Mr. L. R. Beachamp, who for a year has worked as a compositor on the UNION, has purchased of Mr. Gus. Wooters his stock of groceries and will start in business for himself at the same stand. At the stand he has secured Mr. Wooters has conducted a profitable business for several years, therefore, a certain amount of his trade is already secured. If you are in need of groceries give him a call.

Released From Jail.

A young man giving his name as Chas. Martin who has been confined in jail for several days on a charge of obtaining money under false pretenses, was released on Thursday evening. He was taken ill a few minutes after being locked-up and remained unconscious for sometime, and has been unwell ever since. The prisoner obtained of W. T. Jarman & Bro., of Goldsboro, five dollars on a check on a bank in Wilmington. After taking it the firm became suspicious and telegraphed to the bank which reported no funds. Martin says he had no intention of defrauding the merchants but intended to reach Wilmington ahead of the check when he could make the check good. The telegraph was too fast for him however, and he was arrested before his train arrived.

Martin is about twenty years of age and claims to be married, says he is a traveling salesman and that his sample-cases are at Clayton. He was released on his own recognizance for his appearance at court.

The County Fairs.

While Caroline has none of these institutions within her borders she is more advantageouly situated than many of the adjoining counties, as regard the attendance of her citizens and the exhibiting of her produce.

The grounds of the Talbot fair association can be reached in a few hours either by carriage or by rail by citizens in all parts of the county. By reference to the advertisement elsewhere it will be seen the association offers the best and most extensive program for the entertainment of its patrons that has ever been offered on its grounds. There will be something of interest for all classes. The managers are exerting every effort to make the exhibits in all the departments the finest that have ever been seen. The exhibits last year in many of the departments were the finest we have ever seen. Among the noticeable features was the display of canned fruits in all the tempting ways known to the ingenious housewife. The exhibits of work done by the students of Easton public school, we have never see excelled. The number of fine cattle and horses proves the good taste and enterprise of Talbot farmers. The fair at Dover presents equal attractions to those citizens residing in the upper part of the county, and all who intend to have exhibits at either should make their preparations at once

A Serious Offense.

On Tuesday last while Sheriff John W. Stevens was discharging his official duty he was assaulted in Greensborough, by William Hubbard Some time since the Sheriff went to Hubbards home vested with proper authority and levied upon his crop of wheat. Notwithstanding this Hubbard began hauling the grain to the wharf for shipment and the sheriff hearing that he was violating the law hunted him up and warned him of the penalty to which he was liable. During the conversation Hubbard became so enraged that he struck the Sheriff, who is a small man and also a cripple walking with a cane, knocking him down and jumping on him bruising and scratching him considerably about the face. He was pulled off by a bystander and the sheriff told him he would arrest him and take him to Denton. A short time after when the sheriff went to arrest him he resisted with a drawn knife. A revolver in the hands of Constable Baggs however induced him to submit and he was handcuffed and the sheriff brought him to town where he was given a hearing before Justice Day, of Ridgely, and held in $500 bail for his appearance at court on three charges.

Deserving Praise.

We desire to say to our citizens, that for years we have been selling Dr. King's New Discovery for Consumption, Dr. King's New Life Pills, Bucklen's Arnica Salve and Electric Bitters, and have never handled remdies that sell as well, or that have given such univcrsal satisfaction. We do not hesitate to guarantee them every time, and we stand ready to refund the purchase price, if satisfactory results do not follow their use. Mysterious Deaths in Centreville.

On Wednesday morning the town was strred in to a ripple of excitement by the announcement that in the suburbs of the town lay stiffened in death three corpses, the victims of arsenical poison. The sudden mysteriousness of the three rapid and successive deaths aroused the suspicions of the authorities, and investigation was forthwith begun. Justice Goldsborough gave orders to the Sheriff to summons a jury of inquest, and immediately they entered upon an official inquiry. It seems that Annie Kirby, Louis Kirby and the latter's child, all colored, had all drunk of a certain pot of coffee, which apparently was the source of the poison. Others in the same house who had not partaken of this dangerous cup escaped, while the above three to whom it was given were not long in showing every symptom of arsenical poison. Dr. Corkran, who attended the victims, testified before the jury that he was perfectly confident that nothing would have produced such marked and unmistakable symptoms except a strong dose of quick acting poison. The constant and repeated vomiting, the inability to control the bowels, accompained by such severe and undiminishing pain, were all peculiar to and indicative of arsenical poison. He recommended however, a post mortem examination; and upon orders from the justice, he and Dr. Bordley removed the stomachs from the bodies of two of the victims preparatory to sending them to Baltimore, there to be thoroughly examined by an analytical chemist. The jury in the mean time will take a recess subject to the call of the justice.—*Centreville Record.*
