NEW LYCEUM THEATRE
Chestertown, Md.

For Monday and Tuesday the New Lyceum Theatre will present "She Was A Lady," a glittering story from the pen of Irving Cobb's daughter and enacted with Helen Twelvetrees in the leading role. This story is concerned with the struggle of a young girl to surmount the obstacles in the path of her marriage with a wealthy son who loves her. Starting out on a ranch in Arizona, the film moves rapidly through a series of backgrounds which include the circus, a dude ranch, an English castle and New York nightclub life.

Besides Miss Twelvetrees the cast of "She Was A Lady" includes Donald Woods, Ralph Morgan Owsley and Irving Pichel.

Wednesday and Thursday Ann Harding once again returns to the screen of the New Lyceum in what is heralded as her best egort in many seasons. "The Life Of Vergie Winters" is the title of the film, with Miss Harding in the title role. John Boles plays the supporting part opposite Miss Harding, while the story is from the talented pen of Louis Bromfield and concerns the American small town, with all its intimacy and personal interest.

An elaborate supporting cast has been gathered to present this gripping story of small-town love and scandal, which includes Helen Vinson, Frank Albertson, Betty Furness, Creighton Chaney and Molly O'Day. The story is one of a vague romance which stirs the curiosity of the little community to such an extent that every spoken word seems to hinge about suppositions concerning the affair of Vergie Winters and her married lover. "The Life Of Vergie Winters" is listed as one of the better attractions of the past season.

On Friday and Saturday Jack Holt, the star who never gives a bad performance, will appear on the New Lyceum screen in "The Defense Rests."

CASINO THEATRE
Betterton, Md.

On Monday and Tuesday, August 31 and 14, Joan Crawford will be the featured star on the screen of the Casino Theatre, Betterton, Md., appearing in that successful picture, "Sadie McKee." This film, one of M-G-M's hits of the past season, affords the glamorous Crawford one of her most brilliant roles and Gene Raymond plays opposite her.

Next Friday and Saturday a treat is in store for screen fans at this bayside theatre. William Powell and Myrna Lov will appear in Dashiell Hammet's famous detective story, "The Thin Man;" and, take the word of one who has seen it, there will be no better picture around these parts for many years.

Getting away from the old idea of making detective pictures gruesome, sad and morbid, "The Thin Man" offers a light comedy with the superb acting of Powell and Miss Loy, combined with a thrilling and exciting yarn which will keep you guessing.

NEW LYCEUM TO BE CLOSED FOR REPAIRS SOON

Manager Emerson Russell has announced that his New Lyceum Theatre in Chestertown will be closed for four days next week. From Monday to Friday, August 20 to 24, the New Lyceum will be closed for repairs to the picture booth. On Friday and Saturday of that week, however, it will be opened again, with even better sound and projection than has been pre esnted in the past.

TELLING THE WORLD

Sydney . . . Overseas telephone service certainly creates some amusing situations. A child was born in Australia on March 13. The grandparents in California heard the news—by telephone—on March 12, according to Telephone News. This apparent mix-up can be blamed on the fact that the sun travels more slowly than does a telephone message.

London . . . Telephone installations in the Cape Peninsula section of South Africa have increased greatly since the beginning of the year when the dial telephone system was first installed in this area. For the first three months of the year 1,100 telephones were added to the system. On April 15 the Cape Peninsula was served by 19,377 telephones as compared with 16,055 five years ago, according to Foreign Communications News.

AUTO ODDITIES

(1) A steam hammer used by one of the large automobile companies to make steering knuckles exerts a pressure of 15,000 tons, yet can be so finely adjusted that it can crack the crystal of a watch without harming the rest of the watch. (2) Midget gasoline motors which weigh but a few ounces and have but a single cylinder develop a speed of 6,000 revolutions per minute. (3) In an exhibit at the World's Fair one of the leading automobile manufacturers has installed a chandelier made of real full sized automobiles.

"Show me a field I can't plow"

THIS expression, often heard from an owner of the new Case Model "L" Tractor, shows the absolute confidence he has in his tractor's ability.

The tractor backs him up on it, too. Light and compact, it weighs but a trifle more than three draft horses—no excess weight to be pulled around. More power is available for useful and profitable work.

Other advantages include a fast, irreversible steering gear which relieves the operator of shocks and jerks from the front wheels . . . hand operated clutch within reach from the ground or tractor seat . . . handy controls easily worked . . . swinging drawbar for easy steering and making short turns with full loads . . . practically automatic lubrication.

Come in—see and decide for yourself that the many advantages offered in this new tractor and in the smaller Model "C" as well as in many other Case farm machines are just what you need to make your farm work easier and more profitable.

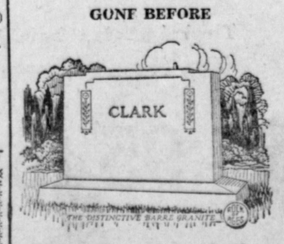

We have a tractor that will fit every size farm.
