Winter Tours to California.

Some idea of the amount of traveling done by Americans as a people, and the comfort and luxury at their command, is gathered from the Pennsylvania Railroad Company's announcement of its personally-conducted tours for 1893.

First comes a series to the Golden Gate, starting from New York, Philadelphia, and Harrisburg, February 8th, March 2d, and March 29th, 1893. Tourists will travel by superbly-appointed special trains of Pullman drawing-room sleeping, dining, smoking, and observation cars, under the supervision of a Tourist Agent and Chaperon.

Next in importance comes a series of five to Flordia—January 31st, February 14th and 28th, March 14th and 28th. The first four admit of two whole weeks in the sunny South, while tickets for the fifth tour are good to return by regular trains until May 30th, 1893.

They will be conducted on the same general principles, and maintained at that high standard manifested on all Pennsylvania Railroad Company's personally-conducted tours. For information and detailed itineraries now being prepared, apply to Ticket Agents or Tourist Agents, 849 Broadway, New York; 860 Fulton Street, Brooklyn; or 233 South Fourth Street, Philadelphia.

Maryland Dashes.

——Mrs. Newham, of Baltimore, has given a valuable building site in Centrville for the erection of a hall for the use of the W. C. T. U., throughout the county in holding meetings, etc.

——It is postively without a peer. Mr. Walter Brewer, Vinton, Iowa, says: "I had a very bad cough and a few doses of Dr. Bull's Cough Syrup gave relief and effected a cure. I would not be without it in my family."

——The fall of the year is a trying season for elderly people. The many cheerless, dark, dismal days act depressingly, not to say injuriously, on both old and young. Now is the time to re-enforce the vital energies with Ayer's Sarsaparilla—the best of all blood medicines.

——A petiton has been prepared at Chestertown to the governor for a postponement in the time of executing the (Hill) murderers. The attorneys in the case, the county commissioners and others have signed it and Comptroller Smith will present it to the governor. It is desired that the date be changed from Christmas week to the week following.

——A yonug lady from Sudlersville, Md., an ardent Republican, who thought it was not possible for Harrison to be defeated, says the *Clayton Call*, made a wager with an aged Democrat near Blackiston's Cross Roads, in which community she is visiting, that in the event of Cleveland's election, she would wheel him in a wheelbarrow as far as she could. The wager was paid by the young lady wheeling him a half mile, the aged gentleman ringing sleigd bells and singing songs on the journey.

——There is much activity at Centreville on the part of those anxious for official positions. For the State Senate in place of John B. Brown are mentioned R. M. Price, James Brown and P. B. Hopper, the present State's Attorney. The clerkship of the Circuit Court is eagerly sought for by a number, including Messrs. Godwin, Finley, Turpin, F. Legg, John Dodd, George Davidson, Catlin and Dunbracco, the pesent incumbent. The appointment as postmaster is also desired by many, though Mr. Keating's term will not expire until 1894.

——In the Circuit Court of Queen Anne's county Charles Johnson was acquitted of the charge of assault with intent to kill Daniel Wright. Charles Davenport was sentenced to two months in the House of Correction for carrying concealed weapons. The jury rendered a verdict in favor Edwin H. Brown in his suit against Captain James E. Kirwan for $1068. The grand jury completed their work, and their report stated that they found the jail in good sanitacy condition, but that two cells are insecure. The attention of the officers was called to the strict enforcement of the laws relative to carrying concealed weapons and the proper precautions in running traction engines on the public roads. Their report closed with a tribute to William Dever, the late clerk.

Herring is the enterprising gentleman who is making the venture, and has announced that he will soon be ready to receive milk. The plant is one of the largest and contains the most improved machinery of any creamery south of Wilmington, having a capacity of 1,000 gallons of fresh, unskimmed milk daily. The price to be paid for milk will be equivalent to 30 cents per pound for butter. —John M, Voshell, father of O. B. Voshell, and ex-Sheriff James C. Robinson of Smyrna, bondsmen of O. B. Voshell, were at Dover recently and made a satisfactory settlement in the alleged alteration of bank accounts by Voshell while teller of the Smyrna National Bank. According to the work of the expert accountant the apparent shortage amounts to $5,039.27. Of this amount John M. Voshell gave bond for $4,700 and James C. Robinson for $339.27. In order that Mr. Robinson should not lose anything by the transaction, Mr. Voshell transferred to him a lot in Smyrna valued at from $200 to $300. The shortage, it is thought, is due to incorrect book-keeping and is not a defalcation. The expert did not examine the books during the whole period of fourteen years while Mr. Voshell was teller, but the bank entered into an agreement to refund any amount discovered in favor of the teller to the bondsmen.
