CLOTHING.

THE undersigned would say, most respectfully, to the community generally, that he keeps on hand an assortment of

Cloths, Cassimeres and Vestings,

to suit the seasons, at his tailoring establishment, No. 58 W. Fayette street, Baltimore Md. Past experience induces me to say that I can give you as good a fit, and as much for the money, as any in the trade. If you will take the trouble to compare prices, I am sure you will give me a trial. As respects a fit, no one need hesitate; none shall go away without entire satisfaction. I would rather lose the sale of a garment, than a customer should hold me in unfavorable remembrance every time he puts it on. This is no humbug. Those who know me well will subscribe to what I say. My first object is to promote my own interest; the second, yours. Come and realize the fact. Persons furnishing their own goods can have them made and trimmed in good style. Attention also paid to REPAIRING.

D. D. TAYLOR,
No 58 Fayette St., between Calvert & North, one-half square East from Barnum's Hotel.

Sale of Real Estate
—IN—
CAROLINE COUNTY, MARYLAND

On the 11th Day of June

I will offer at public sale, at the Court House in Denton, my farm containing about

280 Acres of Land,

lying about one and a-half miles east of Denton, on the road leading to the Three Bridges —rather more than 100 acres being on the north of said road, the remainder on the South side. There is considerable

TIMBER

on both sides of the said road, and the land is so situated it would make two farms. The Dwelling, Barn, and other buildings are on the South side of the road.

The neighborhood is healthy, and Denton has two or three churches and good schools, there is a flour and saw mill one mile east of the dwelling.

Payments easy. Attendance given and terms made known by
my23-ts WM. A. TATEM.

SPECIAL NOTICE COLUMN.

DR. SCHENCK'S MANDRAKE PILLS, A SUBSTITUTE FOR CALOMEL.

These Pills are composed of various roots, having the power to relax the secretions of the liver are promptly and effectually as the blue pill or mercury, and without producing any of those disagreeable or dangerous effects which often follow the use of the latter.

In all billious disorders these pills may be used with confidence, as they promote the discharge of vitiated bile, and remove those obstructions from the liver and biliary ducts, which are the cause of billious affections in general.

SCHENCK'S MANDRAKE PILLS cure Sick Headache, and all disorders of the Liver, indicated by sallow skin, coated skin, costiveness, drowsiness, and a general feeling of weariness and lassitude, showing that the liver is in a torpid or obstructed condition.

In short, these Pills may be used with advantage in all cases when a purgative or alterative medicine is required.

Please ask for "Dr. Schenck's Mandrake Pills," and observe that the two likenesses of the Doctor are on the Goverment stamp—one when in the last stage of Consumption, and the other in his present health.

Sold by all Druggists and dealers. Price 25 cents per box. Principal Office, No. 15 North 6th Street, Philadelphia, Pa.

☞ A YOUNG LADY returning to her country home, after a sojourn of a few months in the City, was hardly recognized by her friends. In place of a coarse, rustic, flushed face, she had a soft ruby complexion of almost marble smoothness, and instead of twenty-three she really appeared but eighteen. Upon inquiry as to the cause of so great a change, she plainly told them that she used the CIRCASSIAN BALM, and considered it an invaluable acquisition to any Lady's toilet. By its use any Lady or gentleman can improve their personal appearance an hundred fold. It is simple in its combination, as Nature herself is simple, yet unsurpassed in its efficacy in drawing impurities from, also healing, cleansing and beautifying the skin and complexion. By its direct action on the cuticle it draws from it all impurities, kindly healing the same, and leaving the surface as nature intended it should be, clear, soft, smooth and beautiful. Price $1, sent by Mail or Expres, on receipt of an order by

GROVER & BAKER'S
Family Sewing Machines.

THESE Machines are superior to all others for family use, for the following reasons:

They sew with two threads direct from the spools, and require no rewinding.

They are more easily understood and used, and less liable to derangement, than any other machines

They are capable of executing perfectly, without change of adjustment, a much greater variety of work than other machines.

The stitch made by these machines is much more firm, elastic, and durable, especially upon articles that require to be washed and ironed, than any other stitch.

This stitch, owing to the manner in which the under thread is inwrought, is much the most plump and beautiful in use, and retains this plumpness and beauty, even upon articles frequently washed and ironed, until they are worn out.

The structure of the seam is such, that, tho' it be cut or broken at intervals of only a few stitches, it will neither open, run nor ravel, but remains firm and durable.

Unlike other machines, these fasten both ends of the seam by their own operation.

With these machines, while silk is used upon the right or face side of the seam, cotton may be used upon the other side, without lessening the strength or durability of the seam. This can be done on no other machine, and is a great saving upon all articles stitched or made up with silk.

