Local Intelligence.

The Orphans Court of Caroline county will sit on Tuesday, August 13th, 1867.

—The communication of Justice was crowded out this week. It shall appear in our next.

Beyond the Mississippi.

This is the title of a new work just published by the National Publishing Company, of Philadelphia. Read their advertisement, and there will be found the nature of the publication.

PERSONAL.—Howard M Jenkins, of the Wilmington *Daily Commercial*, will accept our thanks for a copy of his pamphlet entitled The Republican Form, being a constitutional inquiry as to whether a Republican form of government exists in the States of Delaware, Maryland and Kentucky, particularly the former.

—Over-exertion, either of body or mind produces debility and disease. The usual remedy is to take some stimulant, the effect of which is the same as giving a tired horse the whip instead of oats.—The true way is to fortify the system with a permanent tonic like the Peruvian Syrup, (a protoxide of iron), which gives strength and vigor to the whole system.*

Runaway and Accident.

On Wednesday of last week as Mrs Carlisle, wife of Mr. James Carlisle, who resides on the Dunning farm, was descending the hill at Hillsboro' in a carriage, the horse became frightened and ran down the hill at full speed. Ahead of the carriage was three large wagons, and Mrs. C. reined out her horse in order to go by, but in some manner the horse upset the carriage, throwing Mrs. C. out, cutting her face and bruising her side.—The carriage was torn to pieces.

New Store at Ridgely.

We call the attention of our readers to the advertisements of Messrs. Ridgely & Maclary, among our new advertisements. We know of no better recommendation to public favor than the following extract from a letter they sent us:

"We are admirably situated for business, occupying the large Depot and Warehouse building here, immediately upon the track, with all conveniences for receiving and shipping grain, fruit or other products Both of us are practical and experienced men and expect to give personal supervision and direction to all business entrusted to our care."

Peaches.

The first peaches that have been sent to market from this section were shipped by Mr. James G. Redden on Monday morning last. We are informed that several others will have peaches ripe enough for shipment by the last of the present week. We see by our exchanges that peaches have been going to Philadelphia by the Delaware Railroad for some time, but we presume that they were grown in Virginia and further South.

Since the above was put in type, Mr A. N. Davis, of the 4th District, informs us that he shipped four boxes for New York on Saturday last. This is the earliest shipment from this county that we have heard of.

Important to Peach Growers.

As soon as the peach season shall have been fairly begun, the owners of the Individual Enterprise Steamboat Line will furnish extra accommodations to the peach growers of this county. Four trips per week will be made between this place and Baltimore, by the steamers of this line, the Champion running as now, and the Highland Light, on and after the 14th inst., leaving the wharf at Denton Bridge every Thursday morning at 6 o'clock.—They have also made arrangements for the shipment of peaches for Philadelphia and New York, thus saving the peach growers in the vicinity the trouble of hauling their fruit to the Railroad. Their rates from Baltimore will be; to Philadelphia, 20 cts.; to New York, 25 cents.—Boxes returned free.

The Rebel Gray.

The military company lately organized in this town, following closely in the wake of their brethren in Western Maryland, have adopted the Rebel gray as their uniform. This perhaps will serve to show to some of our conservative friends how consistent are those men who are constantly crying out, "The Union and the Constitution." We are unable to see how they can reconcile loyalty and this symbol of the defunct confederacy together. We always were in favor of "going the whole hog or none," and we suggest that they also adopt the rebel rag as their colors.—It would be equally as becoming in them to adopt both as one, for either will clearly show their political status and define their hollow pretensions to loyalty. We are glad they have thus shown their true colors, for we will now know in what light to regard them, despite their empty mockery of "loyalty to the Constitution."

Rebel Threats.

