Despair and Despondency

No one but a woman can tell the story of the suffering, the despair, and the despondency endured by women who carry a daily burden of ill-health and pain because of disorders and derangements of the delicate and important organs that are distinctly feminine. The tortures so bravely endured completely upset the nerves if long continued.

Dr. Pierce's Favorite Prescription is a positive cure for weakness and disease of the feminine organism.

IT MAKES WEAK WOMEN STRONG, SICK WOMEN WELL.

It allays inflammation, heals ulceration and soothes pain. It tones and builds up the nerves. It fits for wifehood and motherhood. Honest medicine dealers sell it, and have nothing to urge upon you as "just as good." ASK YOUR NEIGHBORS. They probably know of some of its many cures.

If you want a book that tells all about woman's diseases, and how to cure them at home, send 21 one-cent stamps to Dr. Pierce to pay cost of mailing *only*, and he will send you a *free* copy of his great thousand-page illustrated Common Sense Medical Adviser—revised, up-to date edition, in paper covers. In handsome cloth-binding, 31 stamps. Address Dr. R. V. Pierce, Buffalo, N. Y.

FORTUNE IN DELAWARE APPLES

C. H. Bancroft and Son Harvesting a $20,000 Crop From Their Orchard

A $20,000 fortune from fruit harvest is the story now going the rounds of Kent county concerning E. H. and Frank C. Bancroft, father and son, and proprietors of the Evergreen farms between Camden and Dover. The report comes from reliable fruit agents that the Bancrofts will realize $20,000 from a remarkable yield of apples, peaches and pears. The Bancroft apple orchards, tilled, sprayed and pruned, were recently visited by apple experts from the north who pronounced the home orchard one of the finest apple orchards in the world. It is known that the Messrs. Bancroft got great prices for their early apples and had many of them, and that they also have raised, harvested and delivered a crop of fancy peaches. The yield of pears has only begun and the railroad shipments thus far indicate a great pear year in Delaware.

GREAT GROWTH OF THE GRANGE

"Sho" Had One Grange In 1908.

The growth of the grange movement in Maryland during the past three years has been one of the astonishing developments of the new era of enterprise on the peninsula.

Three years ago only one grange existed on the Eastern Shore of Maryland—at Rising Sun, Cecil county, and with just enough members to hold its charter.

Professor H. J. Patterson of College Park was chosen master of the Maryland State Grange and he began assisting the National Master, N. J. Bachelder, in constructive work on the Eastern Shore and elsewhere. Marion Dawson, a well-known Delawarean residing in this county, was sent out as organizer. Kent county was first organized and today is one of the finest grange counties in the United States.

Subsequently, Queen Anne's Somerset Wicomico, Cecil, Dorchester counties have each been thoroughly organized with a pomona also set up in each.

Caroline, Worcester and Talbot counties are partly organized by the grange and will be improved during the Fall.

In Delaware, there have been sixteen granges organized under Worthy Master S. H. Messick and the summer work, about to close has been the greatest organization work ever carried on in Delaware in hot weather. September 7, New Castle county had a big meeting honored by the presence of Governor Bachelder, the National master of the grange.

Somerset and Worcester counties held a field day together and heard addresses by the National Lecturer, State Master Patterson and other grange speakers. Dorchester held a field day at East New Market with the same speakers.

Governor Austin Crothers was attracted to the big field day held by Queen Anne and Kent counties on the Chester River, and the National speakers also addressed them. In Cecil, the pomona grange and the Farmers' Commission met together at Woodlawn camp ground. Many summer meetings have been held in Delaware.

ADVENTIST CAMP.

A very unique camp meeting and conference will convene on Thursday, September 14tth, in Johnson's Park, just in back of the state capitol building in Dover, Del, to continue for ten days until the 24th of September. This will be the twelfth annual session of the Chesapeake Conference of Seventh Day Adventists, a body of Sabbath keeping Christians of which there are about six hundred and fifty in the two states of Maryland and Delaware of which the Chesapeake Conference is composed.

