DEMOCRATIC Mass-Meeting

A Democratic Mass Meeting will be held IN CHESTERTOWN,

Friday, October 20, 1911

The State candidates—

HON. ARTHUR P. GORMAN,
EMERSON C. HARRINGTON,
EDGAR ALLEN POE,

and other speakers, will be present. Speaking in the afternoon at 3, and in the evening at 7.30.

A BRASS BAND will furnish music at the meetings.

THE counties have honest election officials.

WHAT would Baltimore do without the counties.

KENT should give Gorman, Poe and Harrington at least 300 majority.

DON'T forget the mass meeting next Friday. Speaking afternoon and night.

THE Republicans in Kent have decided not to nominate a county ticket and will devote all their efforts to the election of the Republican State candidates and the defeat of the amendments.

WHAT'S the reason Kent county cannot have a hospital located at Chestertown? There is not a finer site anywhere and the need is at times very urgent. Think over it.

FRAUD FOUND IN REPUBLICAN VOTE

One Ballot Box Opened Makes Startling Disclosures—A Legislative Candidate Presented.

Consternation reigns in the Republican ranks in Baltimore city because of disclosures made Friday, when the ballot box in the 8th Precinct of the 10th Ward was opened by the Grand Jury. The grossest kind of fraud was found and the jury is convinced that a recount of all the ballot boxes where there were Republican contests, will make as startling disclosures as the opening of the Democratic boxes have made. State's Attorney Owens, it is understood, will press the matter of opening the Republican boxes as soon as the count of the Democratic boxes is completed,

It was by chance that the Grand Jury Friday found evidence of fraud in the Republican ballot boxes. Friday night it gave Judge Duffy presentments for the six election officials in the Eighth precinct of the Tenth ward. The Democratic ballot boxes in this precinct were found correct. The jury was counting the Democratic boxes in the Tenth ward. When the precinct box was brought in the poll books were not found in it and, believing that they were in the Republican box, Marshall Farnan was ordered to produce it. It was brought into the jury room and opened. Foreman Dodson thought that as long as it was there, the jury might as well count it. When the count was completed it was found that every candidate's vote had been padded, with the exception of one.

The recount showed what the jury might find in a number of other Republican boxes, when, after completing the recount of the Democratic boxes, the jury takes up those of the other party. Information has been reaching State's Attorney Owens concerning the Republican boxes, but because of the jury's determination to count Democratic boxes first this is held up. The box which the jury stumbled across showed what is regarded as a clumsy attempt at fraud and is regarded by the jury, it is understood, as one of the most convincing boxes of the whole recount.

Republican Candidate Presented.

Dr. Julius E. Heronemus, a Republican candidate for the House of Delegates is among the election officials who have been presented to grand jury and the Republican bosses are much concerned over the developments in this case.

Dr. Heronemus is one of the Republican judges of the Second Precinct of the Eleventh ward and the recount of this precinct showed that the returns of the vote for judge of the Court of Appeals was falsified. The recount was made by jury on Thursday night, and the Doctor was arrested on a capias.

Here we have not only the arrest of Republican election officials for falsifying the returns in the 8th precinct of the 10th Ward but also the arrest of a Republican candidate for the Legislature, for alleged fraud in falsifying in the returns in the 2nd Precinct of the 11th ward. When the Grand Jury gets down to work on the Republican boxes it is believed that the greatest kinds of frauds will be unearthed.

A vote for the Democratic Candidates means a vote for representative government.

The Republican party in Maryland and elsewhere is the party of special privilege. The failure of Republican party government has been shown by the repudiation of that party in the great States it has so long controlled. The Maryland Republicans, with Goldsborough as their standard-bearer, are stand-pat advocates of the repudiated Republican policies. They are fighting for Taft and the old guard for 1912.

The iniquitous and class legislation, to which the Republican party in Kent County objects, is the legislation which makes possible the truly representative government of the white man rather than the misrepresentative government of those who trade upon the ignorance and racial prejudice of the black man.

