CONGRESS.

THURSDAY, Feb. 7.—The Senate concurred in the House amendment to the bill to prevent smuggling. A dispatch was sent to the clerk's desk to be read, announcing that the Tennessee Legislature had passed the universal suffrage bill. The judiciary committee reported favorably on the House bill to amend the act for enrolling and calling out the national forces, which amendment provides for the suspension of all awards to loyal owners of slaves enlisted in the United States service, and abolishes all commissions appointed to make the awards. The committee also reported, with an amendment, the bill authorizing the President to prevent the infliction of corporal punishment in the late rebellious States. The legislative, executive and judicial appropriation bill was taken up, and several amendments agreed to, among them one increasing the salaries of the United States district judges—that of the judge for Maryland being fixed at $4,500. The House passed a bill making an appropriation of $74,500 to supply deficiencies in the contingent fund of the House. The retrenchment committee reported in regard to the alleged fraudulant sale of gold at the New York sub-treasury. They state that there is no foundation whatever for the charge. Mr. Ashley, of Ohio, made a statement denying the allegation that in his impeachment project he intended to include General Grant as well as the President. The House then took up the bill reported by Mr. Stevens, from the reconstruction committee, to establish military authority in the Southern States. A protracted debate ensued, which was continued during the evening session. Several amendments were proposed.

FRIDAY, Feb. 8.—In the Senate the House bill increasing the compensation of the quartermaster sergeant, of the batallion of engineers led to a spirited debate, but was finally passed. The legislative, executive and judicial appropriation bill was then taken up, and after the adoption of several amendments, among them one leaving out the appropriation for the publication of the debates of Congress in the Congressional Globe, was also passed.—The bill for the admission of Nebraska was next called up, and passed over the President's veto by a two-thirds vote—yeas 31, nays 9. It now goes to the House. The great point of interest in the House was the consideration of Mr. Steven's bill to establish military authority in the Southern States. A long and excited debate ensued, and finally a demand for the previous question on the bill was defeated—yeas 62, nays 82. A substitute was then proposed, but without further action the House adjourned.

SATURDAY, Feb. 9.—In the Senate, the bill making appropriations to supply deficiencies in the contingent expenses of the House was passed. The motion to reconsider the vote by which the bankrupt bill was rejected was taken up and carried, and the vote reconsidered, but no further action taken. The bill regulating the charges for postal money orders was then taken up and passed. After the announcement of the death of the late Henry Grider, of Kentucky, and the passage of the customary resolutions, the Senate adjourned. The consideration of the bill reported from the committee on reconstruction was resumed in the House, pending which the bill admitting Nebraska as a State was taken up and passed, notwithstanding the President's objections, after which the consideration of Mr. Stevens's bill was resumed, taking up most of the day. Hon. Henry Grider's death was announced, and the House adjourned. The bill for the admission of Nebraska was called up and passed, so that it has now passed both houses over the President's veto The Legislature of Nebraska has, however, to formally declare that there shall be no denial of the elective franchise or other right by reason of race or color, before the act take effect.

MARYLAND LEGISLATURE.

THURSDAY Feb. 7.—The Senate agreed with the House to appoint a joint committee to examine the condition of the State tobacco warehouses. The new bill providing for the election of a mayor and city council in Baltimore fixes the day of election on Wednesday, the 13th of March. The Comptroller of the Treasury informed the House that he has already commenced the payment of claims for bounties due enlisted men and former owners of slaves who enlisted during the late war. The resolutions declaring that propositions to alter the constitution should emanate from the Legislature, and that the power of the Legislature to submit questions to the vote of the people cannot be limited by the constitution, were adopted. The Allegany contested election case was taken up and discussed. The Speaker of the House has issued his warrant for the election of a delegate from Cecil county, in place of Mr. Magraw, deceased.

FRIDAY, Feb. 8.—The bill providing for the selection and drawing of juries in Washington, Frederick and Carroll counties was taken up, and after debate was passed. The Senate adjourned until Monday. In the House, leave was obtained to report a bill to establish the eight-hour system as a legal day's work for all the mechanics in this State. The consideration of the bill relating to Sunday cars in Baltimore was postponed until Monday. After transacting other business, the discussion of the Allegany contested election case was resumed.

