Local Intelligence.

The Orphans Court of Caroline county will sit on Tuesday, August 13th, 1867.

—Found at last, a remedy that not only relieves, but cures, that enemy of mankind, Consumption, as well as the numerous satellites which revolve around it in the shape of Coughs, Colds, Bronchitis, Sore Throat, influenza, &c. The remedy we allude to is Dr. Wistar's Balsam of Wild Cherry, prepared by Seth W. Fowle & Son, Boston.

The Federalsburg Bridge.

Mr. Sylvester Howeth, on the part of the Commissioners for Dorchester county, and Mr. J. W. Saulsbury, on the part of the Commissioners for this county, on Saturday last, awarded the contract for building a bridge over the Nanticoke, at Federalsburg, to Mr. Horne, of the 4th district of this county in consideration of the sum of $1,500. Mr. H. is a practical builder, and we have no doubt will give general satisfaction in the work he has undertaken.

The Rural Gentleman.

Volume 2 commences with the July No. of this ably-conducted monthly. The publishers announce that they have procured able writers to their horticultural, floral, veterinary, bee and other departments; and as some of these are veterans in their respective fields, the Gentleman cannot fail to continue, as he has heretofore been, a pleasant and profitable companion.—Such a work should be well sustained.—Sixteen pages of neatly printed, practical matter for $1 a year. Published in Baltimore.

Stricken with Paralysis.

Mr. William G. Nicholson, a resident of this town, and holding a position in the Custom House in Baltimore city, was stricken with paralysis in the left hand on Saturday last. Whilst on his way home to visit his family on that day, he laid down on the steamboat for the purpose of sleeping, and on awakening found that he had lost the use of his left hand entirely. Up to this time there has been no change in it, though hopes are entertained by his attending physician that he will again recover the use of it.

A Correction.

We last week stated that the steamer Highland Light, of the Individual Enterprise Company, would make weekly trips between this place and Baltimore.—That announcement was made upon the receipt of a circular issued by the Company to that effect. Since then another arrangement has been made. The steamer Kent will run as far up the river as Medford's Wharf, returning to Baltimore every Monday, Wednesday and Friday, leaving Medford's Wharf at 1, P. M.—The Champion is the only boat that will run between this place and Baltimore.—Her trips will be continued as usual.

Something New.

The Messrs. Zook's, two very clever and enterprising gentlemen, formerly of Pennsylvania, but now citizens of this county, have fitted up a Pottery establishment about a mile and a half from town, and have commenced the manufacture of earthenware. The clay from which the ware is manufactured, and which is said to be of excellent quality, is dug from the lands of Mr. Christian Zook, one of the firm. We hope our merchants and citizens generally will patronize those gentlemen quite liberally in their new enterprise as manufacturing establishments are the life of every community and add greatly to the material wealth of the country. What we most need here is manufacturing establishments of various kinds which we hope to see springing up all over the county.

Died.

In the 1st District, on the 27th ult., Mr. Geo M. Whitby, aged about 27 years.

Wistar's Balsam of Wild Cherry.

Coughs, Colds, Bronchitis, Asthma, Croup, Whooping Cough, Quinsy, and the numerous as well as dangerous diseases of the Throat, Chest and Lungs, prevail in our changeable climate at all seasons of the year: few are fortunate enough to escape their baneful influence.—How important then to have at hand a certain antidote to all these complaints. Experience proves that this exists in Wistar's Balsam to an extent not found in any other remedy: however severe the suffering, the application of this soothing, healing and wonderful Balsam at once vanquishes the disease and restores the sufferer to wonted health.

Mr. JOHN BUNTO,

Of Baldwin, Chemung County, N. Y., writes:

"I was urged by a neighbor to get one bottle of the Balsam for my wife, being assured by him that in case it did not produce good effects, he would pay for the bottle himself. On the strength of such practical evidence of its merits, I procured a bottle. My wife at this time was so low with what the physicians termed Seated Consumption as to be unable to raise herself from the bed, coughing constantly and raising more or less blood. I commenced giving the Balsam as directed, and was so much pleased with its operation that I obtained another bottle, and continued giving it. Before this bottle was entirely used, she ceased coughing and was strong enough to sit up. The fifth bottle entirely restored her to health, doing that which several Physicians had tried to do but had failed.

Prepared by Seth W. Fowle & Son, 18 Tremont St., Boston, and sold by Druggists everywhere.

CONSUMPTION CURABLE BY DOCTOR SCHENCK'S MEDICINES.

To cure consumption, the system must be prepared so that the lungs will heal. To accomplish this, the liver and stomach must first be cleansed and an appetite created for good wholesome food, which, by these medicines, will be digested properly, and good healthy blood made; thus building up the constitution. SCHENCK'S MANDRAKE PILLS cleanse the stomach of all bilious or mucous accumulations; and, by using the Sea Weed Tonic in connection, the appetite is restored.