A friend from the Third District informs us that threats of violence have been made upon the person of a peaceable and law-abiding citizen of that district, and this for no other reason than that he is a Union man, or, in Rebel parlance, "a Radical." He openly denounces the course of Tom Swann and his political pimps in this county, which he has a perfect right to do, and because of this he is made the special object of Rebel wrath. He is told by the Union-hating Rebels of his neighborhood that he *must* do one of four things—he must either join Swann's Rebel militia, or pay two dollars, or leave the State, or be rotten-egged.

But do the Caroline Rebels think they can thus punish men for their loyalty and fidelity to the old flag, and that, too, unmolested? Do they suppose that the Union-loving citizens of this county are going to allow them to vent their vindictive wrath upon the person of those who have upheld the Government in its struggle for supremacy, and who are guilty of no greater crime? They may burden us with oppressive laws, but when they come to acts of open violence they will find that the spirit that crushed out the Rebellion is not yet dead, and that it will arise and meet them face to face. If they desire riot and bloodshed in the county, this is a fair way to commence it. And when once commenced we can assure them that it will not stop until every instigator either bites the dust or seeks safety in flight.—The Republican party is in the ascendancy in this county, and woe be unto the man or men that arouses its quiet and peaceful spirit. We warn the Rebel wretches of the danger that lies in the course they have marked out, and advise them, for their own benefit and the benefit of the State, to desist They are all known, and so sure as they carry out their hellish purposes summary vengeance will overtake them, even if it is not for years to come

SPECIAL NOTICE COLUMN.

SCHENCK'S SEAWEED TONIC.

This medicine, invented by Dr. J. H. SCHENCK, of Philadelphia, is intended to dissolve the food and make it into chyme, the first process of digestion. By cleansing the stomach with Schenck's Mandrake Pills, the Tonic soon restores the appetite, and food that could not be eaten before using it will be easily digested.

Consumption cannot be cured by Schenck's Pulmonic Syrup unless the stomach and liver is made healthy and the appetite restored, hence the Tonic and Pills are required in nearly every case of consumption. A half dozen bottles of the SEAWEED TONIC and three or four boxes of the MANDRAKE PILLS will cure any ordinary case of dyspepsia.

Dr. SCHENCK makes professional visits in New York, Boston, and at his principal office in Philadelphia every week. See daily papers of each place, or his pamphlet on consumption for his days of visitation.

Please observe, when purchasing, that the two likenesses of the Doctor, one when in the last stage of Consumption, and the other as he now is, in perfect health, are on the Government stamp.

Sold by all Druggists and Dealers, price $1.50 per bottle, or $7.50 the half dozen. All letters for advice should be addressed to Dr. SCHENCK'S Principal Office, No. 15 North 6th Street, Philadelphia, Pa.

Peruvian Syrup.

A protected solution of the protoxide of iron supplies the blood with its life element, iron, giving strength, vigor and new life to the whole system.

If the thousands who are suffering from Dyspepsia, Debility, Female Weaknesses, &c., would but test the virtues of the PERUVIAN SYRUP, the effect would not only astonish themselves but would please all their friends; for instead of feeling cross, "all gone" and miserable, they would be cheerful, vigorous & active.

A DISTINGUISHED JURIST WRITES TO A FRIEND AS FOLLOWS:

I have tried the Peruvian Syrup, and the result fully sustains your prediction It has made a new man of me; infused into my system new vigor and energy; I am no longer tremulous and debilitated, as when you last saw me, but stronger, heartier, and with larger capacity for labor, mental and physical, than at any time during the last five years.

Thousands have been changed by the use of this remedy from weak, sickly, suffering creatures, to strong, healthy and happy men and women; and invalids cannot reasonably hesitate to give it a trial.

