SATURDAY, AUGUST 21, 1909.

UNCLE SAM is getting ready to take another Census of Kent county. It is said that the census takers to be appointed will be non-partisan. Just watch nothing but Republicans being appointed to the jobs.

LET everyone who has the interest of Kent county and the Eastern Shore at heart encourage the new trolley project. The promoters are working hard to make their plans come to a successful end and if all aid we will soon be travelling to Baltimore by trolley. It can't come too soon for Kent county.

DOVER, DEL., is about to spend nearly $100,000 for the improvement of its streets and the installation of a sewerage system. The City Council has passed an ordinance to bond the town for $75,000 and over $15,000 will be raised on assessments against property abutting on the streets paved. Dover is already bonded for $45,000. The telephone and telegraph companies will be requested to place their wires underground.

WATER EXAMINED.

New Pool Water Fair But Most of the Private Pumps of Chestertown Are Bad.

State Chemist W. B. D. Penniman has just finished a chemical analysis of the samples of water taken from Chestertown by Dr. Rohrer, with the following results:

Ice Plant Well—Character of water is fair.

Santiago Pump—Water bad.

Calvert Street Hall Property Pump—Water bad.

Calvert St. Bethel Pump—Water bad

John F. Howard Pump- Water bad.

W. T. Duyer Pump—Water bad.

New Pool at Pump House—Water fair.

Spigot at Pump House, from which Chestertown gets same supply of water—Water fair.

Pump at M. E. Parsonage—Water bad.

Chas. S. Smith Pump—Water fair.

Washington College Pump—Water bad.

Harry Burke Pump—Water bad.

Bacteriologist W. R. Stokes, in his bacteriological analysis, finds all the samples bad except the Howard pump, which he says is good.

NEW FREIGHT LINE.

The Chesapeake Tributaries Co., will run a line of gasoline boats from Chester River to Baltimore. The "Gaivotte" was at Chestertown this week with the officers of the company to make arrangemest for starting at once. The Bacchus & Usilton wharf at Chestertown has been leased for a landing here and wharves on the river at several other points also arranged for. Mr. Decker, the president of the company, says three trips a week will be made to Baltimore and that the company has plenty of capital to make it a successful competitor of the M. D. & V. R. R. Co.

BOB-TAIL TICKET IN QUEEN ANNE'S

The Republicans of Queen Anne's have put up a bob-tail ticket. A prominent Queen Anne's Republican says that the State Central Committee of that county is composed of three postmasters and one Pennsylvania railroad official and that the rank and file of the party are getting tired of Federal dictation. The following ticket was nominated:

House of Delegates—Jonathan Chance, Sudlersville; W. B. Sparks, Queen Anne, and Bruce C. Sparks, of Crumpton.

County Commissioner—David Wallace, First district; J. Thomas Smith, Second district; P. H. Thompson, Third district; J. Harry Tolson, Fourth district.

The following were made a local committee of one from each district to act in conjunction with the State Central Committee in naming the unfilled positions on the ticket:

First district, G. N. Stevens; Second, H. M. Hyson; Third, Wm. E. Thompson; Fourth, Geo. A. Barton; Fifth, E. S. Thompson; Sixth, W. B. Sparks; Seventh, Bruce C. Sparks.

GOV. CROTHERS A BUSY MAN.

Governor Crothers certainly is right on deck when it comes to running his office in a practical way. In the street parlance he is "on the job" all the time. He has just gotten through an inspection of the new State roads on the Eastern Shore and finds them all getting in fine shape.

And now the Governor is to make a tour of inspection this week of the work done this summer and under survey now by the Shell Fish Commission. This announcement was made at the office of the Commission in Annapolis Wednesday.

The Governor will be met at Perryville by the State Steamer McLane and will be carried aboard her to the mouth of the Chester river, where the Commission houseboat, the Oyster, is now stationed.

He will be the guest of President Mitchell and the other members of the Commission aboard the boat.

POLITICS IN KENT CHURCHES.

We do not think that the churches of Kent should be used for political purposes. Temperance sermons we heartily agree with, but no candidate of any party should be allowed to have his candidacy for any office urged from the pulpit of a christian church. If a candidate of the Republican party is allowed to have his candidacy urged from the pulpit why not give the same privilege to everyone. Keep the churches out of politics.

MORE STATE ROADS.

On Wednesday the State Roads Commission awarded a contract for building 3.20 miles of stone road from Chestertown to Church Hill to F. M. Latham, for $26,252.10. The new road will begin right at the foot of Chester river bridge, at Chestertown, and run toward Church Hill. The stone and other material will likely be landed on the shore of Mr. H. P. Skipper, who has been, with Messrs. Irving Walker and Albert Story, particularly instrumental in getting the State Roads Commission to begin on this road.

The contract was also awarded to the McCormick Co. for $31,586.06 to build 3.16 miles of road from Centreville to Church Hill.
