FRED. G. USILTON. WM. B. USILTON, JR.

WM. B. USILTON'S SONS.

PUBLISHERS AND EDITORS.

SATURDAY, JULY 8, 1911.

GOV. CROTHERS will make a speech near Chestertown at the Kent and Queen Anne's Grange meeting August 11.

IT was a safe and sane Fourth in Kent. Not a single accident nor arrest reported. Don't you think the world is growing better?

IT is said that the reason Mr. Hanna, of the Republican Committee, insisted on Tuesday, August 29, was because the liquor men demanded it. They stated that Saturday was their best day and if the primaries were held on that day they would be compelled by law to close. General Vandiver, looking after the convenience of the country people, desired Saturday, but the liquor men won!

THE COMPARISON.

Under the old road system the roads cost from **$30,000** to **$40,000**.	During first yea under the new road law the roads cost **$16,000**!
Tax rate $1.85 in 1910.	Tax Rate $1.22 in 1911. Will be less in 1912.

Mr. Tax-Payer are you interested in having *this system continued and your taxes decreased*. This is one of the planks of the platform on which the Organization asks support.

THE tax-payer can readily see by comparison of the two levy lists or statements published for the last two weeks in the NEWS that the reason for the great reduction in the county tax-rate is in the saving on the roads. This is about the only item where there is a reduction. Last year under the old system of road working by direction of the county commissioners the bills amounted to about **$35,000**. Under the new law the bills foot up less than **$16,000**. Is there a tax-payer who wants a change? Don't be fooled by persons who want to get in control of these roads for selfish ends. They know it is a good thing and advocated it. The law is all right and the longer it is tried the more pleased will the tax-payer and traveling public become. *Don't knock but help.*

PLEADING FOR SENATOR!

It has been evident for some time that the Barroll faction has been losing ground so that now they have turned all their energies toward saving the Senatorship, at least.

Mr. Barroll, the head, body and legs of the Antis, is on the road beseeching voters to help his Senatorial candidate along. He returns each day sick at heart and discouraged at conditions. He asked one man to vote for his candidate and when this man refused, tried his stock argument, viz., do you want this road law to continue.

"Yes, I do," replied the man, it has saved us thousands of dollars and the roads are as good, if not better, than for many years." This was enough for one day and Mr. Barroll drove straight home and ordered the Great Discoverer to get to work on something else.

HEAT KILLS OVER 500

The loss of more than 500 lives is to be credited to the great heat wave of July 1 to 5. The torrid period will be memorable in weather annals for its wide extent, its long duration, its record-breaking temperatures in many places and the long list of fatalities which it has caused.

The hundreds of news dispatches which cities from the North Atlantic seaboard west to the Plains States have exchanged during the last four days account, according to a careful review, for the deaths of 431 persons from the heat and 80 from drowning—a total of 511.

It is as serious a showing as is remembered for many years, if not a record.

It appears that thousands have been seriously overcome by the heat in the great cities, the mercury ranging from 98° to 110°.

THE Anti-Saloon League of Maryland has received subscriptions in sufficient amount to complete the special campaign fund of $10,000, and thereby secures $5000 offered by five friends of the cause.

The money will be used for advertising and the circulation of literature by mail. Part of it will be spent before the primaries to arouse the people to insist upon the nomination of local option candidates by both parties. The rest of it will be spent in helping elect temperance candidates against those controlled by the liquor interests.

The League has not and will not enter into any deal or allegiance with any political party, but deals solely with individual candidates. Even in the unlikely event that some party should put the local option question into its platform the League will not support any candidate of such party who has not made a satisfactory personal declaration, and where candidates of both parties are equally satisfactory the League will remain neutral.

IN another column will be found the announcement of A. K. Robins & Co., canning machinery and supplies. They have moved from 724 and 726 E. Pratt street to 116 Market place where they have plenty of space to show their big stock.

PRIMARY AUGUST 29

Mr. John B. Hanna, chairman of the Republican State Central Committee, and General Murray Vandiver, chairman of the Democratic State Central Committee, walked into the Hotel Rennert shortly after 1 o'clock Wednesday afternoon, shook hands and asked each other simultaneously, if the weather was hot enough. Then they got down to the business which called them together.

"What date do you favor for the primaries?" asked Mr. Hanna.

"I am of the same opinion still," said General Vandiver. "I stand for Saturday, August 26. What date do you want, John?"

"I am of the same opinion still," replied Mr. Hanna. "I am tied to Tuesday, August 29. Who ever heard of an election on any other date than Tuesday?"

"All right, John. For once you can have your way. I surrender. Tuesday, August 29, is the date."

Thus ended the conference and the two rival chairmen separated.