The genuine has "Peruvian Syrup" blown in the glass. A 32 page pamphlet will be sent free. J. P. DINSMORE, Proprietor,

THE GREATEST PAIN-RELIEVER IN THE WORLD

Warranted superior to any other, or no pay, for the cure of Chronic Rheumatism, Toothache, Headache, Sore throat, Mumps, Burns, Cuts, Insect Stings, Pains in the Back, Chest, and Limbs, Sprains, Old Sores, Swellings; also to take internally for Diarrhœa, Dysentery, Colic, Spasms, Sea Sickness, Vomiting and Croup. It is perfectly innocent to take internally, if used according to the directions, and never fails, as thousands can attest. It was first introduced in 1847, and now millions of bottles are annually sold. Every one who has once used it, continues to do so, and recommend it to their friends as the most valuable medicine extant. Certificates enough to fill a dozen newspapers have been received by Dr. Tobias. His medicine, the Venetian Liniment, will do all that is stated, and more. No one will regret trying it. Those residing at a distance from a physician, will find it a reliable medicine to have on hand in case of accidents. Ask for Dr Tobias' Venetian Liniment, and take no other Price 50 cents and $1. ☞A YOUNG LADY returning to her country home, after a sojourn of a few months in the City, was hardly recognized by her friends. In place of a coarse, rustic, flushed face, she had a soft ruby complexion of almost marble smoothness, and instead of twenty-three she really appeared but eighteen. Upon inquiry as to the cause of so great a change, she plainly told them that she used the CIRCASSIAN BALM, and considered it an invaluable acquisition to any Lady's toilet. By its use any Lady or gentleman can improve their personal appearance an hundred fold. It is simple in its combination, as Nature herself is simple, yet unsurpassed in its efficacy in drawing impurities from, also healing, cleansing and beautifying the skin and complexion By its direct action on the cuticle it draws from it all impurities, kindly healing the same, and leaving the surface as nature intended it should be, clear, soft, smooth and beautiful. A CARD FROM THE

American Watch Company

OF

WALTHAM, MASS.

This Company beg leave to inform the public that they commenced operations in 1850, and their factory now covers four acres of ground, and has cost more than a million dollars, and employs over 700 operatives. They produce over 75,000 Watches a year, and make and sell not less than one-half of all the watches sold in the United States.

The difference between their manufacture and the European, is briefly this: European Watches are made almost entirely by hand, and the result is of necessity a lack of that uniformity, which is indispensable to corret time-keeping. Both the eye and the hand of the most skillful operative must vary. But it is a fact that, except watches of the higher grades, European watches are the product of the cheapest labor of Switzerland, and the result is the worthles Acres, Lepines and so called Patent Levers—which soon cost more in attempted repairs, than their original price. Common workmen, boys and women, buy the rough separate parts of these watches from various factories, polish and put them together, and take them to the nearest watch merchant, who stamps and engraves them with any name or brand that may be ordered.

How American Watches Are Made.

The American Waltham Watch is made by no such uncertain process—and by no such incompetent workmen. All the company's operations, from the reception of the raw material to the completion of the Watch, are carried on under one roof, and under one skillful and competent direction. But the great distinguishing feature of their watches, is the fact that their several parts are all made by the finest, the most perfect and delicate machinery ever brought to the aid of human industry. Every one of the more than a hundred parts of every watch is made by a machine—that infallibly reproduces every succeeding part with the most unvarying accuracy. It was only necessary to make one perfect watch of any particular style and then to adjust the hundred machines necessary to reproduce every part of that watch, and it follows that every succeeding watch must be like it.

The Company respectfully submit their watches *on their merits* only. They claim to make

A Better Article for the Money

by their improved mechanical processes than can be made under the old-fashioned handicraft system. They manufacture watches of every grade, from a good, low-priced and substantial article, in solid silver hunting cases, to the finest chronometer; and also ladies' watches in plain gold or the finest enameled and jeweled cases: but the indispensible requisite of all their watches is that they shall be GOOD TIME-KEEPERS. It should be remembered that except their single lowest grade named "Home Watch Company: Boston," ALL WATCHES made by them

ARE FULLY WARRANTED

by a special certificate, and this warrantee is good at all times against the Company or its agents. ROBBINS & APPLETON,
