THE POWER OF TRUTH.

The following beautiful illustration of the simplicity and the power of truth, is from the pen of S. H. Hammond, formerly editor of the Albany State Register. He was an eye-witness of the scene in one of the higher courts:

A little girl nine years of age, was offered as a witness against a prisoner who was on trial for a felony committed in her father's house.

'Now, Emily,' said the counsel for the prisoner, upon her being offered as a witness, 'I desire to know if you understand the nature of an oath?'

'I don't know what you mean, was the simple answer.

'There, your Honor,' said the counsel, addressing the Court, 'is anything further necessary to demonstrate the validity of my objection? This witness should be rejected. She does not comprehend the nature of on oath.'

'Let us see,' said the Judge. 'Come here, my daughter.'

Assured by the kind tone and manner of the Judge, the child stepped toward him, and looked confidingly up in his face, with a calm, clear eye, in a manner so artless and frank went straight to the heart.

'Did you ever take an oath?' inquired the Judge. The little girl stepped back with a look or horror, and the red blood mantled in a blush all over her face and neck as she answered.

'No, sir.'

She thought he intended to inquire if she had ever blasphemed.

'I do not mean that,' said the Judge who saw her mistake, 'I mean, were you ever a witness before?'

'No, sir; I never was in court before,' was the answer.

He handed her the Bible open.

'Do you know that book, my daughter?'

She looked at it and answered, 'Yes sir, it is the Bible.'

'Do you ever read it?' he asked.

'Yes, sir, every evening.'

Can you tell me what the Bible is?' inquired the Judge.

'It is the word of the great God,' she answered.

'Well, place your hand upon this Bible, and listen to what I say;' and he repeated slowly and solemnly the oath usually administered to witnesses.

'Now,' said the Judge, 'you have sworn as a witness, will you tell me what will befall you if you do not tell the truth?'

'I shall be shut up in the State prison, answered the child.

'Anything else?' asked the Judge.

'I shall never go to heaven, she replied.

'How do you know this?' asked the Judge again.

The child took the Bible; and turning rapidly to the chapter containing the commandments, pointed to the injunction, 'Thou shalt not bear false witness against thy neighbor.' 'I learned that before I could read.'

'Has any one talked with you about your being a witness in court here against this man?' inquired the Judge.

'Yes, sir,' she replied. 'My mother heard they wanted me to be a witness, and last night she called me to her room and asked me to tell her the Ten Commandments and then we kneeled down together, and she prayed that I might understand how wicked it was to bear false witness against my neighbor, and that God would help me, a little child, to tell the truth as it was before him. And when I came up here with father, she kissed me and told me to remember the Ninth Commandment, and that God would hear every word that I said.'

'Do you believe this?' asked the Judge, while a tear glistened in his eye, and his lip quivered with emotion.

'Yes, sir,' said the child, with a voice and manner that showed her conviction of its truth was perfect.

'God bless you, my child,' said the Judge, 'you have a good mother.--- This witness is competent,' he continued. 'Were I on trial for my life, and innocent of the charge against me, I would pray God for such witnesses as this. Let her be examined.'

