THE MILL DAMS.—No less than twenty-eight mill dams were injured in Sussex county during the late storm. About a dozen in Kent have also been injured, viz: Casperson's, Denny's, Hoffecker's, Daniel's, Moore's, Conner's, near Magnolia, Sharp's and Griffin's near Milford, Blackswamp and Jester mills, and others. T. B. Courtney had to cut the "breasting" out of his saw and grist mills.—*Smyrna Times.*

BROKE JAIL.—The three negro men confined in our jail for the attempted murder of Mr. Benjamin Seegar, about two months since, made their escape on last Wednesday night. They were confined in one of the lower cells, and picked their way out through the fire-place, there being but a single brick between the back of the fire-place and the "outside world" They are still at large.—*Centreville Citizen.*

THE MUSKRATS.—The recent storm was hard on muskrats. At Leipsic, hundreds were shot whilst seeking *terra firma*—their houses being inundated. At Milford, one man is said to have killed over a hundred in two days. Their hides are worth 22 cts. apiece in this town. They are the only thing not mentioned in the internal revenue law, it is stated.—*Smyrna Times.*

CHILDREN'S LIVES SAVED FOR 50 CTS.

Thousands of children die annually of Croup Now, mothers, if you would spend 50 cents and always have a bottle of Dr. Tobias' Venetian Liniment in the house, you never need fear losing your little one when attacked with this complaint. It is now 19 years since I have put up my Liniment, and never heard of a child dying for Croup when my Liniment was used; but hundreds of cases of cures have been reported to me, and many state if it was $10 per bottle they would not be without it. Besides which it is a certain cure for Cuts, Burns, Headache, Toothache, Sore Throats, Swellings, Mumps, Colic, Diarrhœa, Dysentery, Spasms, Old Sores and pains in the back and chest. No one once tries it who is ever without it. It is warranted perfectly safe to take internally. Full Directions with every bottle. Sold by the Drugists. Depot, 56 Cortlandt Street, N. Y. [m-21-7w

ALLCOCK'S POROUS PLASTERS.

HARTFORD, Conn., Nov. 11, 1864.

Messrs THOS. ALLCOCK & Co.—Please send, with dispatch, twelve dozen Allcock's Porous Plasters. Our daily experience confirms their very superior excellence. At this moment of writing a man applies for one, who, by entanglement in the shaft of machinery, had both his legs broken, spine severely injured, and was for nearly a year helpless. This man found relief very soon by the application of a plaster to his spine. He was soon enabled to work, and now he labors as well as ever. He would cheerfully pay $5 for a single Plaster if they could not be had at a lower rate. I am surprised that surgeons do not make use of these perforated plasters to the exclusion of all others, as their flexibility and adhesiveness are greatly in advance of all other plasters with which I am acquainted; while the pertormations peculiar to them rendered them greatly superior to all others for ordinary surgical uses. Knowing the plasters to be so useful, I have no scruples that my sentiments should be known.

CONSUMPTION CURABLE BY DOCTOR SCHENCK'S MEDICINES.

To CURE CONSUMPTION, the system must be prepared so that the lungs will heal. To accomplish this, the liver and stomach must first be cleansed and an appetite created for good wholesome food, which, by these medicines, will be digested properly, and good healthy blood made; thus building up the constitution. SCHENCK'S MANDRAKE PILLS cleanse the stomach of all bilious or mucous accumulations; and, by using the Sea Weed Tonic in connection, the appetite is restored.

SCHENCK'S PULMONIC SYRUP is nutricious as well as medicinal, and, by using the three remedies, all impurities are expelled from the system, and good, wholesome blood made, which will repel all disease. If patients will take these medicines according to directions, Consumption very frequently in its last stage yields readily to their action. Take the pills frequently, to cleanse the liver and stomach. It does not follow that because the bowels are not costive they are not required, for sometimes in diarrhœa they are necessary. The stomach must be kept healthy, and an appetite created to allow the Pulmonic Syrup to act on the respiratory organs properly and allay any irritation Then all that is required to perform a permanent cure is, to prevent taking cold. Exercise about the rooms as much as possible, eat all the richest food—fat meat, game, and, in fact, anything the appetite craves; but be particular and masticate well. [3nd w. ea. mo.

MADAME E. F. THORNTON, the great English Astrologist, Clairvoyant and Psychometrician, who has astonished the scientific classes of the Old World, has now located herself at Hudson, N. Y. While in a state of trance, she delineates the very features of the person you are to marry, and by the aid of an instrument of intense power, known as the Psychomotrope, guarantees to produce a life-like picture of the future husband or wife of the applicant, together with date of marriage, position in life, leading traits of character, &c. This is no humbug, as thousands of testimonials can assert. She will send, when desired a certified certificate, or written guarantee, that the picture is what it purports to be. ☞A YOUNG LADY returning to her country home, after a sojourn of a few months in the City, was hardly recognized by her friends. In place of a coarse, rustic, flushed face, she had a soft ruby complexion of almost marble smoothness, and instead of twenty-three she really appeared but eighteen. Upon inquiry as to the cause of so great a change, she plainly told them that she used the CIRCASSIAN BALM, and considered it an invaluable acquisition to any Lady's toilet. By its use any Lady or gentleman can improve their personal appearance an hundred fold. It is simple in its combination, as Nature herself is simple, yet unsurpassed in its efficacy in drawing impurities from, also healing, cleansing and beautifying the skin and complexion. Analysis of the Schuylkill Lime.

St. JOHN'S COLLEGE, ANNAPOLIS,
January 11, 1860.

P. T. TYSON, *Maryland State Geologist:*

DEAR SIR:—During our interview at Annapolis some months since, you expressed the opinion that the analysis of lime for publication in your reports should be taken of samples *as the cargo is delivered on the farm.* You will remember that I told you that I had such a sample taken last April while on a visit to my farm.—I annex the analysis, and think that it represents one of the best varieties of the "Schuylkill Lime of Pennsylvania." The sample was taken before it was slaked, and represents a great many lumps from different parts of a cargo of 2,000 or 3,000 bushels. These were powdered and fairly sampled—the balance of the sample being preserved in glass in our cabinet.

I paid 12 1-2 cents per bushel unslaked, and have since obtained 1,000 bushels from the same source. The sample taken from the second load was taken beneath the surface of the heap, and from several parts of the heap after it had been slaked for several weeks on my farm.

I am thus particular in giving you the circumstances under which this sample was taken—as you told me that it was your intention to procure samples representing the lime that the manufacturer sells to the farmer, "and not such as is sent for analysis."

The cargo was "*accidentally*" pretented at landing during my visit to my farm, and the captain assured me that it was from the quarries of W. B. RAMBO, near Norristown, Montgomery county, Pennsylvania.

The slaked lime referred to above was soluble in *dilute* acetic acid, except about six per cent. (6.22) and yielded 107. of pure carbonate of lime obtained by precipitating the *acid* solution with oxalic acid, and then heating the oxalate by the usual process.