The Democratic voters nominate their candidates in a direct primary. The Republican politicians select their candidates at a conference of the Federal officeholders; they cannot risk a ticket by the men who cast the greater part of their party's vote.

L. U. SKIRVEN,
o7-3t Worton R. R. No. 1.

Two Republicans have been sent to prison in Dover, Del., for buying votes at $10 each.

THERE is no demand for an extra session of Legislature except from a few "kickers."

REPUBLICANS throughout the State are making the most of the investigation of Baltimore election frauds, forgetting apparently, that every other official indicted is a member of that Grand Old Party, and is equally guilty of the frauds charged. The people of this State will not be justified in putting faith in a party whose members are subservient to a corrupt opposition.

DON'T think any promise, however trivial, too small to keep. Many folks make promises, on the spur of the moment, just because they think it will please people, but never by any chance fulfill them. Promises, like the proverbial "pie crust," are not meant to be broken, but to be kept. The popular woman is always faithful and keeps her word, and people like and rely upon her, in consequence.

SUPPORT GORMAN

Every man guilty of cheating or of buying a vote in the recent primary should go to the penitentiary. The evidence in Baltimore indicates there was collusion between the Democratic and Republican officials. It was the sworn duty of every official to see that a fair count was had. Therefore, the Republican judges are as guilty as the Democratic judges. The Republican party men do not stand out as angels in this transaction, and it is self-evident that the Republicans could not be trusted any further than the Democrats to give the people an honest count. The Republicans were simply paying an old debt contracted when the late Frank Wachter ran against Timanus in the primaries. The Republican machine was thus enabled to break down any anti-machine movement by the aid of machine Democrats.

An Independent Democrat writes: I voted for Blair Lee in the primaries and keenly regret he was not nominated. I believe in the direct primary law. Any abuse of this law should be repulsed to the utmost by the Democratic people. The law is of Democratic origin. Its success means the death of the Republican party in this State.

Some Democrats contend it would be wise to knife Gorman because Blair Lee did not get the nomination. This is not good party principle. If Democrats will not stand by the nominees of the primary then the primary law is a farce and ought to go by the board.

The mere fact that election officials in stated precincts made a dishonest count does not indicate that Gorman did not get the nomination fairly, it is the duty of every Democrat to vote for him in November.

With the promise Gorman has made that he will see that every safeguard is thrown around the primary law, and its weak features strengthened, it is but fair to Blair Lee that we shall as Democrats, vote for Gorman. Four years is only a short time in the history of a party, and if we insist on destroying our primary nominees we also endanger the future of such men as Blair Lee.

If you were going to turn the State over to angels in order to bring about a purity of conditions, and the Republican party has established a clean reputation and its leaders were robed as saints, I might agree to give Gorman a black eye.

Cheating of any kind should not be tolerated. In every Presidential election of recent years all kinds of intimidation, coercion, blackmailing and every other device known to the criminal minds were indulged in by the Republican party. It was always conceded Bryan had the crowds, and the wonder was where the crowd went after the election. The "slush fund" of the Republican party told the tale.

And now to ask us to turn this State over to the Republican party to purify its election laws is ridiculous beyond the extreme.

I am not an organization Democrat, and I believe you will agree with me on that line. I assume that I have the right to fight against the organization, and I go so far in that direction as to vote against all men in the primary supported by the organization, and it has been my custom for years to do so, except on very rare occasions. If beaten I vote for the nominee. Having always lived in hope we would some day have an honest primary law, and now that we have been given what we have for years wanted, it is your and my duty to maintain the Democratic party in power and make it further improve the law.

I am not attempting to defend the action of election rogues, but I maintain that the Republicans deserve no credit for creating honest elections, as it is plainly shown by the grand jury investigation that the Republican judges were also deeply concerned in the rascality. It could not have been done unless the Republicans connived with the Democrats to commit the frauds.

I would prefer to see Blair Lee Governor of Maryland instead of Gorman. A condition now confronts us, and not a theory. Shall the Governor of this State be a Democrat or a Republican? Anything but a Republican administration, with its resultant conditions. I accept and shall support Gorman. The future will do better by us.