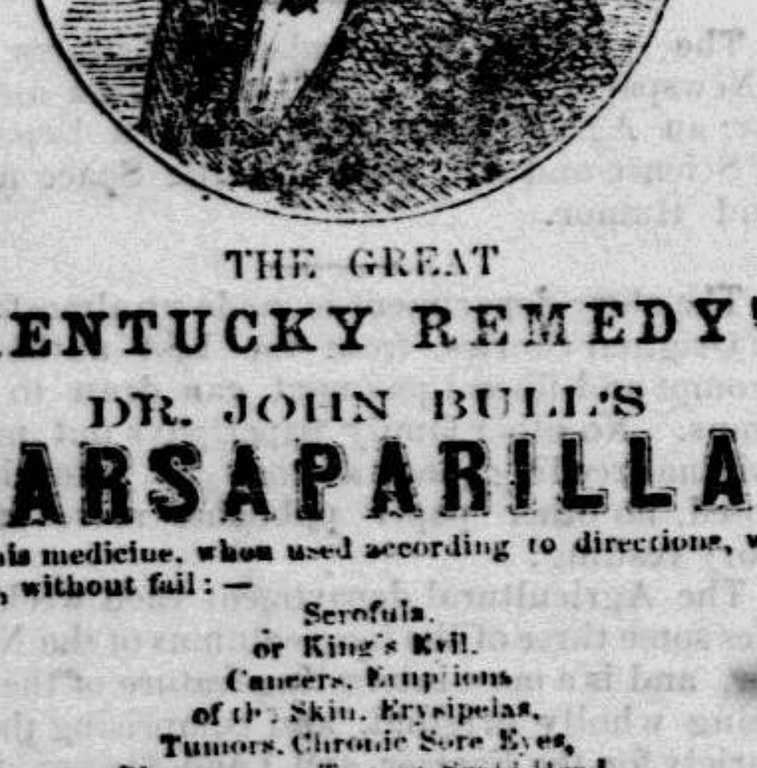

She told her story with the simplicity of a child, as she was, but there was a directness about it which carried conviction of its truth to every heart. She was rigidly cross-examined. The counsel plied her with infinite and ingenious questioning, but she varied from her first statement in nothing.— The truth as spoken by that little child was sublime. Falsehood and perjury had preceded her testimony. The prisoner had intrenched himself in lies. till he deemed himself impregnable.— Witnesses had falsified facts in his favor, and villainy had manufactured for him a sham defence. But, before her testimony, falsehood was scattered like chaff. The little child for whom a mother had prayed for strength to be given her to speak the truth as it was before God, broke the cunning devices of matured villainy to pieces like a potter's vessel. The strength that her mother prayed for was given her, and the sublime and terrible simplicity—terrible I mean to the prisoner and his associates—with which she spoke, was like a revelation from God himself.

THE MOTION OF A CANNON BALL.— The latitude at New York city is 40 deg. 42 min. 10 sec., and as the degrees of longitude diminish in length from the equator to the poles the length of a degree of longitude here is about 52½ miles, or more nearly, say 288, 250 feet. As the earth turns on its axis once in twenty-four hours it carries every thing on its surface, from west to east, to the distance of one degree in four minutes, so that the city of New York, with every thing else in this latitude, is constantly running reund toward the east at the rate of about thirty miles a minute, or more accurately, 1,155 feet in a second. Now this is just about the velocity of an ordinary cannon ball. Hence if a cannon in this latitude is fired when pointing exactly west at a fort, the ball is simply stopped in its eastern motion—the cannon runs away from it, and the fort comes up against the ball with a crash.—*Scientific American.*

DOCTOR
JOHN BULL.

THE GREAT
KENTUCKY REMEDY!
DR. JOHN BULL'S
SARSAPARILLA,

This medicine, when used according to directions, will cure, without fail:—

Scrofula. or King's Evil. Cancers, Eruptions of the Skin, Erysipelas, Tumors, Chronic Sore Eyes, Ringworm or Tetters, Scald Head, Rheumatism, Pains in the Bones or Joints, Old Sores and Ulcers, Swelling of the Glands, Syphilis, Dyspepsia, Salt Rheum, Diseases of the Kidneys, Diseases arising from the use of Mercury, Loss of Appetite, Pain in the Side and Shoulders, General Debility, Lumbago, Coughs, Colds, Dropsy, Jaundice, Costiveness, Bronchitis, Weakness of the Chest, Sore Throat, Pulmonary Affections, and all other Diseases tending to produce Consumption, Liver Complaints, Female Irregularities and Complaints, Low Spirits, Sick and Nervous Headache, Night Sweats, Exposures, or Imprudence in Life, Chronic Constitutional Diseases, and as a Spring and Summer Drink, and General Tonic for the System, and a gentle and pleasant purgative, it is superior to Blue Lick and Congress Water, Salts, or Seidlitz Powders.

It is a remarkable fact, that among the hundreds of eminent physicians who have examined the recipe by which Bull's Sarsaparilla is prepared, not one has condemned it, but all approved it, and commend it in the highest terms. Many physicians express themselves strongly in the belief that it is decidedly the best preparation of Sarsaparilla that has ever been placed before the public. Although there are many physicians who feel a reluctance to having their names appended to the recommendation of any particular remedy, notwithstanding they may approve of it in the highest degree, there are others who frankly yield their support in favor of a remedy which they know is capable of doing so much good in an afflicted community. As an evidence, read the following from old and respectable physicians, of high standing in the community in which they live:

TESTIMONY.

☞ Testimony like the following renders superfluous all comments on the efficacy of Bull's Sarsaparilla. From Dr. L. P. Yandell, Professor of Chemistry in the Louisville Medical College: I have looked over the list of ingredients composing John Bull's Compound Extract of Sarsaparilla, and have no hesitation in saying that they form a safe compound, and one that promises well in chronic diseases, to which it is applicable. L. P. YANDELL, M. D.
Louisville, June 6, 1845.

What Dr. Pyles, physician by appointment to the Louisville Marine Hospital, says of Bull's Sarsaparilla:

LOUISVILLE, March 29, 1848.

