The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, causing catarrh of the bladder, brick-dust or sediment in the urine, head ache, back ache, lame back, dizziness, sleeplessness, nervousness, or the kidneys themselves break down and waste away cell by cell.

Bladder troubles almost always result from a derangement of the kidneys and better health in that organ is obtained quickest by a proper treatment of the kidneys. **Swamp-Root** corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and immediate effect of Swamp-Root, the great kidney remedy is soon realized. It stands the highest because of its remarkable health restoring properties. A trial will convince anyone.

Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, and don't let a dealer sell you something in place of Swamp-Root—if you do you will be disappointed.

THE NEW TROLLEY ROAD.

Judge Pearce Signs The Papers And Kent Commissioners Encourage It.

The incorporators of the new railway company are William H. Fehsenfeld, president of the Travelers and Merchants' Association, and also president of the Red "C" Oil Manufacturing Co.; Charles H. Knapp, of the law firm of Harman, Knapp, Ulman and Tucker; E. Asbury Davis of F. A. Davis & Sons; David M. Fulton of Carlin & Fulton; Ezekiel T. Jones of E. T. Jones & Co., Arlie F. Saunders, with The R. M. Sutton Co.; George P. Neilson, Vice-President of The Travelers and Merchants' Association, and Superintendent of the Baltimore Bargain House; Roberdeau A. McCormick, vice-president of McCormick & Co.; Alexander H. McDannald, secretary of The Travelers and Merchants Association, and ex-State Senator Clarence W. Perkins, of the law firm of Coady & Perkins. All are Baltimoreans.

The object of the new company, as set forth in the certificate of incorporation, is to promote the building of a fast trolley system from a point on the Kent county shore, opposite Bay Shore Park to Chestertown, thence on through Centreville and Easton to Cambridge Ferry to be used in connection with a fast ferry steamer, operating between the Kent county terminus and Bay Shore, where it is proposed to connect with the existing line of the United Railways and Electric Company for Baltimore

According to the plans of new Company as made public, it proposes to convey passengers to and from Bay Shore over the lines of the United Railways Company which now run direct to that point, a distance of 16 miles, in about one hour. From Bay Shore a fast steamer will cross the Chesapeake Bay to a point nearly opposite in about 45 minutes, the distance being only about 10 miles. From the Kent county shore to Chestertown the distance is 10 miles, from Chestertown to Centreville is 11 miles, from Centreville to Easton is 21 miles and from Easton to Cambridge Ferry is 14 miles. This makes the total distance from Baltimore to Cambridge Ferry about 82 miles and by a first-class trolley system the run should easily be made in three and a half hours.

It is also proposed to maintain a fast steamer service between Rock Hall and Bay Shore

Connections will also be made with the Maryland, Delaware and Virginia line at Centreville and the Baltimore, Chesapeake & Atlantic line at Easton.

To carry out the plans of the Baltimore and Eastern Railway Company it is estimated that not more than two and one half or three millions dollars will be required.

As the opening up of a channel between Bay shore and the Kent County Shore will be an important item in the construction of the road, preliminary steps have already been taken to secure a survey of channel. This work, will, of course, have to be done by the United States Government under the direction of the Board of Engineers for Rivers and Harbors, and for the purpose of further perfecting its arrangements The Travelers and Merchants' Association will send a delegation to Washington on Monday, August 23rd, to appear before the Board above mentioned and present its petition for a survey.

The Travelers and Merchants' Association extends to such citizens of Kent, Queen Anne's and Talbot counties as may feel an interest in the project, the following invitation to accompany its committee when it goes to Washington:

TO THE CITIZENS OF KENT, QUEEN ANNE AND TALBOT COUNTIES:

The Travelers and Merchants' Association of Baltimore, having undertaken to further the building of a fast transportation system between this city and the Eastern Shore of Maryland, and finding it necessary, in order to carry out its plans, to secure a survey of a proposed channel from Bay Shore in Baltimore county to a point opposite on the Kent county shore, hereby extend to all citizens of the above named counties who are interested in the material development and general welfare of said counties a most cordial invitation to join a committee from said Association at Camden station in the city of Baltimore at 10 o'clock on the morning of Monday, August 23rd, and proceed with it to Washington where application will be made to the Board of Engineers for Rivers and Harbors of the United States for a survey in accordance with the plans set forth in the articles of incorporation of the Baltimore and Eastern Railway Company.

THE TRAVELERS AND MERCHANTS' ASSO,
BY A. H. MCDANNALD, SEC'Y.

The Kent County Commissioners on Tuesday passed the following resolutions:

WHEREAS, through the efforts of The Travelers and Merchants' Association of Baltimore, acting in conjunction with some of the leading and most progressive citizens of that city, most substantial preliminary steps appear to have been taken to bring about the construction of a rapid electric railway system between this county and Baltimore city, and

WHEREAS, the citizens of our county hail with delight the announcement of the project of the aforesaid Association, and desire to express their sincere interest in the enterprise, now therefore be it

Resolved, That the Board of County Commissioners of Kent county, desiring to lend the said enterprise whatever assistance that may be in its power in order to assure the carrying out of the Travelers and Merchants' Association's project, calls upon the citizens of this county to do all in their power to promote and encourage the futherance of this object.

SASSAFRAS ITEMS.

Mr. Anthony Johnson and son, Bradford Johnson, are sojourning at Atlantic City for the past fortnight.

Mr. Louis Dreka and family have been entertaining the wife of Rev. Mr. Harris (nee Miss Myrtle Templen) of the Wilmington Conference.