These machines, in addition to their superior merits as instruments for sewing, execute the most beautiful and permanent embroidery and ornamental work.

The above points of superiority are fully established by the sworn testimony in the recent case before the United States Patent Office, and by letters from all parts of the country.

☞ REV. B. F. BENSON, agent in Denton, will furnish the above machines at Baltimore prices, and will teach those who buy of him to operate them, gratis.

LETTER FROM MRS. T. H. KEMP.

To Rev. B. F. Benson:—

After having fully tested the Grover & Baker Sewing Machine, purchased through your agency, I take pleasure in saying I am delighted with it. My sewing is now an amusement, rather than labor. The work it required me a week to do by hand I now accomplish in two days with my machine. I am decidedly pleased with the beauty, elasticity, and durability of the stitch, as well as the convenience with which the machine may be adjusted to all kinds of family sewings. With the aid of two lessons from you, I learned to use the machine. My experience, and my judgment, incline me to say, you will confer a great favor on any family to whom you may sell. I never was better satisfied with the use of the same amount of money.

Yours truly,
ap11-6m S. E. KEMP.

ROAD NOTICE.

WHEREAS, a certain commission has been issued by the County Commissioners for Caroline county, bearing date the 14th day of May, 1867, reciting that sundry citizens, residents of Caroline county, have petitioned the Commissioners for Caroline county asking the grant of a public road to begin at a point on the line dividing the States of Maryland and Delaware, where a public road is now located in the State of Delaware, and thence running through the lands of R. B. Culbreth, W. F. Culbreth, H. C Culbreth, Alex. Murphy and S. D. McGonigal in the most direct and practicable way until it intersects the road leading from Choptank river to Goldsborough Station on the Md. & Del. Railroad.

Now, notice is hereby given to all persons and parties concerned, and to the public, that the undersigned examiners will meet at the beginning of said road, on THURSDAY, the 6th day of June, next, at 10 o'clock, A. M., and will proceed to examine and determine whether or not the public convenience require said road should be opened, and if upon examination we should be of opinion and so determine in our judgments that the public convenience requires said road should be opened, to locate and open the same agreeably to said commission and the Code of Public General Laws in such case made and provided, and we will continue in the execution of said commission from day to day, if necessary, until the same is completed.

BUILDING OR LAND, &c., &c.

☞ It will be sent by navigation to all points on the Delaware and Chesapeake Bays, and their tributaries, not reached by Railroad.

THIS LIME

IS CONSIDERED

BY COMPETENT JUDGES

—TO BE—

Beyond All Question

THE BEST NOW OFFERED

In this Market.

Analysis of the Schuylkill Lime.

ST. JOHN'S COLLEGE, ANNAPOLIS, January 11, 1860.

P. T. TYSON, *Maryland State Geologist:*

DEAR SIR:—During our interview at Annapolis some months since, you expressed the opinion that the analysis of lime for publication in your reports should be taken of samples *as the cargo is delivered on the farm.* You will remember that I told you that I had such a sample taken last April while on a visit to my farm.—I annex the analysis, and think that it represents one of the best varieties of the "Schuylkill Lime of Pennsylvania." The sample was taken before it was slaked, and represents a great many lumps from different parts of a cargo of 2,000 or 3,000 bushels. These were powdered and fairly sampled—the balance of the sample being preserved in glass in our cabinet.

I paid 12 1-2 cents per bushel unslaked, and have since obtained 1,000 bushels from the same source. The sample taken from the second load was taken beneath the surface of the heap, and from several parts of the heap after it had been slaked for several weeks on my farm.

I am thus particular in giving you the circumstances under which this sample was taken —as you told me that it was your intention to procure samples representing the lime that the manufacturer sells to the farmer, "and not such as is sent for analysis."

The cargo was *"accidentally"* pretented at landing during my visit to my farm, and the captain assured me that it was from the quarries of W. B. RAMBO, near Norristown, Montgomery county, Pennsylvania.

Moisture, &c., expelled by a full red heat continued for about 15 minutes,	05.64
Sand or Insoluble Matter,	00.85
Phosphoric Acid, Iron and Alumina,	03.65
Lime—Oxide of Calcium or Quick-lime,	56.24
Magnesia,	32.79
Soluble Silica,	00.83
	100.00

The slaked lime referred to above was soluble in *dilute* acetic acid, except about six per cent. (6.22) and yielded 107. of pure carbonate of lime obtained by precipitating the *acid* solution with oxalic acid, and then heating the oxalate by the usual process.

Yours, respectfully,
DAVID STEWART, M. D.
