American Union

—PUBLISHED WEEKLY BY—
F. C. & H. E. RAMSDELL,
H. E. RAMSDELL, Managing Editor.

DENTON, MARYLAND.

THURSDAY, Aug., 18th, 1892.

OUR CANDIDATES!

FOR PRESIDENT
BENJAMIN HARRISON,
OF INDIANA.

FOR VICE-PRESIDENT
WHITELAW REID,
OF NEW YORK.

ANOTHER big tin plate factory in Brooklyn, N. Y. is ready to commence the manufacture of tin plate. The main building of this immense concern is 310 feet long, 76 feet and two stories high. The output of this establishment will be 3000 boxes of tin a week. J. H. Rogers, the chairman of the tin plate makers association of Wales who visited this country a few weeks since says this is one of the finest establishments for the manufacture of tin he ever saw. Another peculiarity of the establishment of this immense plant is that the owners were formerly Cleveland Democrats and voted for the ex-President but this year they are for Harrison and Protection.

MONEY paid for an article produced at home in the United States does not deplete the Nations wealth, except as to the small amount of raw material consumed in the production of that article, and destroyed when the article is entirely used up. The balance of the cost merely passes from one American citizen to another. In no sense does it exhaust the wealth of the Nation. But for all articles brought from aboard, we save only the very small amount of raw material contained in such articles, while our Nation as a Nation suffers the loss of the money sent away for the great bulk of cost, over and above the worth of the raw material.

THAT our Democratic friends in the state of New York are having an interesting time of it, to say the least, is becoming more apparent every day. The fight is now fully opened. When Mr. Whitney, Mr. Cleveland's, right hand man promised Tammany the world and all that's in it for their support(?) he little thought that there were several who were interested in that bargain. He will evidently find out that it is easier to promise than to deliver the goods. Would it not be as well for our Democratic friends to get the Federal Patronage in their power before they begin to apportion it out. One bird in the hand is worth several in the bush.

EX-JUDGE WHEELER in his lecture on the tariff makes the following pertinent remarks in regard to the work-of the tariff on the tin industry in this country. The Judge says;

"And this tin industry means a great deal to you and to me. It means that millions of tons more of coal and coke than are now used will be need ed; it means that 12,000,000 feet of lumber will be used annually to pack the tin in; it means that $23,000,000 more will be expended each year in wages, thus raising wages, and it also means that 50,000 men will be employed at the tin mills, and that means that 250,000 people will be provided for. So much for an industry which the Democrats say is not yet born."

NOTICE, Having a complete set of Encyclopedias of general information, I will take pleasure in answering all letters address to me, whether political or not. As my time is now fully occupied in letter writing, I think I can satisfy the most festidious. Address GROVER CLEVELAND, Buzzards Bay.

THE violence of the striking railroad brakemen at Buffala, N. Y., is to be deplored by all lovers of law and order. The burning of cars loaded with valuable freight, and offices of the company, with the turning of switches and ditching of passenger trains amount to something more serious than a mere strike. Either party has a perfect right to reject the proposals of the other, the one if not satisfied to seek employment elsewhere the other to secure other laborers, but neither has a right to resort to violence to carry their point, and the law in all its severety should be applied in all such cases.

IN the city of Fall River, Mass., the mill laborers have increased their deposits in the Saving Banks of that city $378,745.52 in one year and that too, under the McKinley tariff; and yet our Democratic friends will tell the laboring class that the McKinley bill does not benefit them. Yet here is a case in point, where the evidence is undisputable, when the laborers in one manufacturing city have increased their savings in a single year under the McKinley tariff over $375,000.

ON Wednesday last Hon. George L. Wellington, United States sub-Treasurer at Baltimore, was nominated for Congress by acclamation, by the Republicans of the Sixth district. Mr. Wellington is one of the most prominent Republicans in the State and decidedly the most popular Republican in his district as is evidenced by the convention in which he was nominated, no other candidate being put in nomination.