I have examined the prescription for the preparation of John Bull's Sarsaparilla, and I believe the combination to be an excellent one, and well calculated to produce an alterative impression on the system. I have used it both in public and private practice, and think it the best article of Sarsaparilla now in use.

M. PYLES, M. D.,
Resident Physician Louisville Marine Hospital

LONDON, KY., April 25th, 1850.

SIR—Permit me to address to you a few lines, and do me the honor to reply to a request that I will make in the conclusion of this letter, etc

I am a graduate of Transylvania Medical University; I have practiced medicine in this wilderness country, about five years, but owing to exposure to bitter cold weather, I have been indisposed with Acute Rheumatism about six months. After having exhausted my skill in the treatment of my case, and deriving no benefit, I was induced to give your FLUID EXTRACT OF SARSAPARILLA a fair trial, and accordingly purchased a bottle of your medicine from your agent, Mr. George P. Brown, about two weeks ago, and I must confess that one bottle has entirely cured me

It is my opinion, that your preparation of Sarsaparilla is decidedly superior to any other preparation now in use, and I will take great pleasure in recommending it to the afflicted as being a remedial agent, and I will advise the physicians to use it in their practice, etc

Respectfully yours, B. B. ALLEN, M. D.

LOUISVILLE, July 13th, 1849

I have examined the list of articles that compose John Bull's Extract of Sarsaparilla, and I have no hesitation in saying that it is a safe and valuable compound. I would prefer it to any article now in use, for the diseases arising from an impure state of the blood or taint of the system I confidently recommend it to my friends as being a powerful Extract, and one that I believe will cure all classes of diseases, for which it is recommended, if used according to directions. I believe it to be a valuable succedaneum to Mercury—Nay, I have my doubts whether in the most violent and protracted cases of syphilis, accompanied with Nodes Trophe, in caries of the bones, whether it ought not to succeed every other remedy.

S. R. McCONACHIE, M. D.
Honorary member of the Medical Society, Philadelphia.

☞ Hear, what Dr. Stapp, a physician who stands at the top of his profession, says of John Bull's Sarsaparilla: I have been using John Bull's Sarsaparilla, in a great variety of chronic diseases, with the most happy effects, and I have no hesitation in recommending it to the public for the cure of scrofula, syphilis, and all cutaneous and glandular diseases. Yours, most fervently,

Lewisport, Ky., April 6, 1849. W. M. STAPP, M. D.

Rev. E. W. SEHON,—Rev. E. STEVENSON.

CONCLUSIVE.—Rev. E. W. Sehon is widely and generally known as an eloquent and accomplished pastor of the M. E. church, and Rev. E. Stevenson has been known as one of the most talented and zealous members that the Kentucky Conference could boast of for many years, and at this time is filling the high and responsible station of agent of the M. E. Book Concern.

LOUISVILLE, May 20th, 1849

We have used John Bull's Sarsaparilla and have known it to be used, with entire satisfaction; and we have no hesitation in stating our belief, that it is a safe and valuable medical compound, and calculated to produce much good and relieve much suffering; and therefore would cheerfully and most earnestly recommend it to the afflicted.

(Signed) E. W. SEHON.
E. STEVENSON.

We earnestly invite all persons who are suffering with any of "the ills that flesh is heir to," to call on Dr. John Bull's agent, and get a copy of Bull's Family Journal GRATIS; and for the sake of humanity, we hope that a single individual will not be found unwilling to give Bull's Sarsaparilla a TRIAL, after reading, and recollecting, at the same time, that it is impossible for the Doctor to publish the tenth part of the number of certificates of astounding cures peformed by his Sarsaparilla. The amount of testimony voluntarily showered on Dr. Bull's Sarsaparilla, from well known and distinguished individuals, both in public and private life, has been perfectly overwhelming

The Tribune for 1861.

Prospectus.

THE XXth Volume of THE WEEKLY TRIBUNE commenced with the issue of September 1. During the past year the Tribune has been obliged to devote quite a large proportion of its space to Politics, but we shall soon be able to for go Political discussion almost entirely, for months if not for years, and devote nearly all our coloms to subjects of less intense, but more abiding, interest. Amongthese, we mean to pay especial attention to

1. EDUCATION.—The whole subject of Education both Popular and General, will be discussed in our columns throughout the year 1861, and we hope to enlist in that discussion some of the profoundest thinkers and the ablest instructors in our country. It is at once our hope resolve that the cause of Education shall receive an impetus from the exertions of the Tribune in its behalf during the year 1861.

