Crowds Attend Homecoming Here

LARGE ALUMNI GATHER AT WASHINGTON COLLEGE

One of the largest crowds of alumni and friends of Washington College to assemble on the college campus for some time attended the annual home-coming exercises held on Friday evening and Saturday. Aside from the football contest between Washington College and Susquehanna University, a special program arranged by the Alumni Association officials and faculty members was given.

On Friday evening a pep meeting was held at the college, at which short speeches were delivered. A big bonfire was lighted on Athletic Field and speechmaking and antics indulged in until a late hour. Hundreds of students and visitors were present. At five o'clock on Saturday evening a dinner was given at the Voshell House to the visiting alumni and friends at which Harry S. Russell presided, while late the Alpha Kappa Fraternity sponsored a dance in the gymnasium which was largely attended. A midnight luncheon was given at the Voshell House.

The following "Political National Hymn" was published in the Atlanta Constitution. in 1896:

My country, tis of thee—
Sweet land! Officially
Of thee I sing.
Land where my fathers ran,
Land of the voting man,
From every clique and clan
Let three cheers ring!
My native country thee—
Land where they vote for me—
Thy name I know;
I love thy rocks and rills,
Crossroads and moonshine stills;
Vote, and I'll foot the bills;
In, boys, I go!

Facts And Figures On Your Telephone

by EDWIN F. HILL

Edwin F. Hill

A list of the twenty largest stockholders of the American Telephone and Telegraph Company was published recently by the Wall Street Journal. These twenty stockholders represented a par value investment of more than $74,000,000, but they accounted for only four per cent of the total stock of the corporation.

It is not surprising that A. T. & T. stock is so widely owned, for there are now 18,662,275 shares of stock outstanding. These shares represent a par value of $1,866,227,500, so that to hold a majority of the stock would mean an expenditure not far short of a billion dollars. The controlling interest in A. T. & T. stock would mean the ownership of 9,331,138 shares or more.

That the Bell System is publicly owned is evidenced by the fact that there are nearly 700,000 stockholders including people in all walks of like living in every state in the Union. More than half of the stockholders are women. No stockholder owns as much as one per cent of the outstanding stock and no individual person owns as much as one-fifth of one per cent. The average holding per stockholder is now twenty-seven shares.

WILMINGTON DAY NOV. 14

Elaborate Preparations Made By Merchants To Meet Unprecedented Demands.

Wilmington merchants, under the auspices of the Mercantile Section of the Chamber of Commerce, have designated Wednesday, November 14, as the "Official Fall Wilmington Day" in that city.

Every possible effort has been made by retail merchants of Wilmington to provide the most attractive an economical merchandising event which has been offered to the housewives of the Del-Mar-Va Peninsula and adjacent counties in Pennsylvania and New Jersey for many years. In every line of retail merchandising, including articles of all home utility, clothing and the miscellaneous items used by every member of the family, and, in fact, through a wide generality of articles for every purpose, the most thorough effort has been made by Wilmington retailers to furnish economically, thoroughly and satisfactorily the requirements of the thousands of visitors who, past experience has shown, invariably take advantage of the unusual offerings made on these semi-annual special days.

In addition to furnishing shoppers an opportunity to avail themselves of rare bargains, this event will offer also an opportunity to inspect, as a result of the wide co operation of merchants, the display of the latest creations in wearing apparel for the entire family, as well as the latest thing in household equipment of every character. For the last month the various committees representing the Merchantile Section, as well as the participating merchants,have been exerting every effort to conduct a merchandising event which will be remembered as the premier one of the series initiated some years ago, not only in thorough preparation and unusual displays of seasonable merchandise, but in the range of prices.

In anticipation of the great influx of purchasers which always greets this event, purchasing authorities of Wilmington stores for weeks have been combing the markets for additional last-word stocks to meet anticipated demands. Arrangements also have been made through the cooperation of the Police Department, that every police courtesy possible will be offered by that Department, as usual, to out-of-town motorists.

He only fears men, who does not know them, and he who avoids them will soon misjudge them.—Goethe.

Love has power to give in a moment what toil can scarcely reach in an age.—Koethe.

Open Seasons Listed For Maryland Game

The State Game Department is daily receiving inquiries by phone, in person and by mail from interested persons requesting information regarding a very interesting subject to thousands of sportsmen in Maryland—"What are the open dates for the hunting of game?" Special interest has been aroused relative to the hunting of wild waterfowl due to the very restricted Federal regulations.

Open Season for the Taking of Wild Waterfowl: Federal regulations which supersede the State laws, provide an open season November 8th to January 12th, inclusive, shooting permitted three days per week only. Thursday, Friday and Saturday. These dates apply to all sections of Maryland.

The Federal regulations provide it to be unlawful to hunt or kill snow geese, brant, Rees's goose,wood duck (summer duck), ruddy duck, buffle head duck and swan.