SATURDAY, Feb. 9.—There was no session of the Senate. In the House, after some debate, the Allegany county contested election case was postponed until Tuesday. A bill was reported to repeal the present system of public schools in this State, and to establish a general system of free instruction. Several other bills were reported, but no business of general interest transacted.

EXECUTION OF A MURDERER.—Andrew P. Armstrong, convicted of the murder of his wife, was executed on Friday last, at New Castle, Del., in the presence of a large throng of spectators. The Wilmington Commercial says:

He admitted that he killed his wife, though he insisted that he did it in the heat of passion, after she had already attacked him with a hatchet. His version of the affair was that his wife attacked him with a hatchet when he was entering the room, that she struck him on the head, and that he warded off the blow, and in a rage wrested the weapon from her and struck her the blow which killed her, and then, frightened at what he had done, he buried her in the pig-pen to conceal his crime This statement is not consistent with the evidence, as nothing was more clearly proved than that the blow was struck when the woman's back was turned towards him.

DEATH OF MRS. GENERAL SICKLES.—General Sickles was called to New York on Tuesday night by the intelligence of the serious illness of Mrs. Sickles, and on Wednesday news was received of her death. Mrs. Sickles was the daughter of Professor Bagioli, of New York, and is remembered as one of the most brilliant and fashionable women ever seen in Washington. She was elegantly educated and gifted with the most fascinating manners. She was married to General Sickles very young, and her first appearance, at the height of her youthful beauty, during General Pierce's administration, will long be recollected. Since the terrible tragedy with which her name was unhappily connected she has steadily excluded herself from all the circles in which she was at one time a welcome and leading participant. The cause of her death was believed to be the heart disease.—*Washington Chronicle.*

The following are the appointments of Governor Swann, made last week, and submitted to the Senate for confirmation. STERLING PRICE.—A correspondent of the Cincinnatti (O) *Commercial* says:—"Last Sunday I saw in St. Louis, at the Southern Hotel, Sterling Price. I saw before me a poor old man, whom peace and honor made plethoric, whom war has made bald and lean. His great shoulders bent under their dwindled flesh; his feet were shrunken in their gaiters and rattled like a pair of spurs; he had lost the battle-light from his eyes, the bronze from his knuckles; his voice of command was lost so that the waiter bent to his lips to hear his choice of soups. Destitute in his disappointed age, the spectre of the dining table, one-half of the guests who looked upon him pitifully had been his soldiers in the war. Three times he swept Missouri—slew Lyon, stormed Mulligan, bearded Jeff. Davis. Now he eats like the seventh stage of man."

THE usual dullness of Athens, Ga., was enlivened the other day by a woman whipping her husband through the streets with a large hickory.

☞ A YOUNG LADY returning to her country home, after a sojourn of a few months in the City, was hardly recognized by her friends. In place of a coarse, rustic, flushed face, she had a soft ruby complexion of almost marble smoothness, and instead of twenty-three she really appeared but eighteen. Upon inquiry as to the cause of so great a change, she plainly told them that she used the ORCASSIAN BALM, and considered it an invaluable acquisition to any Lady's toilet. By its use any Lady or gentleman can improve their personal appearance an hundred fold. It is simple in its combination, as Nature herself is simple, yet unsurpassed in its efficacy in drawing impurities from, also healing, cleansing and beautifying the skin and complexion. By its direct action on the cuticle it draws from it all impurities, kindly healing the same, and leaving the surface as nature intended it should be, clear, soft, smooth and beautiful. TO OWNERS OF HORSES.

