Science Reveals Why Eyesight Fades As Birthdays Increase

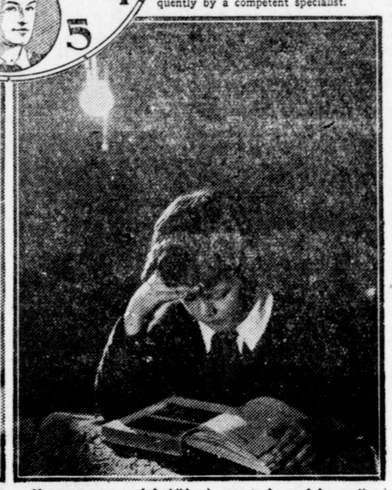

Of all men and women past 60 years of age, 82% have defective eyesight. Such is the penalty that man pays for his compromise with nature. Neglected teeth may be replaced, but damaged eyesight at best can be only partially restored. Good light and properly fitted eyeglasses are a great boon to old people. Since the pupils of their eyes are only one-third as large as those of young people, they need at least three times as much light in order to have an even break in seeing.

The average child is born with normal sight. All too soon, however, he begins to use his eyes for close seeing tasks, such as looking at pictures or playing with toys, often under poor lighting. Eyestrain and ocular defects are quick to result. No child should be permitted to use his eyes for close work under any but the best of visual conditions. Abundant, glareless light should always be provided, and the child's eyes examined frequently by a competent specialist.

Thousands of young men and women in schools and colleges throughout the country are needlessly wearing out their eyes long before their time by reading and studying for long hours under poor visual conditions. Surveys show that 40% of college students' eyes are defective. What a sad commentary that in fitting himself for the battle of life, the student is unnecessarily imposing a serious handicap on himself.

Nature never intended children's eyes to be used for reading, writing and study. She intended that eyes be used for looking at distant objects, under large amounts of natural daylight. When a child does close visual work indoors under inadequate and glaring light in defiance of Nature's laws, he pays the penalty in eye defects. Statistics show that one out of every five children in grammar school has defective vision.

ORDER OF PUBLICATION

Mary O. Money
vs.
Walter S. Money, Jr.

In the Circuit Court for Kent Co., In Equity, No. 2889.

The object of the Bill filed in the above entitled case is to procure a Decree for divorce a vinculo matrimonii.

The Bill states:

1. That on October 30th, 1917, Mary O. Money was married to her husband, Walter S. Money, Jr., with whom she resided in the State of Delaware until the year 1929, then she removed to Kent county and lived with him at Sassafras for a period of about one year. We were sold out of our property and he left me during May, 1931.

2. That. though the conduct of your Oratrix towards her husband, the said Walter S. Money, Jr., has always been kind, affectionate and above reproach, the said Walter S. Money, Jr., has, without any just cause or reason, abandoned and deserted her, and has declared his intention to live with her no longer, and that such abandonment has continued uninterruptedly for at least three years, and is deliberate and final, and the separation of the parties beyond any reasonable expectation of reconciliation.

3. That your Oratrix and said Defendant, Walter S. Money, Jr., have had two children born to them during said marriage, namely: Walter Clarence Money, age 15, and Mary Ann Money, age 11. That since said desertion and abandonment by the said Walter S. Money, Jr., your Oratrix has clothed her children. They are now living with the parents of Walter S. Money, Jr., at Atlantic City, N. J.

4. Your Oratrix has resided in the State of Maryland ever since the separation and is now a resident of the said State. The said Walter S. Money, Jr., is a resident of State of New Jersey.

It is thereupon, this 19th day of September, 1034, ordered by the Circuit Court for Kent county, in Equity, that the Plaintiff, by causing a copy of this order to be inserted in some newspaper published in said Kent county, once in each of four successive weeks before the 15th day of October next, give notice to the said Walter S. Money, Jr., non-resident defendant, warning him to appear in this Court in person, or by Solicitor, on or before the 30th day of October next, to show cause, if any he has, why a Decree ought not to be passed as prayed.
