HAMILTON PROVED
"most accurate make of watch"

"Inquiring Reporters" in six large cities asked more than 1400 people, "What time have you?" and "What make is your watch?" Although nearly all makes of watches were checked in this test, Hamilton clearly won the title of "most accurate watch." Ask us to show you our selection of wrist, strap and pocket Hamiltons between $37.50 and $42.50.

Red Cross Serves Humanity

THE spirit of the nation-wide humanitarian work of the American Red Cross is typified in the 1934 poster drawn by the well-known artist, Lawrence Wilbur. The Red Cross nurse, shown protecting a small boy who is in distress, is illustrative of the role of the organization in rushing relief to victims of disaster—whether storm, epidemic, earthquake, fire, flood or other type of catastrophe. During the past year the Red Cross sent material aid to victims in 103 disasters, giving assistance to 119,000 persons.

This is but one example of service given by the Red Cross. It also serves in health conservation, through its Public Health Nurs[e] Services employing more than [7] nurses; in safety and accident p[re]vention, through its Life Saving a[nd] First Aid instruction; in aid to v[e]erans and service men through [i]t Home Service work; and in cement[ing] the youth of the nation, through Junior Red Cross, into a national society devoted to preparing them in fitness for service, good citizenship and world friendship.

The 1934 Poster invites all men and women to join the Red Cross during the annual enrollment, s[o] that they may participate in t[he] vast humanitarian enterprise. Y[our] local Chapter will welcome you[r] member.

WHY 'blue coal' GIVES "ALL WEATHER" HEAT

REASON No. 29

'blue coal' is adaptable to all weather conditions. Because of its purity and careful preparation it starts up fast on zero mornings as soon as the drafts are opened. Because of its square fracture and high carbon content it burns evenly and completely on cold days, and makes a slow, lasting fire when banked in mild weather. For cozy, even, healthful warmth in every room, all winter—always specify 'blue coal'. And for clean, prompt deliveries—always order from us.
