Local Intelligence.

The Orphans Court of Caroline county will sit on Tuesday, Sept. 24th, 1867.

NOTICE—our new advertisements this week.

IN the Orphans' Court for this county, on Tuesday of last week, letters of administration were granted to Aaron Gooding and Mary E. Gooding.

COURT.—The October term of the Circuit Court for this county commences on Monday, the 7th day of October next.—Among the criminal cases to be disposed of is that of Samuel Arnold, the alleged murderer of James A. Tarr. Also Ky Scott and his accomplices, charged with committing the theft at the Concord camp ground.

RAIL BIRDS.—From all accounts, our marshes are full of these delicious birds. Already have some of our citizens commenced to shoot them, though they are not in a fat condition yet. There being but few on the Delaware this year, we may expect quite a number of sportsmen from Philadelphia and Wilmington to resort to our marshes.

U. S. INT. REVENUE.—We notice by handbills posted around town that W. H. Smith, Collector of Internal Revenue, will be in Denton on the 26th and 27th of the present month. As this is his last notice to delinquents, we would advise all of them to meet him here on those days and save trouble. Circulate this notice among your friends.

INDIVIDUAL ENTERPRISE LINE.—By the fall arrangement of the steamers of this line we have only a semi-weekly boat instead of a tri-weekly as heretofore. The Champion has been withdrawn from her routes to this place, and the Highland Light has taken her place, leaving this place for Baltimore every Monday and Thursday mornings, and returning every Wednesday and Saturday.

THE POOR MAN'S FRIEND.—Doctor's bills are too long for a poor man's pocket, but many of them may be avoided by keeping Grace's Celebrated Salve in the cupboard. It is the "precious pot of ointment," curing burns, cuts, scalds, bruises, sprains, wounds, chilblains, chapped hands, &c. Mothers, do not neglect to save your husband's hard earned money, but purchase a box of this salve, only 25 cents.

DROWNED.—John Williams, a son of Mr. Baynard Williams, aged about twenty years, residing near Upper Hunting Creek, in this county, was drowned at Upper Hunting Creek Mill on Saturday last. It is believed he was laboring under abberation of mind, left his fathers' house, went to the mill pond, and by some means unaccounted for, got into the water and was drowned. We sympathize with the bereaved parents in the loss of their son.

A NEW CHURCH.—We are glad to learn that the praiseworthy efforts of some of our enterprising citizens are about to be crowned with success. For several years has a new church been greatly needed in this town, and the effort to build one been frequently made heretofore, but it was not until recently that it met with public favor. Sufficient money has been subscribed to warrant a commencement of the work, yet the assistance of more of our citizens is needed. A lot has been purchased on Front street—the one between the residences of J. R. Fountain and the Misses Cannon—and preparations are being made for a commencement of the work. It is to be 38x60 feet, and built of brick.

THE JURIES.—The following is a correct list of the juries drawn by Judge Goldsborough, on Mondy last, for the approaching term of the Court:

LINES

To the memory of Mary Brown, late of Baltimore, deceased.

Suffering one, thy pain is over,
Ended is the mortal strife,
Thou shalt never suffer more,
Thou hast gained a crown of life;
Finished is the mortal story,
Thou hast gained a crown of glory.

Long thou waited at the river
Where the pilgrims passed the stream,
Till thy Saviour gave the word,
Then thou rose and followed him;
From the fear of death's dark river
Jesus did thy soul deliver.

Yes, thou waited at the brink
Of cold Jordan's shivering tide,
Jesus would not let thee sink,
No! He kept thee by His side.
Let thee perish? no! He loved thee,
He had tried and faithful proven thee.

Ah me! think I hear thee say,
"Kindred, friends, you'll meet me where
Tears shall all be wiped away—
Kindred, neighbors, meet me there."
Yes, through Grace and Mercy given,
We will meet thee, M——, in heaven.

What Every One Needs.

A good, reliable medicine that will be on hand when required, and never fails when called on. That is now to be obtained in Dr. Tobias' Celebrated Venetian Liniment. Many thousands call it the Wonder of the Age, as it does all that is represented and more. It cures Diarrhœa, Dysentery, Colic, Spasms, Vomiting, Croup, and Sea-sickness as surely as it is used, and is perfectly innocent to take internally, even in double the quantity named in the directions; and as an external remedy for Chronic Rheumatism, Cuts, Bruises, Old Sores, Mumps, Toothache, Headache, Sore Throat, Sprains, Insect Stings, Pain in the Back, Chest and Limbs, thousands have testified to, and their certificates can be seen by any one at the Doctor's Depot, 56 Cortlandt Street, New York. Hundreds of physicians use it in their practice. It has been introduced since 1847, and hundreds who now have it in their houses, say they would not be without it even if it was $10 per bottle. Every drop is mixed by Dr. Tobias himself, and can be depended on. Only 50 cents and $1 per bottle. Sold by Druggists. Depot, 56 Cortlandt St., N. Y. [se19-1m.

DYSPEPSIA.

There is no disease which experience has so amply proved to be remediable by the

Peruvian Syrup,

(a protected solution of the Protoxide of Iron), as Dyspepsia. The most inveterate forms of this disease have been completely cured by this medicine, as ample testimony of some of our first citizens proves.