All nominations, both for State and local offices, will be made in this primary by both parties and the same legal safeguards which are thrown around general elections will govern their conduct.

It will be the first time in the history of the State that direct nominations have been made for Governor, Attorney-General and Comptroller. The primary will be conducted under the Lee law, which was passed by the last Legislature. It was the third time that the two chairmen had conferred on the date. At the other times they differed, but when they met at the Hotel Rennert both readily agreed to accept August 29.

Now that the date is fixed it is thought that the political pot will shortly begin to boil. For the last several months the politicians have urged their friends not to begin any serious work until the primary was fixed and the candidates have hesitated beginning their campaigns until they ascertained exactly how long they would have to present their claims to the voters.

TRUTH BROUGHT TO LIGHT.

In the NEWS last year a few weeks after the rate of $1.85 was struck the claim was made that its purpose was to shoulder *unnecessary* burden on the taxpayers that year and that the rate this year would be very much less. Here are the words:

"WITH THIS RATE OF $1.85 FOR 1910, IN 1911 THE RATE WOULD FALL TO AT LEAST $1.20 AND IN 1912 TO $1, UNTIL SOON THE COUNTY WOULD BE ON A CASH BASIS!"

The rate declared Tuesday is $1.22, just 2 cents more than the NEWS figured, "Truth crushed to earth will rise again," and, as promised in the NEWS some months ago, the secret of the big tax of 1910 is now brought to light.

IF POLITICS IS A DIRTY POOL, WHO IS RESPONSIBLE?

Baltimore Evening News.

In the language of a distinguished statesman from Missouri and Vice-Presidential candidate: "Politics has become a filthy pool, in which the good and the brave shrink to be immersed." —Former Deputy State's Attorney O'Dunne.

How comes it that politics is a filthy pool? Who is responsible? Why is it that good citizens shrink from entering the political lists? Mr. O'Dunne's reading of history teaches him, we are sure, that the asperities of a campaigns have steadily mounted to a higher and cleaner plane, with more argument and less abuse, One needs but to read the newspapers of a few decades ago to appreciate the fact that the campaign of today is a milk-and-water affair compared with the conduct of those even of the comparatively recent past, when passion went to far greater lengths and custom permitted a license which now would be frowned upon.

The real trouble is that for many years we turned over our political affairs to those who made a business of politics. We permitted spoilsmen to graft themselves upon political organizations until, instead of being servants they became masters. The "cohesive power of public plunder" held them together until they became all powerful. Good men in office found their hands tied. Who wants office at the price of surrender to a boss?

The charters of our cities are being changed to concentrate responsibility and place it where public opinion can see it and where, when it is dodged or abused, no boss and no party can shield from accountability those charged with it. Out of this situation is arising real and enlightened leadership. In State affairs men like Hughes of New York and Wilson of New Jersey and Harmon of Ohio are coming to the front, and their appearance is hailed with a sincerity that proves the public knows the kind of men who are worthy to be followed. In municipalities there was never more occasion for encouragement. The same story is told everywhere. As the machine politician has been driven back good men have come forward and good government has been made possible. The improvement in the conduct of municipal affairs has gone hand in hand with independence in voting and with the curtailing of the power of the boss. This is a truth that no student of municipal affairs doubts. The people recognize the fact almost instinctively. The idea that newspapers can bring about a tidal wave of resentment against boss dictation or can creare a deep-seated fear of boss domination where no such danger exists is pure fiction. The weapon of publicity is powerful because, properly used, it lets the voter know what is being done.

A PLAIN STATEMENT

MESSRS. EDITORS OF THE KENT NEWS:

Gentlemen:—I herewith submit to you the following statement as per books of the County Commissioners from the following dates for comparison and contradiction of the statement published by the Barroll organ. In their utter inability to answer the letter published in the NEWS they published a statement that was not correct, as I think the public will without doubt accept the following as true, which is as follows:

C. L. Dodd, amount of salary drawn from June 9th, 1908, to December, 1909, ($25 less than statement made).		$1325 00
Amount paid the week after new board organized (employed for this work).		$17 73
Levy of 1908	$65 00	
September 29, janitor of commissioners office	10 00	
Total		$75 00
December 1, 1908, Jury List	$15 00	
Janitor of commissioners office	10 00	
Total		$25 00
November 30, 1909, Jury List	$15 00	
Janitor	25 00	
Total		$40 90
Expenses to Baltimore on business of board		$6 75
June 29, 1909, janitor of room	$25 00	
September 14, Levy	75 00	
Stationary	90 19	
Stamped env's and frht bill	1 15	
Total		$116 34
Amount paid assistant clerk (18 mos) from Sept 8 to Nov 30, 1909		$177 09
Total		$1782 91

STATEMENT OF MR. HICKS' ACCOUNT; THE PRESENT CLERK AND ASSISTANT.