Thousands of horses die yearly from colic.—This need not be. Dr. Tobias' Venitian Horse Liniment will positively cure every case, if given when first taken. The cost is only one dollar. Every owner of a horse should have a bottle in his stable, ready for use. It is warranted superior to anything else for the cure of Cuts, Wind Galls, Swellings, Sore Throat, Sprains, Bruises, Old Sores, &c. This Liniment is no new remedy. It has been used and approved of for 19 years by the first horsemen in the country. Given to an over-driven horse, it acts like magic. Orders are constantly received from the racing stables of England for it. The celebrated Hiram Woodruff, of trotting fame, has used it for years, and says it is far superior to any other he has tried. He kindly permits me to refer to him. His address is East New York, Long Island. Recollect, Dr. Tobias' Venitian Horse Liniment is put up in pint bottles. Take no other. Sold by the Druggists and Saddlers. CONSUMPTION CURABLE BY DOCTOR SCHENCK'S MEDICINES.

TO CURE CONSUMPTION, the system must be prepared so that the lungs will heal. To accomplish this, the liver and stomach must first be cleansed and an appetite created for good wholesome food, which, by these medicines, will be digested properly, and good healthy blood made; thus building up the constitution. SCHENCK'S MANDRAKE PILLS cleanse the stomach of all bilious or mucous accumulations; and, by using the Sea Weed Tonic in connection, the appetite is restored.

SCHENCK'S PULMONIC SYRUP is nutricious as well as medicinal, and, by using the three remedies, all impurities are expelled from the system, and good, wholesome blood made, which will repel all disease. If patients will take these medicines according to directions, Consumption very frequently in its last stage yields readily to their action. Take the pills frequently, to cleanse the liver and stomach. It does not follow that because the bowels are not costive they are not required, for sometimes in diarrhœa they are necessary. The stomach must be kept healthy, and an appetite created to allow the Pulmonic Syrup to act on the respiratory organs properly and allay any irritation Then all that is required to perform a permanent cure is, to prevent taking cold. Exercise about the rooms as much as possible, eat all the richest food—fat meat, game, and, in fact, anything the appetite craves; but be particular and masticate well. [2nd w. ea. mo.

MADE BY THE GREAT ASTOLOGIST,

Madame H. A. PERRIGO.

She reveals secrets no mortal ever knew. She restores to happiness those who, from doleful events, catastrophies, crosses in love, loss of relations and friends, loss of money, &c., have become despondent. She brings together those long separated, gives information concerning absent friends or lovers, restores lost or stolen property, tells you the business you are best qualified to pursue and in what you will be most successful, causes speedy marriages and tells you the very day you will marry, gives you the name, likeness and characteristics of the person. She reads your very thoughts, and by her almost supernatural powers unveils the dark and hidden mysteries of the future. From the stars we see in the firmament—the malefic stars that overcome or predominate in the conflagration—from the aspects and positions of the planets and the fixed stars in the heavens at the time of birth, she deduces the future destiny of man. Fail not to consult the greatest Astrologist on earth. It costs you but a trifle, and you may never again have so favorable an opportunity. Consultation fee, with likeness and all desired information, $1. Parties living at a distance can consult the Madame by mail with equal safety and satisfaction to themselves, as if in person. Reparator Capilli.

Throw away your false frizzes, your switches, your wig—
Destructive of comfort, and not worth a fig;
Come aged, come youthful, come ugly and fair,
And rejoice in your own luxuriant hair.

REPARATOR CAPILLI.

For restoring hair upon bald heads (from whatever cause it may have fallen out) and forcing a growth of hair upon the face, it has no equal. It will force the beard to grow upon the smoothest face in from five to eight weeks, or hair upon bald heads in from two to three months. A few ignorant practitioners have asserted that there is nothing that will force or hasten the growth of the hair or beard. Their assertions are false, as thousands of living witnesses (from their own experience) can bear witness. But many will say, how are we to distinguish the genuine from the spurious? It certainly is difficult, as nine-tenths of the different Preparations advertised for the hair and beard are entirely worthless, and you may have already thrown away large amounts in their purchase. To such we would say, try the Reparator Capilli; it will cost you nothing unless it fully comes up to our representations. If your Druggist does not keep it, send us one dollar and we will forward it, post-paid, together with a receipt for the money, which will be returned you on application, providing entire satisfaction is not given.