FROM THE VENERABLE ARCHDEACON SCOTT, D. D. DENHAM, Canada East.

* * * "I am an inveterate Dyspeptic of more than 25 years standing.

* * * "I have been so wonderfully benefitted in the three short weeks during which I have used the Peruvian Syrup, that I can scarcely persuade myself of the reality. People who have known me are astonished at the change. I am widely known, and can but recommend to others that which has done so much for me."

ANOTHER CLERGYMAN WRITES:

"My voyage to Europe is indefinitely postponed. I have discovered the "Fountain of Health" on this side of the Atlantic. Three bottles of Peruvian Syrup have rescued me from the fangs of the fiend Dyspepsia."

A pamphlet of 32 pages, containing a history of this remarkable remedy, with a treatise on "Iron as a medicine," will be sent free to any address

The genuine has "Peruvian Syrup" blown in the glass.

SCROFULA—CONSUMPTION.

Dr. Lugol of Paris, one of the most eminent Chemists of Europe, said:

"The most astounding results may be anticipated when Iodine can be dissolved in pure water."

Dr. H. Anders, after fifteen years of scientific research and experiment, has succeeded in dissolving one and one quarter grains of Iodine to each fluid ounce of water, and the most astounding results have followed its use, particularly in Scrofula and kindred diseases. Circulars sent free.

Dr. H. Anders' Iodine Water is for sale by J. P. Dinsmore, 36 Dey Street, N. Y., and all Druggists.

To Consumptives.

SPECIAL NOTICE COLUMN.

DR. SCHENCK'S PULMONIC SYRUP.

This great medicine cured Dr. J. H. Schenck the proprietor, of Pulmonary Consumption, when it had assumed its most formidable aspect, and when speedy death appeared to be inevitable His physician pronounced his case incurable, when he commenced the use of this simple but powerful remedy. His health was restored in a very short time, and no return of the disease has been apprehended, for all the symptoms quickly disappeared, and his present weight is more than two hundred pounds.

Since his recovery, he has devoted his attention exclusively to the cure of Consumption, and the diseases which are usually complicated with it, and the cures effected by his medicines have been very numerous and truly wonderful. Dr. Schenck makes professional visits to several of the larger cities weekly, where he has a large concourse of patients, and it is truly astonishing to see poor consumptives that have to be lifted out of their carriages, and in a few month healthy, robust persons. DR. SCHENCK'S PULMONIC SYRUP, SEAWEED TONIC, and MANDRAKE PILLS are generally all required in curing Consumption. Full directions accompany each, so that any one can take them without seeing Dr. Schenck, but when it is convenient it is best to see him. He gives advice free, but for a thorough examination with his Respirometer his fee is three dollors.

Please observe, when purchasing, that the two likenesses of the Doctor—one when in the last stage of Consumption, and the other as he now is, in perfect health—are on the Government stamp.

Sold by all Druggists and Dealers. Price $1.50 per bottle, or $7.50 the half dozen. Letters for advice should always be directed to Dr. Schenck's Principal Office, No. 15 North 6th Street, Philadelphia, Pa.

A CARD FROM THE

American Watch Company

OF

WALTHAM, MASS.

This Company beg leave to inform the public that they commenced operations in 1850, and their factory now covers four acres of ground, and has cost more than a million dollars, and employs over 700 operatives. They produce over 75,000 Watches a year, and make and sell not less than one-half of all the watches sold in the United States.

The difference between their manufacture and the European, is briefly this: European Watches are made almost entirely by hand, and the result is of necessity a lack of that uniformity, which is indispensable to correct time-keeping. Both the eye and the hand of the most skillful operative must vary. But it is a fact that, except watches of the higher grades, European watches are the product of the cheapest labor of Switzerland, and the result is the worthless Ancres, Lepines and so called Patent Levers—which soon cost more in attempted repairs, than their original price. Common workmen, boys and women, buy the rough separate parts of these watches from various factories, polish and put them together, and take them to the nearest watch merchant, who stamps and engraves them with any name or brand that may be ordered.

How American Watches Are Made.

The American Waltham Watch is made by no such uncertain process—and by no such incompetent workmen. All the company's operations, from the reception of the raw material to the completion of the Watch, are carried on under one roof, and under one skillful and competent direction. But the great distinguishing feature of their watches, is the fact that their several parts are all made by the finest, the most perfect and delicate machinery ever brought to the aid of human industry. Every one of the more than a hundred parts of every watch is made by a machine—that infallibly reproduces every succeeding part with the most unvarying accuracy. It was only necessary to make one perfect watch of any particular style and then to adjust the hundred machines necessary to reproduce every part of that watch, and it follows that every succeeding watch must be like it.

The Company respectfully submit their watches *on their merits* only. They claim to make

A Better Article for the Money

by their improved mechanical processes than can be made under the old-fashioned handicraft system. They manufacture watches of every grade, from a good, low-priced and substantial article, in solid silver hunting cases, to the finest chronometer; and also ladies' watches in plain gold or the finest enameled and jeweled cases: but the indispensible requisite of all their watches is that they shall be GOOD TIME-KEEPERS. It should be remembered that except their single lowest grade named "Home Watch Company, Boston," ALL WATCHES made by them

ARE FULLY WARRANTED

by a special certificate, and this warrantee is good at all times against the Company or its agents. ROBBINS & APPLETON,