Although these people are few in number, yet they are making themselves felt in the world for good. The one thing that distinguishes them from other Christians is that they believe in the observation of the seventh day Sabbath, or Saturday, beginning their observance of the day at sunset Friday night and continuing until sunset on Saturday night. They also believe that Jesus Christ will return to the earth in this generation, and are of the firm conviction that they have been called of God to bear to the world the message of his return. Their observance of the Sabbath and their belief in the return of Christ gives them their name, Seventh Day Adventists.

Although Seventh Day Adventists have had an organized existence for only a little over sixty years, their five churches being organized in 1845, yet their work has grown in spite of great obstacles until there is scarcely a country, either civilized or savage, where their workers are not found.

There will be three sermons every day during the camp, at 11 a. m., 3.30 and 7.45 p. m. The rising bell will sound every morning at 5.30. There will be a devotional service at 6 a. m. Breakfast will be served at 7. The morning will be taken up each day with meetings for colportoure and children, the conference business sessions at 9.30 and the sermon at 11. Dinner will be served in the big dining tent at 1 p. m. The afternoon will be occupied with the sermon at 3.00, children's young people and parent's meetings from 4 to 5. p. m. Lunch at 6 p. m. Sermon on some prominent gospel topic at 7.45. The retiring bell will ring every night at 8.30, and perfect silence is expected at 10.

A grand temperance rally is announced for Sunday, Sept. 17. This will be at 3 o'clock in the afternoon. Prominent speakers will deliver addresses upon the different phases of the temperance cause. Some of the subjects to be discussed in the evening meetings are The Home of the Saved, The Millennium, The Divinity and Priesthood of Christ, Spiritualism, Did Christ Abolish the Ten Commandments, The Sabbath, The Test of the Ages, Who Changed the Sabbath; Court Week in Heaven and The Message of God for this Generation.

THE Just Government League of Maryland has established headquarters at Denton, Md., for the furtherance of equal suffrage on the Eastern Shore. Mrs. Nannie Melvin, a native of Caroline county, has removed from Baltimore to Denton to take charge of the new "Votes for Women" offices, and will visit all of the counties on this side of the bay finding and making sentiment for the cause. Mrs. Melvin was in Chestertown last May, and again with Dr. Donald R. Hooker, Miss Louise Frazee and Miss Mary Melvin on an automobile speaking tour in July. There is reported a strong suffrage sentiment in Millington, this county, and also in Massey.

Woman's Danger Periods Made Safe

By Lydia E. Pinkham's Vegetable Compound

The Change of Life is the most critical period of a woman's existence, and neglect of health at this time invites disease.

Women everywhere should remember that there is no other remedy known to medicine that will so successfully carry women through this trying period as Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs. Here is proof:

Natick, Mass.,—"I cannot express what I went through during the Change of Life before I tried Lydia E. Pinkham's Vegetable Compound. I was in such a nervous condition I could not keep still. My limbs were cold. I had creepy sensations and could not sleep nights. I was finally told by two physicians that I had a tumor.

"I read one day of the wonderful cures made by Lydia E. Pinkham's Vegetable Compound and decided to try it, and it has made me a well woman. My neighbors and friends declare it has worked a miracle for me. Lydia E. Pinkham's Vegetable Compound is worth its weight in gold for women during this period of life. If it will help others you may publish this letter."—Mrs. Nathan B. Greaton, 51 No. Main St., Natick, Mass.

ANOTHER SIMILAR CASE.

Cornwallville, N. Y.—"I have been taking Lydia E. Pinkham's Vegetable Compound for some time for Change of Life, nervousness, and a fibroid growth.

"Two doctors advised me to go to the hospital, but one day while I was away visiting, I met a woman who told me to take Lydia E. Pinkham's Vegetable Compound. I did so and I know it helped me wonderfully. I am very thankful that I was told to try Lydia E. Pinkham's Vegetable Compound."—Mrs. Wm. Boughton, Cornwallville, N. Y., Greene Co.

The makers of Lydia E. Pinkham's Vegetable Compound have thousands of such letters as those above—they tell the truth, else they could not have been obtained for love or money. This medicine is no stranger—it has stood the test for years.

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No sick woman does justice to herself who will not try this famous medicine. Made exclusively from roots and herbs, and has thousands of cures to its credit.

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health free of charge. Address Mrs. Pinkham, Lynn, Mass.
