The J. E. Baker Co. Now Offers For Sale

Victor Fine Ground Limestone

THE BEST WAY TO LIME: The United States Government and the Pennsylvania Agricultural Experimental Stations are now recommending Finely Ground Limestone as the best way of applying Lime to the soil. It does not destroy manure, there is no danger of burning your crops, it keeps for years, and can be applied at any time or season.

EASIEST AND CHEAPEST TO USE Comes packed in canvas or paper bags. Can be easily handled, and kept in storage indefinitely, without change or loss. No more laborious slacking, no more choking dust, nor scalding burns. Can be drilled into the soil, or sowed on the surface and harrowed in. Saves half the cost of the old way of applying Lime. Is cheaper and better.

GIVES MAXIMUM RESULTS It has been proved that very Finely Ground Limestone produces, as a fertilizer, the same results pound for pound as air-slaked Lime, or any other commercial fertilizer, and because VICTOR Fine Ground Limestone is the purest, most Finely Ground Limestone on the market, and because it destroys no manure or crop, it gives much better results than any other burned or hydrated Lime made.

FAIR PLAY—JEALOUSY.

The very hardest thing to inject into a Political Campaign is Fair Play, and the very hardest thing to get out of a political party is Jealousy.

The first, while not fatal, when not used, is productive of causing often the hardest feelings between men, voters, who while of different political views under ordinary circumstances would be friends and co-workers for the good of the body politic. The Baltimore papers at this time are playing the no fair play plan to the limit. In the primary election recently held there, in the mix-up of the count of votes. Time of present writing some seventy-two election officials have been presented by the Grand Jury for irregularities in counting ballots and of these more than half are Republicans. Yet because it is the Democratic side of the primary fight which is being investigated all the sins of commission and omission have been charged to the Democratic party, and this has continued unceasingly until the Sun of Sunday was forced to be fair enough to say: "In its investigations by the Jury so far but one Republican ballot box has been counted, that of the Eighth precinct of the Twenty-third ward. No other Republican box is to be counted until the Democratic count is complete, but there is reason to believe that in those wards where the Republicans had contests an equal amount of fraud will be discovered. It is believed that both parties are tarred with the same stick."

"There did not seem to be any system in the cheating. The judges apparently gave each candidate what they thought he ought to have without any reference to the actual vote cast for him. If they thought he was a good fellow they seemed to have 'sweetened' his vote for him; if they didn't, they took down a few of his votes."

The last sentence carries out the Democrats' persistent contention that there was no organized conspiracy to defraud. The differences being largely charged to ignorance or incompetency. We might add, "Oh what a difference there will be when the day light comes" to the contents of the Republican Primary Ballot Boxes. It is generally supposed that the representatives of G. O. P. will be in a position after they are examined to show the Democrats that they are but suckling babes in election fine art. A very strong point of intended honesty by the Democrats is that to a man they have decided that if there is the slightest taint of fraud connected with their candidates that they will throw up their nominations. At a meeting of these candidates a resolution was unanimously passed about as follows:

"Our Republican opponents, who are far more interested in securing Republican success at the polls than they are in punishing those accused one-half of whom belong to their own political party, are charging that the primary election was fraudulent to such an extent that many of those returned as nominated did not receive a majority of the legal votes at said primary and are not entitled to places on the Democratic ticket. While we feel that such a claim at this time is made for political purposes, with a view to prejudicing the votes against the Democratic nominees, we desire to state in the most emphatic way that we will not ticket the names of those who did receive nominations secured through fraud, and we each and all pledge ourselves that if a recount of the ballots demonstrates that anyone of us did not receive a majority of the legal votes cast in the Democratic primaries for the positions for which we were candidates respectively, we will tender our resignations to the State Central Committee and ask them to place upon the ticket the names of those who did receive a majority of said legal votes. As our only hope of securing this information seems to be through the count of the Grand Jury, we now join in a request to that body to act as speedily as possible, giving to the people of the state such facts as would tend to show them the true conditions of the vote at that election. We are deeply interested in the speedy settlement of this question.

"In view of all the conditions, we have a right to ask that the voting public shall suspend their decisions until all the facts can be laid before them."

It seems to us this is Fair Play personified not only to the voters, but to the candidates own manhood. Jealousy in one's own party is the death knell to success, this unworthy condition generally arises from the loss of nomination or the covetousness of another's success in political life, from either cause it does not lie fallow in the breast engendering it, but spreads like chaff by the wayside to create dissension or keep voters from the polls. This is no time for Jealousies or cabals in the Democratic Party. Those feeling aggrieved should take a reef in their sails and follow in the wake of that splendid Democrat and chivalrous gentleman, the Hon. Blair Lee. We do not say to the Victor belongs the spoils, but we do say emphatically that the candidates of a party are entitled to the whole and free will support of everyone in their party.