Salary from Dec. 1909, to June 1911—part by certificate as follows:	
January 4, $75; interest $1.50	$79 50
February 1, $75; interest $4.12	79 12
Salary by orders	1200 00
Total amount of salary	$1358 62
Janitor to room	53 31
Total	$1411 93
May 31, 1910, to C. W. Kibler	$77 63
June 6 do do	77 58
August 9, 1910, do do	81 25
Total paid Mr. Kibler	$236 41
Amount paid Black & Hunter (left out by Mr. Hicks)	$379 09
Total amount	$2027 43
Total amount paid clerk and assistant by the present board	$2027 43
Total amount paid former clerk, C. L. Dodd, and assistant	$1782 91
Amount in excess paid for present clerk and others	$244 52

A vast difference as you will see. They stated the sum drawn in excess by Dodd and others was $142.08 more than expenses of present official or cost of 18 months for office work. In their statement of my account they showed I had drawn $40 for drawing the list of tax payers for the jury as required by the Court, which was not correct. I was paid for the two lists $30 and $10 for janitor of room making a total of $40.

The law requires the Clerk to furnish the Clerk of Court a new list each year, and provides that he shall be paid $15 for each list. His statement that the Court never requested a list is because I had delivered the list in 1909 before leaving the office, but the purpose of this statement that the Court had not requested it was made simply to have the public believe something else. The inference is plain to any intelligent reader. Also statement *reading* "Clerk to present board making out Levy left blank should have been filled out with these figures and name paid Black and Hunter $379.09." But perhaps it was just an oversight, for you know it is very easy to make a slight slip or miss and the small amount of $379.09 does not amount to much especially to the Barroll organ. Some times the club you want to use uses you, but Messrs. Editors why need we expect to escape misrepresentation from the Barroll organ when Pulpit and Judiciary's or Courts statements are warped and twisted and correspondence not published, there is little hope for the ordinary mortal to receive justice at their hands.

CHAS. L. DODD.

THE LOW TAX RATE.

Every tax-payer will rejoice at the reduction of 63 cents in the county tax rate as noted in another column. The reason for this reduction is because of the high rate of last year and because of the economy as practised by the working of the new road law.

THE NEWS of last year, the week after the tax rate of $1.85 was struck said: "*A large tax rate was declared this year in order to relieve next year of an expense* and thereby enable the Barroll faction *to lower the tax rate* and take to themselves great credit."

The great force and truth of that prediction has come true.

Honesty and square dealing is the best policy, not only in business but in politics, and the faction or party that tries to build itself up on any other foundation will crumble and fall!

THE FOLLY OF GETTING WORKED UP.

About every so often a bill is turned loose in Congress, in Senate or House, some tariff to raise or some tariff reduce or some budding reformer to douse; and then we stand up on our hind legs and let out a yell like a fan at a game and we swear and we hoot and we shout and we sweat—but the country goes on just the same.

Did you ever recall it has always been so since George Washington sat in the chair? That half of the people see nothing but woe in the bills that our statesmen prepare, while another contingent that equally vast is clapping its hands in acclaim? Then the bill is defeated or bill it is passed—but the country goes on just the same.

You remember the bill that the Democrats had that the Whigs knew would ruin the land? How half of the people were thoroughly mad while the other half thought it was grand? Let's see, that was back in the year '53, and all of the folks were aflame. You remember the measure? Well, neither do we—for the country went on just the same.

Now it isn't the bills that the orators spring, down there in our national halls; it isn't reforms that the orators sing and shout to the capitol walls that make us or break us—that isn't the prize we seek in the national game; the Congress adjourns or the orator dies—but the country goes on just the same.

What's the use of us getting excited like that when their climax the orators reach, when they shout insurrection, or proudly stand pat in a star-spangled-bannery speech? That this bill or that will bring sorrow or woe the orators loudly may claim, but Congresses come and Congresses go—but the country goes on just the same.

Let us plow up the field, let us put in the wheat, let us start up the engine a spell; let us hang out our signboard well over the street and be ready to buy and to sell. Let us cut out the yaw, let us cut out the yelp, let us cut out the pessimist game; let us get down to business—that's all that will help the country go on just the same.

YOU can be justly proud of a Waltham Watch. For here and abroad the Waltham is recognized as the highest type of a time-piece. The

Waltham WATCH

is the preferred time-piece on all the great Railroad systems. It is the official watch of several governments. It has won highest honors in every international exposition and every gold medal offered in America since 1876.

We are headquarters for Waltham Watches in this locality. We carry Walthams in all grades at a wide price range—each grade the best possible value at our price. We can put the Waltham movement you choose in any case you desire—plain or fancy, solid or gold filled.
