Delaware Dashes.

—Dover is to have electric lights burning during the entire night.

—Six hundred oyster shuckers receiving 15 cents per gallon are employed in the different establishments of Seaford.

—Don't commit suicide on account of "incurable" blood disease. The sensible thing for you to do is to take Ayer's Pills. If that fails, why then—keep on trying, and it will not fail. The trouble is people get discouraged too soon. "Try, try, try again."

—She is delighted with it—Mrs. Hannah Moore, Hebron, Neb., writes: "My mother had swollen knee caused by a fall.—I purchased a bottle of Salvation Oil. We used it and I never saw a remedy work so well. It took the swelling down immediately and effected a cure."

—Nearly half a century of uninterrupted success in the cure of cough, cold and incipient consumption has given to Dr. Bull's Cough Syrup, a reputation not possessed by any other similar remedy. It is a sovereign cure for all diseases of the throat and chest.

Soliciting Ministerial Aid.

Now that the Republicans have got their campaign work in such splendid condition in New York and Indiana, they have turned their attention to two of the heretofore Democratic southern states, Alabama and West Virginia. In the former the People's Party and Republicans have got the Democrats so badly scared that they have issued a circular letter, especially to the Clergy, asking them to bring this matter especially before their congregations. This is the first time we have ever known of the clergy being applied to as a body to become the exponent of Democratic doctrines; truly their cause must be getting desperate when they make such a pitiful appeal as the following which we quote from the letter referred to above:

"In contemplating this fearful and dangerous condition of affairs, I feel that it is the duty of every good citizen, without reference to his profession or calling, to exert whatever moral and Christian influence he possesses to the bringing of the people together again, and keeping them united and harmonious in their efforts. This cannot be done by public speaking, because the people who are arrayed against the Democratic party will not come out to hear our speakers. They are so prejuced against the party, that they will not believe what our speakers may say, or what our leaders may write. * * * *

"I therefore, appeal to you in the most earnest and solemn manner, begging you to use every effort consistent with your high and sacred calling to bring our people together. Politicians and office-holders generally have lost their power, and are no longer accepted as teachers of correct doctrines."

After reading the above clippings from this wonderful appeal will any one doubt the perilous condition of the Democratic party in Alabama.

The situation in West Virginia is daily becoming more critical for the Democrats and the outlook more favorable for the Republicans. With such men as McKinley, Hiscock, of New York, and more than a score of the ablest Republican speakers in the state, they are giving our Democratic friends to understand what a united party can do when they pull together.

A RESULT.

Before assuring your life or investing your money, examine the Twenty-Year Tontine Policies of the Equitable Life Assurance Society of the U. S.

Policies maturing in 1892 realize cash returns to the owners of amounts varying from 120 to 176 per cent. of the money paid in, besides the advantage of the Assurance during the whole period of twenty years.

The following is one of many actual cases maturing this year:

Endownment Policy No. 70,450.
Issued 1872, at age 30. Amount $10,000.
Premium, $485.30.
Total Premiums paid, $9,706,00.

RESULTS

at End of Tontine Period in 1892

Cash Surrender Value,
$16,321.20.

(Being a return of $168.16 for each $100 paid in premiums, which is equivalent to a return of all premiums paid, with interest at the rate of 6½ per cent. annum).

Or, in lieu of cash,

A Paid-up Life Policy for
$34,050 00

(Equal to $360.09 for each $100 paid in premiums). Or

A Life Annuity of $1,300.00,

One fact is worth a thousand theories. There is no assurance extant in any company which compares with this. The Equitable is the strongest company in the world and transacts the largest business.
