. Each party is entitled to obtain from the Supervisors additional copies of the certified list, for which the party himself must pay.

The election supervisors representing each party appoint the judges and clerks. One of the judges must be a registration officer and is also to act as return judge. The County Commissioners are to pay the return judges $9 each, and the other judges and clerks $3.

No person may vote unless he is registered in the precinct at which he applies and a member of the party at whose primary election he offers his ballot.

The voter must prepare his ballot by cancelling with a black pencil the names of those for whom he does not desire to vote. The ballot after being marked by the voter is to be properly folded and placed in a plain white opaque envelope and deposited in a glass ballot box in the presence of the voters and the other election officials. A ballot marked by any other than a black pencil shall not be counted.

All the prohibitions and penalties of the Corrupt Practices act are applicable to the primary elections.

BALTIMORE, MD., May 6, 1909.

TO THE EDITOR:

In compliance with the provisions of Chapter 737, Acts of 1908, I have fixed and ascertained the date of the primaries in Kent county, to select your delegates to the State Convention, which is to be held in Baltimore City on August 11, 1908, for the purpose of nominating a candidate of the Democratic party for Comptroller, to be Saturday, June 12th, under the provisions of said Chapter 737. Very truly yours,

MURRAY VANDIVER, Chairman.

ONE of the needs of Chestertown is the purchase of large cans for waste paper, etc. We have noticed in a number of large towns these necessary adjuncts to clean streets. They are placed on principal business corners where scraps of paper, orange and banana peels may be thrown, instead of thoughtlessly throwing them on the street. We would suggest that the Ladies look into this matter at once.

SUNDAY, May 9—Mothers Day—will be observed in nearly every city in the Union. In Baltimore the day will be celebrated by the singing of special hymns, by the holding of special services and by the distribution of white flowers in the Sunday Schools and at churches.

A large number of people will observe Mother's Day by wearing a white carnation, symbolizing purity, beauty and fragrance—the attributes of a true mother. The wearing of a white carnation, those back of the Mothers' Day movement say, will be filial evidence that the wearer loves to honor his mother living, or her memory if dead.

In some States the Governors have set aside the second Sunday of May as Mothers' Day, and in several cities the Mayors have issued special proclamations indorsing the purpose and recommending the general celebration of the day. In South Dakota Governor Vessey has issued a proclamation urging all to observe Mother's Day and asking all to join in the celebration by wearing a white flower.

This observance is all right and we shall certainly observe it, but every day is "Mother's Day" and her love and sacrifice keeps her memory ever dear.

THE County Surveyor, Prof. G. B. Taylor, has been at Annapolis this week to secure some survey warrants at the Land Office. It is not generally known that the State issues "a special warrant of re-survey by holding and possession," the object of which is to secure a patent for a person entitled to lands in fee simple and being in possession thereof for the last 20 years. This sort of warrant would secure a State patent for much land in Kent county the title to which is now in more or less doubt.