Bag limits: Federal regulations continually have reduced the bag limit on wild waterfowl annually since 1931 and this season regulations provide a bag limit of twelve per day in the aggregate of all kinds but not more than five of any one or more than five in the aggregate of the following species. Eider duck, canvasback, redhead, blackhead, teal, shoveller and gadwall. Therefore, if you kill two canvasbacks, two redheads and one blackhead, you could not kill any more of the species above named during the same day, of other species, such as black duck, mallard, pintail, baldpate, whiffler or other species not mentioned in the protected list. Bag limit on geese is four per day. It is unlawful to possess more than 24 wild ducks in the aggregate of all kinds and not more than 10 of any one or more than 10 in the aggregate of the diving birds mentioned herein may be possessed at any one time.

If you desire to bait for wild waterfowl, you are required to make application to the Chief of the United States Biological Survey for a permit so to do. This permit will be issued in the name of the person owning, leasing or otherwise controlling or occupying any premises and if you bait one blind on the premises this permit would apply to the entire premises. On baited areas, shooting hours are sunrise to 3 p. m., on other areas not baited, shooting hours are sunrise to sunset.

No waterfowl, except crippled birds not otherwise retrievable, shall be shot while resting on water or land on any premises. This regulation would permit methods which have been used in the past.

Open season for Jacksnipe same as on wild waterfowl, November 8 to January 12, inclusive, three days per week only, Thursday, Friday and Saturday.

Open season on upland game is as follows: Squirrel, dove, woodcock, the male only of English ring-necked, Mongolian, or Melanistic Mutant Pheasants, or any other imported species,ruffed grouse, rabbit or hare, wild turkey, partridge, (quail), November 15 to December 31, inclusive.

It is unlawful to kill, at any time, the female or any of the species of pheasants mentioned above. The Federal regulation provides open season on woodcock and dove, November 15 to December 15, inclusive.

The bag limit per days for rabbit, 6;squirrel, 10; partridge or quail, 10.

The open season for racoon and opossum is November 1 to January 31, inclusive. It is unlawful to cut a tree in hunting season, unless by consent of the owner. It is unlawful to set, place, keep or maintain any steel traps or other catching device for the purpose of catching raccoon or opossum.

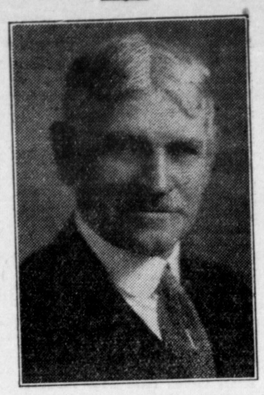

The open season for the taking of muskrats is January 1 to March 15, inclusive. It is unlawful to shoot or shoot at or gig or in any manner kill or catch, except by trapping, any muskrat.

Reports are to the effect that bobwhite have shown quite an increase in the past few years. However, the rabbit has not shown an increase except in certain sections.

E. LEE LE'COMPTE,
State Game Warden of Maryland.

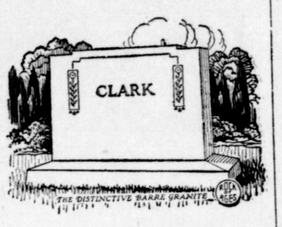

The regular monthly meeting of the London Bridge Chapter of the Daughters of American Revolution was held last Wednesday evening at the home of the Misses Stuart, Queen street, the Regent, Mrs. S. Price, presiding. Pictures of Washington, D. C., including many pictures of Continental Hall, were shown. Mrs. Neal Truslow presented the Chapter with a valuable manuscript which is to be placed in the custody of the Maryland Historical Society. Members of Old Chester Chapter were present, as well as other friends of the members, who had been asked as special guests.

W.C.T.U. WILL MEET HERE ON NOVEMBER 13TH

A temperance massmeeting will be held in the M. E. Church here on Tuesday evening, Nov. 13, under the auspices of the Maryland Anti-Saloon League. Bishop Edwin Holt Hughes will be the speaker. He will be introduced by George W. Crabbe, Superintendent of the Anti-Saloon League.

MARYLAND NEEDS MORE CONCRETE ROADS

CONCRETE HIGHWAYS PAY FOR THEMSELVES

Three reasons why concrete is the most economical pavement:

1. Long life and low upkeep—funds which would otherwise be spent for repairs may be used to complete our highway system.
2. Scientific investigation has proved that it costs motorists up to 2 cents per mile less to drive on concrete than on inferior surfaces. The saving is in gas, oil, tires and car repairs.
3. Concrete builds business, promotes travel. A town on concrete is moved closer to all markets.

And in addition to these money-reasons concrete pavements give motorists relaxation . . . comfort . . . and SAFETY!

"An Open Letter to Henry Ford" is a booklet worth having. It's FREE!
