Your Building Is An Investment In Better Living !

For several years past, homes and business properties in Kent County, and throughout these United States, have been steadily going down hill. Many property owners have been unable to pay for normal upkeep and repairs. A far greater number have delayed the larger improvements which mean better housing and better living.

Now is the time to make those improvements. The National Housing Act was designed to help improve property and increase its value and usefulness. Through one of the simplest and most reasonable systems of financing ever devised, this Act makes it possible to make delayed repairs NOW and to provide BETTER home surroundings.

Your Home, or your outbuildings, or your store, is an investment in living, not merely a shelter. Neglected it pays no dividends. Protected and improved it pays many times over in convenience, happiness and comfort.

List today the property improvements that will bring YOUR home or place of business "up to the standard of the times."

The money is ready, the workmen are ready—the time is ripe to ACT—The National Housing Act is nothing more than a NEW DEAL for home owners, and businessmen, who want to, but can't improve their property. Consult with your banker today for further details than what you read on the pages of this supplement—Consult with the businessmen whose advertisements appear on these pages. Make up YOUR mind to follow this thing through, and have fixed all those little things you've been scowling at for so long. Build NOW—Enjoy the happiness for years to come!

WHY 'blue coal' GIVES "ALL WEATHER" HEAT

REASON No. 29

'blue coal' is adaptable to all weather conditions. Because of its purity and careful preparation it starts up fast on zero mornings as soon as the drafts are opened. Because of its square fracture and high carbon content it burns evenly and completely on cold days, and makes a slow, lasting fire when banked in mild weather. For cozy, even, healthful warmth in every room, all winter — always specify 'blue coal'. And for clean, prompt deliveries — always order from us.