2.—AGRICULTURE.—We have been compelled to restrict our elucidations of this great interest throughout 1860, and shall endeavor to atone there for in 1861. Whatever discovery, deduction, demonstration, is calculated to render the reward of labor devoted to cultivation more ample or more certain, shall receive promt and full attention.

3.—MANUFACTURES, &c.—We hail every invention or enterprise whereby American Capital and Labor are attracted to and advantageously employed in any deparment of Manufacturing or Mechanical Industry and real contribution of the Public Weal, insuring ampler, steadier, more convenient, more convenient, more remunerating markets to the Farmer, with fuller employment and better wages to the Laborer The Progress of Mining Iron-making, Steel-making, Cloth-weaving, &c., &c., in our country, and the world, whall be watched and reported by us with an earnest and active sympathy.

4.—FOREIGN AFFAIRS.—We employ the best correspondents in London, Paris, Turin, Berlin, and other European capitals to transmit us early and acurate advices of the great changes there silently but certainly preparing.— In spite of the pressure of Domestic Politics, our News from the Old World is now varied and ample; but we shall have to render it more perfect during the eventful year just before us.

5.—HOME NEWS.—We employ regular paid correspondents in California, at the Isthmus of Darien, in the Rocky Mountain Gold Region, and wherever else they seem requisite. From the more accessible portions of our own country, we derive our information mainly from the multifarious correspondents of the Associated Press, from our exchanges, and the occasional letters of intelligent friends. We aim to print the cheapest general newspaper, with the fullest and most authentic summary of useful intelligence that is anywhere afforded. Hoping to 'make each day a critic on the last," and print a better and better paper from year to year, as our means are steadily enlarged through the generous cooperation of our many well-wishers, we solicit and shall labor to deserve a continuance of public favor.

THE
Dollar Newspaper
PHILADELPHIA.

THE only Family Paper afforded to subscribers at

One Dollar Per year!

An Original Novelet or Maral Story, in every paper during the entire year, from such authors as: P. Hamilton Myers, J. S. Browne, J. A. Wright, Joseph Anthony, Sandy Harris, Dr W. M. Turner, L. R. Peet, L. A. Crandall, Arthur Brittany, C. W. Alexander, Jos. S. Crow, E. S. Ellis, E. T. George, A. L. Otis, Miss Caroline Chesebro, Mrs. M. A. Edwards, Miss S. J. C. Whittlesy, Mrs. Edward Morton, Miss A. S. Philson, Sybil Hastings, Jane F. Bond, Esther Langdon, Mrs. Mary Whittaker, Meta Viceoria Victor, Mrs. M. A. Ford, Frances Faller Barrett, M. L. Southwick, Clara Augusta, Mrs. Mary A. Denison, Miss Emma Garrison, Mrs. Tamar Davis, Mrs. B. C. Hirst, Mrs. Mary Osgood, Mrs. C. P. Willaston, Mrs. Chas. S. Hicks, Fanny B. Russell, Mrs. Rathburn, Mrs. M. F. Ames, Miss S. A. Browne, Miss E. Bogart, Miss Harriet M. Buam and Miss R. S. Clarke.

The greatest destinguishing features of the "Newspaper," are Utility, Infoamation and Variety; an Agricultural Department, a Department of Science and Art, with a Little Space for Wit and Humor.

The story department is made up almost wholly of Original Stories, from the best anthors that prompt and liberal payment can draw to its columns. No other family paper pays out more for original reading, and, as may be naturally supposed, no other paper publishes more or better story reading.

The Agricultural department each week, occupies some three of the long columns of the Newspaper, and is a most interesting feature of the paper, being wholly original, and comprising the usual variety for the Farmer and Land Owner, the Orchardist and Gardner, the Dairyman and Apiarian, the Grazier and Breeder, and for all who are interested in the Poultry Yard, Natural History, Rural Architecture, Agricultural Shows, new implements and plants, as well as for the housewife and the fireside, Science and the Mechanic Arts. Under this head may be weekly found a column devoted to Mechanical and Chemical Arts, Patents Inventions, Improvements in Machinery, Engineering, &c., the aim being to present all subjects discussed, in a plain and popular form. Original Letters, &c. From writers in the country we shall have weekly letters, descriptive of the resources, character and habits of the people in various sections of the Union. Letters from Washington of the political movements of parties, letters from New York, of the business doings of that great Commercial centre, will be continued, and in the midst of a great Presidential canvass, as the country is, these letters will have especial interest.

The News and Market Reports. In office machinery and other facilities for printing a cheap Family Paper the Dollar Newspaper is unequalled. With monster machines capable of printing 20,-000 copies per hour, its columns can be held open for news to within a few hours of the date of publicatiod. It is thus enabled topublish the latest and most reliable market reports.