THE Republicans of the First Congressional district meet to-day at Ocean City to nominate their candidate for Congress. No instructions have been given the delegates from this county but it is well understood that they favor the nomination of Hon. Geo. M. Russum. Mr. Russum will doubtless receive the nominotion the delegations of many of the other counties are favorable to him also.

UNDER the McKinley bill the manufactures in one manufacturing town have inereased the capacity of their mills 200,000 spindles and their output of manufactured material $1,570,000 and yet in the face of these signs of prosperity the Democratic papers will tell you that the tariff is a curse to the laboring men of our country.

A SLIGHT difference. The citizens of New York are taxed under Tammany $18.88 per head on a population of 1,800,00. The taxes on the whole population of the United States of 65,000,000 amount to $7.-69 per head and that too under a Republican administration. Strange isn't it?

A POOR blacksmith of Quebec is reported by scientists to have discovered one of the lost arts known to the Pyarmid builders of Egypt—the art of tempering copper. As treated by him it is said to be superior to the finest steel in resisting shots when used as armor plates.

THE cost of the Government in transporting recently $20,000,000 in gold from San Francisco to New York was $3,500. The express com panies wanted $60,000. This looks very much as though it would pay the Government to do its own transporting in the future.

PERHAPS some of our Democratic contemporaries can tell us in what way the McKinley tariff is responsible for the Brakemen's strike at Buffalo, in which several thousand dollars worth of railroad property has been burned.

EDITOR E. S. Heffron, of the *Peninsula Farmer*, of Federalsburg, has been nominated for Congress on the Third Party ticket.

THE first strike in this country occured 151 years ago. The demands of the journeyman bakers, of New York, for higher wages having been refused they left their work in a body. The leaders were arrested and tried for "conspiracy against the King."

THE Wilmington *Morning News* now appears in a six page form. The make-up of the paper has been some what improved. A new press with a capacity of 3,600 copies per hour has also been put in place in the office.

THE successor of Major McKinley in the House of Representatives, John G. Warwick, died at his hotel in Washington on Sunday. He was about 62 years of age and a native of Ireland.

THE peninsula editors will staat on their annual excursion on August 26th. They will go to Boston making side trips to the White mountains and other places of interest.

SENATOR PALMER of Illinois says he never saw so little interest taken by Democratic Senators and Congress men in a national campaign as is exhibited now.

THE Democratic House according to ex-Speaker Reed appropriated $22 000,000 in fifteen minutes.

"Stronger Than his Party."

In the last Presidential campaign the above assertion was frequently made and is sometimes heard yet. The great letter writer may be stronger with his party now than in 1888, but his strength over that of his party was illustrated in 1888, when he received in Connecticut 336 plurality as against 1,415 in 1884; in Delaware 3,411 in 1888, as against 4,013 in 1884; in Kentucky, when he received 28,666, as against 34,839; in Maryland, where his plurality fell from 11,118 to 6,182; in Virginia, where it fell from 6,003 to 1,539; and in West Virginia, where it fell from 4,211 to 522. It was illustrated in Indiana, which he carried in 1884 and lost in 1888, and in New York, where his plurality of 1,047 in 1884 was changed in 1888 to a plurality for Harrison of 14,373. These are signal examples of the way in which Cleveland is 'stronger than his party.'

Third Party Nominations.

The first convention of the people's party of Maryland was organized at Industrial Hall on Wednesday of last week. The delegates consisted of the delegates who had attended the Maryland State Alliance Convention. Delegates were present from the first, second and fifth Congressional districts, and after consulting and caucusing the following nominations were made:

First District—For Congress, E. S. Heffron, of Caroline; elector, Charles Gum, of Worcester. Second District—For Congress, Enoch Noyes, of Cecil; elector, Samuel Tyson, of Cecil. Fifth District.—For Congress, E. M. Burchard, of Prince George's; elector, Hugh Mitchell, of Charles. J. W. Kerr, of Caroline, was selected as on of the electors-at-large.

