SHE GOT WHAT SHE WANTED

His Woman Had to Insist Strongly, but it Paid

Chicago, Ill.—"I suffered from a female weakness and stomach trouble, and I went to the store to get a bottle of Lydia E. Pinkham's Vegetable Compound, but the clerk did not want to let me have it—he said it was no good and wanted me to try something else, but knowing all about it I insisted and finally got it, and I am so glad I did, for it has cured me.

"I know of so many cases where women have been cured by Lydia E. Pinkham's Vegetable Compound that I can say to every suffering woman if that medicine does not help her, there is nothing that will."—Mrs. JANETZKI, 963 Arch St., Chicago, Ill.

This is the age of substitution, and women who want a cure should insist upon Lydia E. Pinkham's Vegetable Compound just as this woman did, and not accept something else on which the druggist can make a little more profit.

Women who are passing through this critical period or who are suffering from any of those distressing ills peculiar to their sex should not lose sight of the fact that for thirty years Lydia E. Pinkham's Vegetable Compound, which is made from roots and herbs, has been the standard remedy for female ills. In almost every community you will find women who have been restored to health by Lydia E. Pinkham's Vegetable Compound.

KENNEDYVILLE NOTES.

The Watch-Word of the Home Coming and Rally Services in the M. P. Church last Sunday was "Go Forward." A large number attended the Sunday School and church services. The following speakers, home talent were on the programme, and their five minute topics were as follows; "Which is of greater importance, and why, saving the boy or saving the man?" by Mrs. W. W. Clendaniel. "The need, and why, for a Forward movement in Sunday School interest and attendance," by Mr. John Medders. "The importance of a choir Rally and Forward movement," by Mr. Wm. T. Hague.

"A forward movement in finance for all church work, how and why?" by Mr. George Rasin. Mrs. Dr. Urie called the Cradle Roll, of nineteen members, two of which Miss Catherine Urie, and Master Norman Pennington were found to be entitled to promotion. Miss Catharine Urie, has issued invitations to the pastor and wife and others to attend a meeting of the Cradle Roll in the home of her parents on Tuesday afternoon.

In the Sunday morning service Miss Emma Shafer gave a most interesting and profitable report of the late Eastern Shore S. S. Convention which met in Easton. Mr. John Medders, Supt., rewarded all S. S. members present with a souvenir button and promised greater things for the future for regular attendance.

Mrs. F. H. Mullineaux was elected a delegate to the convention of Young People's Work to meet in Alnutt Memorial Church, Oct. 10 12, as a representative from the Sunday School; and Mrs. Dr. Urie, in the afternoon Junior Rally, was made a delegate to same convention, to represent the Juniors.

The ladies of the Aid Society are contemplating holding a supper the latter part of the present month in the interest of church work. Particulars later.

Quite a large number attended the Grange meeting on Monday night in Weer's Hall, at the close of which a debate took place on the subject—"Resolved that the sower is entitled to a greater reward than the reaper." Some of the contestants were absent, so that only two spoke to the resolution; viz, Mrs. Tilghman Shafer, on the affirmative, with a most splendid paper, doing herself great credit; and Mr. Wm. T. Hague on the negative, in an extempore plea, and he made a brave and telling stand. The judges were the following: Mr. Wallace, Mrs. F. H. Mullineaux and Mrs. Wm. T. Baxter. Each of the two contestants were highly applauded. After due and impartial consideration upon the part of the worthy judges, the decision was unanimously given, Mrs. Mullineaux, as foreman, in favor of the affirmative. Miss Mabel Hague and Miss Nellie Othoson favored the audience with a duet, and Messrs, Medders, Hague and Baxter, a quartette of three, two very interesting and enjoyable selections.

On the evening of the 16th there is to be, according to the statement of Worthy Lecturer Medders in the Grange, a pie contest, each lady member being requested to bring a pie, and judges will be appointed to name the most expert member in this cuisine department of domestic life.

A corn contest is to be on the programme for the evening of the 30th, when each farmer has the opportunity of exhibiting five years of the most perfect corn of his growing. The corn is to be sold to the highest bidder, and the result in price to be given to the one obtaining the premium.

HICKS FOR OCTOBER.

Perhaps weather Prophet Hicks had in his mind the Artic Circle when he predicted over a year ago that we would have snow northward somewhere between the 4th and 7th of October. From the heat of the past week or so this would indeed be a decided change in atmospheric conditions. Prophet Hicks is surely going some for a weather prognosticator in his summing up of events in the planetery and terrestrial world when he tells us what we may expect in the month of rosy-cheeked apples and dripping nectar from the cidar presses. Seer Hicks seems to have something on Uncle Sam's official weather man when he bases his calculations a year ahead; the latter never tells weather secrets so far in advance. Just at a time when summer days are warning and before the trees have taken on their glorious tints of autumn colors and carpeted the ground with a rustling cover of yellow, red and brown, this weather-wiseacre gives a shock to paterfamilias by warning him to get his coal bin filled early and have his fur coat and heavy wraps handy on the rack.

What Prophet Hicks says will be one of the most decided storm periods of the month will appear from the 4th to the 11th, and will be central on the 7th. This will also be a grave seismic period. Perhaps he is a little late in his prediction of the latter. From present indications it would seem that a great upheaval has come right at our own doors. The closing of the Venus period, which will extend from the 13th to the 15th, will bring with it fierce autumnal thunder storms, high gales over the lake regions, snow squalls and change to much colder. "Lest we forget," Seer Hicks continues right along with these dire forebodings. He says the autumnal and Mercury periods will extend from the 17th to the 22d, when storms, lightning and thunder and autumn rains will knock down what few chestnuts have been left in the burs from the thousand and one hunters who have thrashed every tree within a radius of 50 miles. We are to have some snow and sleet storms, too, which Rev. Mr. Hicks says will endanger wires and make telephone subscribers angry and operators sassy. After this long stress of foul weather, extending to the 24th, fair weather as a natural sequence, will follow. As the month goes out the weather will grow warmer, but snow in the western extremes may be expected.

TAILORED SUITS AT $15.00
NEW FALL MODELS ARE READY

The illustration shows one of many attractive styles. It has always been our fixed policy to produce $15.00 tailored suits that were far above the average, and this season we feel that we have succeeded in realizing our ideal. Materials are of higher quality, and the little details of fit and finish are more perfectly carried out, than in any other suits we have seen at the price.

The model sketched is of hard-twisted serge, in black or navy blue, and is severely plain-tailored—a model which is the very best test of workmanship.

Coat is in the new length, semi-fitted, and has mannish collar and rever, finished with white vest edging. Every seam in this coat is hand-turned, so that not a stitch can be seen. The lining is of guaranteed satin.

Skirt is gored, and while narrow in appearance, has inverted pleats at foot which give the wearer abundant room for comfortable walking.

Other new models in tailored suits at $18.75, $25.00 and on to $75.00. We will be pleased to send descriptions of any or all, on request . .