Schenck's Pulmonic Syrup is nutricious as well as medicinal, and, by using the three remedies, all impurities are expelled from the system, and good, wholesome blood made, which will repel all disease. If patients will take these medicines according to directions, Consumption very frequently in its last stage yields readily to their action. Take the pills frequently, to cleanse the liver and stomach. It does not follow that because the bowels are not costive they are not required, for sometimes in diarrhœa they are necessary. The stomach must be kept healthy, and an appetite created to allow the Pulmonic Syrup to act on the respiratory organs properly and allay any irritation Then all that is required to perform a permanent cure is, to prevent taking cold. Exercise about the rooms as much as possible, eat all the richest food—fat meat, game, and, in fact, anything the appetite craves; but be particular and masticate well. [2nd w. ea. mo.

THE GREATEST PAIN-RELIEVER IN THE WORLD.

Warranted superior to any other, or no pay, for the cure of Chronic Rheumatism, Toothache, Headache, Sore throat, Mumps, Burns, Cuts, Insect Stings, Pains in the Back, Chest, and Limbs, Sprains, Old Sores, Swellings; also to take internally for Diarrhœa, Dysentery, Colic, Spasms, Sea Sickness, Vomiting and Croup. It is perfectly innocent to take internally, if used according to the directions, and never fails, as thousands can attest. It was first introduced in 1847, and now millions of bottles are annually sold. Every one who has once used it, continues to do so, and recommend it to their friends as the most valuable medicine extant. Certificates enough to fill a dozen newspapers have been received by Dr. Tobias. His medicine, the Venetian Liniment, will do all that is stated, and more. No one will regret trying it. Those residing at a distance from a physician, will find it a reliable medicine to have on hand in case of accidents. Ask for Dr Tobias' Venetian Liniment, and take no other Price 50 cents and $1. ☞A Young Lady returning to her country home, after a sojourn of a few months in the City, was hardly recognized by her friends. In place of a coarse, rustic, flushed face, she had a soft ruby complexion of almost marble smoothness, and instead of twenty-three she really appeared but eighteen. Upon inquiry as to the cause of so great a change, she plainly told them that she used the CIRCASSIAN BALM, and considered it an invaluable acquisition to any Lady's toilet. By its use any Lady or gentleman can improve their personal appearance an hundred fold. It is simple in its combination, as Nature herself is simple, yet unsurpassed in its efficacy in drawing impurities from, also healing, cleansing and beautifying the skin and complexion. By its direct action on the cuticle it draws from it all impurities, kindly healing the same, and leaving the surface as nature intended it should be, clear, soft, smooth and beautiful. A CARD FROM THE

American Watch Company

OF

WALTHAM, MASS.

This Company beg leave to inform the public that they commenced operations in 1850, and their factory now covers four acres of ground, and has cost more than a million dollars, and employs over 700 operatives. They produce over 75,000 Watches a year, and make and sell not less than one-half of all the watches sold in the United States.

The difference between their manufacture and the European, is briefly this: European Watches are made almost entirely by hand, and the result is of necessity a lack of that uniformity, which is indispensable to correct time-keeping. Both the eye and the hand of the most skillful operative must vary. But it is a fact that, except watches of the higher grades, European watches are the product of the cheapest labor of Switzerland, and the result is the worthless Ancres, Lepines and so called Patent Levers—which soon cost more in attempted repairs, than their original price. Common workmen, boys and women, buy the rough separate parts of these watches from various factories, polish and put them together, and take them to the nearest watch merchant, who stamps and engraves them with any name or brand that may be ordered.

How American Watches Are Made.

The American Waltham Watch is made by no such uncertain process—and by no such incompetent workmen. All the company's operations, from the reception of the raw material to the completion of the Watch, are carried on under one roof, and under one skillful and competent direction. But the great distinguishing feature of their watches, is the fact that their several parts are all made by the finest, the most perfect and delicate machinery ever brought to the aid of human industry. Every one of the more than a hundred parts of every watch is made by a machine—that infallibly reproduces every succeeding part with the most unvarying accuracy. It was only necessary to make one perfect watch of any particular style and then to adjust the hundred machines necessary to reproduce every part of that watch, and it follows that every succeeding watch must be like it.

The Company respectfully submit their watches *on their merits* only. They claim to make

A Better Article for the Money

by their improved mechanical processes than can be made under the old-fashioned handicraft system. They manufacture watches of every grade, from a good, low-priced and substantial article, in solid silver hunting cases, to the finest chronometer; and also ladies' watches in plain gold or the finest enameled and jeweled cases: but the indispensible requisite of all their watches is that they shall be GOOD TIME-KEEPERS. It should be remembered that except their single lowest grade named "Home Watch Company, Boston," ALL WATCHES made by them

ARE FULLY WARRANTED

by a special certificate, and this warrantee is good at all times against the Company or its agents. ROBBINS & APPLETON,
