EX-GOV. WARFIELD'S recent "outbreak" is the ravings of a disgruntled and disappointed office seeker. He wanted to be United States Senator and was beaten in a fair and open primary contest *as proposed* by himself by Senator John Walter Smith. His assertion about the use of money cannot be corroborated by a scintilla of proof. Instead, his speech is acting as a boomerang striking back at the man, Warfield, who made it. In his own county, Howard, and in his home precinct Senator Gorman's committee was elected without opposition!

Here is what the Evening News says, that bitter kicker against everything that the Democrats advocate:

"Ex-Governor Warfield's attack on the Democratic organization should have been made a year ago last fall, when it might have accomplished something. The machine is much now as it was two years ago, when Mr. Warfield took the stump and gave it a clean bill of health. If anything—thanks to wholesome fear of the independent vote, all of which did not follow Mr. Warfield's lead—the organization is better today than it was then."

Mr. Warfield wanted something then and all was pure, but, now that he didn't get it all is impure! Bosh.

The enclosed letter was handed for publication to the Chestertown Transcript, but the editors declined to publish it, and for this reason we have requested the editors of the KENT NEWS to do so, feeling our position should be known.

MESSRS. EDITORS TRANSCRIPT—

Gentlemen: In your issue of July 31, 1909, Mr. Thomas D. Bowers used the columns of your paper for a personal attack upon me and other members of the Water Board. It is not my intention nor desire, nor do I think it necessary, to go into the matter any further than to say that the statements made by Mr. Bowers are absolutely false and untrue.

In justice to the Water Department and to the persons maligned, I ask for equal prominence of these few lines as was given the misrepresentation of last week.

It appears because Mr. Bowers has been disappointed in dictating the affairs of the Board he used your paper for the purpose of trying to prejudice the public and to put the affairs of the Department in a false light.

We wish at this time to assure the public that the Water Department is being economically and well managed, and at least two of its members do not wish to shirk any responsibility of its management due them, and will say in conclusion that the books and everything connected with the department are open at all times for inspection.

Very respectfully,

J. D. BACCHUS, Pres't
Chestertown Water Board.

GEN. SETH, what has become of that red bridle?

THERE is no more epidemic of typhoid fever in Chestertown than there are in other places on this peninsula. Some persons have been calling every case of bilious, stomach trouble, tonsilitis and toe ache the typhoid and such reports have exaggerated the situation. There is no cause for alarm. The local physicians say the cases are well in hand and that the recent cleaning up has done much to improve the health of the town. Salisbury Hospital has 18 cases of typhoid fever not to mention the cases outside. A little village near Baltimore has a case in every fourth house. Smyrna, Middletown and other places have patients about as numerous as Chestertown while in Baltimore and Philadelphia the patients with fever are reported by the dozens. Don't loose faith nor courage and all will come out right. There is One who doeth all things well and who gives a silver lining to every cloud.

CHESTERTOWN, - MARYLAND

TO WATER TAKERS.

In order that the citizens of Chestertown may have nothing but pure water, upon the advice of the Health authorities the lower pool has been cut off. This action reduces the water supply over 30,000 gallons per day, and has caused the discontinuance of the sprinkler.

It is therefore earnestly requested of all water takers not to allow hydrants or spigots to run any more than necessary and to be as economical as possible in the use of water. It is absolutely necessary that this notice be observed, otherwise there may be a dearth of water, and no one wishes such a condition. The analysis of the present supply was perfectly satisfactory.

Yours to serve,

WM. B. USILTON, MGR.
jy31. Chestertown Water Department.

NOTICE.

Travel over Culvert near the Basin farm now T. W. Ellison's and the home of T. E. W. Crew, near Langford, will be suspended from July 26, 1909, until further notice pending repairs. All persons who travel over this Culvert travel at their own risk.
