Protestants To Hold Big Rally

TO BE HELD HERE IN M.P. CHURCH SEPT. 13

Plans for a rally of the Methodist Protestant Churches in the third or middle district of the Eastern Shore, which includes a part of Delaware, to be held in Chestertown September 13 at 7.30 p. m., were made at a meeting in the Methodist Protestant Church, of Denton, called by Dr. W. H. Litsinger, of Chestertown, chairman of this district of the Maryland Annual Conference.

Each of the twenty churches in the area will send to the massmeeting two representatives from each of its organizations, four members of its choir, and as many members of the congregation as possible.

The Rev. Thomas J. Turkington, pastor of the Denton Methodist Protestant Church, will direct the choir of eighty voices, which will sing for half an hour preceding the address of the evening.

The entire service will be ispirational in character, taking the place of the usual quarterly district meeting of the group, which is attended by ministers and a limited number of religious leaders.

Train Service Is Resumed Here

DELMARVA LINES REPAIRED AFTER WASHOUTS

Train service on the Delmarva Division of the Pennsylvania Railroad between Clayton and Wilmington was resumed Monday, although several county roads still remained closed, following damage in the wake of storms Thursday and Friday evenings.

The Clayton - Wilmington train service was resumed following a lapse of two and a half days, at 4.35 o'clock Sunday afternoon, when the first train passed over the 150 feet of track rebuilt about three-quarters of a mile north of Townsend, a washout having occurred there early Friday morning.

During the two and a half days that work was rushed on the new trestle and track, passengers were transferred from Wilmington to Clayton by bus. Train service continued to run from Clayton to Cape Charles regularly. Mail service was held up somewhat but by the use of trucks was only slightly late.

Three bridges on the Middletown-Townsend road, including one across the Appoquinmink Creek near old St. Ann's Church, were completely washed away and it will take considerable time to place temporary spans across the streams, State Police said.

While the rain did much good to many crops as it brought an end to a drought, it also wrought much harm to the fields of farmers in the Middletown area where the cloudburst was heaviest. Whole fields of tomatoes and other vegetables were still under water Sunday, some fields resembling miniature lakes.

Although some of these fields were transformed into ponds by the storm it was also responsible for the destruction of one of the State's beauty spots, Silver Lake. The flattening of the dam turned the lake into a sluggish stream running thru muddy flats.

The Rev. Dr. W. H. Litsinger, pastor of the church, has been elected chairman of Group No. 5, comprising Kent, Queen Anne's, Caroline, and a portion of Delaware for the ensuing year, a meeting of members of which was held in Denton to arrange a fall and winter program of conference activities.