PHILADELPHIA, Aug., 15th, 1892.

Closed Saturdays at 1 P. M.

Housekeeping Linens.

Still in the quickest of the bargain swim.

You know the 2x2½ yard Table Cloths with 5-8 Napkins to match; the ones that have made such a stir at $4 the set A new lot of them is just out of the Custom House at the same price.

Cloth 3 yards long and 20x 20 in. Napkins at $4.50 the set.

Hemstiched Sets (Cloth 2x 2½ yards, Napkins 21 in. square) are $11.50 from $18.50.

Longer Cloths up to 4 yards at proportional prices.

None of the "Cotton and Linen" Table Linens have place here. Flax and flax only is the fibre we stand by

In Toweling as well as other goods·

20-inch Diaper Toweling at $14; regular price, 20c.
Cream color Turkish Towels at 12½c.
Heavy full bleach Turkish Bath Towels at 25c.

Tennis and Sporting Shoes for all sorts of feet and all sorts of fancies. And prices carved till there's genuine sport—for you—in buying the goods.

Men's Rubber Soled Shoes.

3 sorts at 65c, have been $1.00
2 sorts at $1.25, have been $2.00
2 sorts at $2.00, have been $3.00
5 sorts at $2.50, have been $3.50, $4
5 sorts at $3.25, have been $5.00
4 sorts at $4.00, have been $6.00, $7

Women's Rubber Soled Shoes.

3 sorts at 65c, have been $1.00
2 sorts at $1.25, have been $2.00
3 sorts at $1.50, have been $2.50
3 sorts at $2.00, have been $3.00

STOCK OF LAP DUSTERS,

and ask the price—YOU WILL BE CAPTURED, but you will get away happy.

We claim to have the best

GRAIN DRILL

on the market—and will let you be the judge. Don't buy a

FARM WAGON

that will wrinkle your face, spoil your disposition, and make you grown prematurely old, We have the other kind, and more of ours are on the road to-day than all others combined, why?

—WE STILL HANDLE—

Ober's Standard and High Grade Fertilizer,

and have many customers who have never departed from them—Nothing better on the market. We have a TWO-HORSE FULL CHILLED PLOW only $7.00 many sold. Come and see us when in Easton.

YOUR FRIENDS,

SHANNAHAN & WRIGHTSON HARDWARE CO,

EASTON, MARYLAND.

Wanamaker's

Belmont, $2.75.
Ardmore, $2.25.
Fairmount, $1.75.
Youth's, $1.25.
Juvenile, 75c.

Have you noticed how little ice a Puritan Refrigerator eats, even in the hottest weather? That's one of its virtues. There are no dead air spaces in a Puritan Refrigerator; no corners hard to clean. We keep it at the head as simplest, best.

Uprights, $9.75 to $35.
Sideboards, $14 to $50.
Ice Chests, $4.50 to $12,

JOHN WANAMAKER.

A RESULT.

Before assuring your life or investing your money, examine the Twenty-Year Tontine Policies of the Equitable Life Assurance Society of the U. S,

Policies maturing in 1892 realize cash returns to the owners of amounts varying from 120 to 176 per cent. of the money paid in, besides the advantage of the Assurance during the whole period of twenty years.

The following is one of many actual cases maturing this year:

Endownment Policy No. 70,450.
Issued 1872, at age 30. Amount $10,000.
Premium, $485.30.
Total Premiums paid, $9,706,00.

RESULTS
at End of Tontine Period in 1892
Cash Surrender Value,
$16,321.20.

(Being a return of $168.16 for each $100 paid in premiums, which is equivalent to a return of all premiums paid, with interest at the rate of 6½ per cent. annum).
Or, in lieu of cash,
A Paid-up Life Policy for
$34,050 00

(Equal to $360.09 for each $100 paid in premiums). Or

A Life Annuity of $1,300.00.

One fact is worth a thousand theories. There is no assurance extant in any company which compares with this. The Equitable is the strongest company in the world and transacts the largest business.