PROCLAMATION

Publication of Proposed Constitutional Amendments.

Whereas, At the January Session of the General Assembly of Maryland, held in the year of our Lord, Nineteen Hundred and Ten, three Acts were passed, one proposing an Amendement to Article 1 of the Constitution, by adding thereto a Section to be known as Section 8; one proposing an Amendment to Section 2 of Article 3 of said Constitution, and one proposing an Amendmen to Section 4 of Article 3 of said Constitution, said Acts being respectively Chapters 253, 803 and 818 of the Acts of the General Assembly of Maryland of 1910, and which are in the words following, to wit:

CHAPTER 253.

An Act to propose an Amendment to Article 1 of the Constitution of this State by adding thereto a new Section, to be known as Section 8, to follow Section 7 and to provide for the submission of said Amendment to the qualified voters of this State for adoption or rejection.

Section 1. Be it enacted by the General Assembly of Maryland (three-fifths of all members of each of the two houses concurring), that the following section be and the same is hereby proposed as an amendment to Article 1 of the Constitution of this State, which said section, if adopted by the qualified voters of this State, shall stand as an additional section to said Article 1, to be known as Section 8, to follow Section 7, of said Article.

Section 8. All State and municipal elections shall be conducted by the system commonly known as the Australian Ballot System, and it shall be the duty of the General Assembly to provide by law for a form of ballot, uniform throughout the State, for use at all State elections in this State, and provide that on said ballot after the name of each candidate thereon who may have been duly nominated as the candidate of any political party or organization, there shall be printed the legal name of said party or organization; equal representation of the minority party among the judges and clerks of election registers or other officers performing similar functions shall not be abolished by the General Assembly unless by a vote of four-fifths of all the members of each house.

The right to be registered as a qualified voter and the right to vote at any State or municipal election in this State shall be limited to the following persons:

First: Every male white citizen not disqualified by the Second or Third Sections of this Article, possessing the qualifications as to age and residence mentioned in Section 1 of this Article.

Second: Every other male citizen not disqualified by the Second or Third Sections of this Article possessing the qualifications as to age and residence mentioned in Section 1 of this Article, who at the time of his application for registration is the bona fide owner of real or personal property, or both, in an amount of not less than five hundred dollars, is assessed therefor on the tax books of the City of Baltimore or of one of the Counties of this State, has been such owner and so assessed for two years next preceding his application for registration, shall have paid and shall produce receipts for the taxes on said property for said two years, and shall at the time of his application make affidavit before the officers of registration that he is the bona fide owner of the property so assessed to him and that he has been such owner for two years next preceding his application.

If any person other than those herein mentioned shall be or become legally entitled to be registered as voters at State Elections in this State, then this section shall be null and void and the General Assembly shall possess the same powers as if this section had never been adopted, and the laws of this State, including the local laws applicable to certain counties thereof, relating to the form of ballot to be used at elections, in force on the first day of July in the year nineteen hundred and ten, shall revive or continue in force until altered by the General Assembly notwithstanding any Acts to the contrary which may have been passed while the terms of this section shall have been in force or while the General Assembly shall have believed or assumed the provisions of this section to be valid.

Section 2. And be it further enacted, by the authority aforesaid, that the aforesaid section hereby proposed as an Amendment to the Constitution shall be at the next General Election held in this State, submitted to the legal and qualified voters thereof for their adoption or rejection, in pursuance of the directions contained in Article 14 of the Constitution of this State, and at said General Election the vote on the said proposed Amendment to the Constitution shall be by ballot, and upon each ballot shall be printed the words, "For Constitutional Amendment" and "Against Constitutional Amendment," as now provided by law, and immediately after said election due return shall be made to the Governor of the vote for and against said proposed Amendment, as directed by said Fourteenth Article of the Constitution.

President of the Senate.

ADAM PEEPLES,

Section 1. Be it enacted by the General Assembly of Maryland, three-fifths of all the members of each of the two Houses concurring, that the following section be and the same is hereby proposed as an Amendment to Section 2 of Article 3, title, "Legislative Department," of the Constitution of this State, and if adopted by the legal and qualified voters thereof, as herein provided, said section shall supersede and stand in the place and instead of Section 2 of Article 3 of the Constitution of Maryland.

2. The City of Baltimore shall be divided into four Legislative Districts as near as may be of equal population and of contiguous territory, and each of said Legislative Districts of Baltimore City, as they may from time to time be laid out, in accordance with the provisions hereof, from each county of the State, shall be entitled to one Senator who shall be elected by the qualified voters of said Legislative Districts of Baltimore City, and of the counties of the State, respectively, and Baltimore City shall be entitled to two additional Senators, who shall be elected at large, by the qualified voters of the said City, and all of said Senators shall serve for four years from the date of their election, subject to the classification of Senators hereinafter provided for.
