Women's Secrets

There is one man in the United States who has perhaps heard more women's secrets than any other man or woman in the country. These secrets are not secrets of guilt or shame, but the secrets of suffering, and they have been confided to Dr. R. V. Pierce in the hope and expectation of advice and help. That few of these women have been disappointed in their expectations is proved by the fact that ninety-eight per cent. of all women treated by Dr. Pierce have been absolutely and altogether cured. Such a record would be remarkable if the cases treated were numbered by hundreds only. But when that record applies to the treatment of more than half-a-million women, in a practice of over 40 years, it is phenomenal, and entitles Dr. Pierce to the gratitude accorded him by women, as the first of specialists in the treatment of women's diseases.

Every sick woman may consult Dr. Pierce by letter, absolutely without charge. All replies are mailed, sealed in perfectly plain envelopes, without any printing or advertising whatever, upon them. Write without fear as without fee, to World's Dispensary Medical Association, Dr. R. V. Pierce, Prest., Buffalo, N. Y.

PURSE NET FISHERMEN BUSY

Many Lawbreakers Reported Active In The Susquehanna.

Port Deposit, Md., July 18.—Since Monday of last week there has been continuous fishing north of Poole's Island by purse net operators. On Monday five boats were engaged in the unlawful work and throughout the week they worked without interference.

The fish that got by them were met at the mouth of the Susquehanna river by submerged nets reaching from shore to shore, save for a break for the boat channel. Scattered over the Susquehanna flats were also numbers of nets, which for all practical purposes were hauling seines. At this, the spawning season for rock, when the fish are trying to get up into the Susquehanna rapids to lay their eggs, the destruction of the female is looked upon as little short of a calamity and if some measures are not promptly adopted to prevent this destruction fishermen believe that fishing on this river will shortly be ended.

One boat reported took 800 pounds of rock at a haul about the middle of last week on the Susquehanna flats.

THE NICHOLSON STATION ROAD.

Barclay, Md., July 15, 1911.
THE EDITORS OF KENT NEWS,
Chestertown, Md.:

Gentlemen:—I noticed in the papers that people in and around Worton and Nicholson Station have been trying to get the Pennsylvania railroad company to rebuild their tracks from Worton Station to Nicholson Station about three miles long and re-establish the old freight business but I see that the Public Service Commissioners oppose the idea. I have noticed in the early part of the year that the citizens of the lower districts Rock Hall and Fairlee, petitioned the Pennsylvania railroad to build from Worton via Nicholson, Fairlee to Rock Hall a railroad and use the old railroad bed graded years ago. I take great interest in these matters pertaining to railroads all over the State of Maryland, so I will make a suggestion for your newspaper to publish for the benefit of the Rock Hall, Fairlee, Chestertown and all Kent county people that is for the railroad extension which would benefit all Kent county and Baltimore city. First, if the people have been ignored of your county by the Pennsylvania railroad in this extension, I would suggest that they have Attorney-General Strauss look into the old charters the old Kent county railroad or the old Baltimore & Delaware Bay railroad Companies and see if the old charter calls for terminus at either Rock Hall or Tolchester Beach or the old Herring mill pond at the beach. As there were several right-of-ways granted and graded and partly built either from Cuestertown or Worton years ago. In 1860 the Maryland Legislature passed an act of $1,000,000 for railroad building known as State Aid. Of this amount $110,000 went to the Kent County Railroad Company, also I think your county subscribed and voted a large amount of County Commissions bonds for same and private subscription to same and this was all done for to have a railroad from Massey to Rock Hall or the Herring Pond at Tolchester. The citizens should look into this matter and see if they can't get the Governor and Attorney General behind them as the Railroad Company has had the use of this State Aid county subscription and the road has not been completed as intended. The people of the lower districts are entitled to this extension under these conditions. Also by this extension to Rock Hall or Tolchester it would give a very short route to Baltimore city via steamer 35 or 40 miles from Chestertown, very much shorter than via Townsend, Porter and Newark Del. This route, about 170 miles, Kent county and Baltimore City should join hands and fight this matter at once. If they cannot do anything at present they should bring it up before the Maryland Legislature this winter of 1912 and have an act passed for this extension or to complete the railroad as intended when chartered. Wishing you success, I will close my letter.

Respectfully,
WM. B. WILSON.

Base Ball.—Chestertown's summer team, composed solely of local talent, easily defeated the Crumpton All-Stars, last Saturday by the score of 16 to 4. "Pete" Beaumont was on the mound for the locals and pitched effective ball throughout the game. He also starred at the bat getting four hits out of five trips to the plate. Gale starred for Crumpton, getting two homers and a single out of five time up. Batteries—Chestertown, Beaumont and Robinson; Crumpton, T. Biddle and Gale.

R. Groome Parks, Esq., manager of the Chestertown baseball team, has arranged a game for Saturday, July 22nd, with the strong Galena team, on Ford's field at 3.30 p. m. Galena has a strong team this season having defeated Sudlersville, wqich team defeated both the Centreville "hired" team and the Millington "Champs." The local boys are playing fast ball and with proper support. Chestertown will be well represented on the diamond.

Grangers Picnic.—At a meeting of the executive committee of Governor Crothers' Farm Commission, held in Baltimore last Friday, the invitation was accepted from the management of the picnic by the Grangers of both Queen Anne's and Kent counties, to be held August 9th, in Klinefelter's woods, just over the bridge from Chestertown in Queen Annes. This will be the first formal meeting of the Commission for the season 1911, and besides the governor and his commission, representation of the commercial bodies of Baltimore city will make the trip by special boat. Grangers are making extensive preparations for this out-door gathering, evidenced by the gathering together of enormous supplies of edibles for the entertaining of the guests.

Fire Destroys Thresher.—Fire caused by a pulley on the threshing rig of Mr. Zell Boyce getting overheated while threshing the wheat crop of Mr. Samuel Roe, on his farm near Centreville Thursday afternoon, totally destroyed the thresher, two ricks of straw from 1,000 bushels of wheat and 15 bushels of the grain. Mr. Boyce had a few days before attached a new feeder to the thresher at a cost of $175. His loss is estimated at $600.
