Local Intelligence.

The Orphans Court of Caroline county will sit on Tuesday, Oct., 8th, 1867.

TENCH F. TIGHMAN, Sup't Md. & Del. R. R., died suddenly at Greensboro' yesterday, from hemorrhage.

IMPORTANT CHANGE.—We refer our readers to the change in the time table of the Md & Del. Railroad. Passengers now arrive in Philadelphia at 11.55, A. M., and do not wait connection with other trains.

SHIP BUILDING.—We understand that Mr. Jno. Richardson, who last year built a boat below the bridge, purposes commencing two others shortly at the same place. We are glad to learn this, as it will be a great benefit to our town.

A MONUMENT.—Our town can boast of one monument, at least—an *old chimney* on the hill as you enter town. Standing on the eminence it does, it can be seen at a great distance and presents a grand and imposing sight. We know not to whose memory it has been dedicated.

COURT POSTPONED.—Owing to the sickness of the wife of Judge Goldsborough, it has become necessary to postpone the sittings of the Circuit Court until the 14th inst. The Judge is on a tour through the North with his wife, and it will be impossible for him to be here on Monday next.

A DISTRESSING COUGH, causes the friends of the sufferer almost as much pain as the sufferer himself, and should receive immediate attention. Dr. Wistar's Balsam of Wild Cherry speedily cures coughs, colds, influenza, sore throat &c. It will always relieve consumption, and in many well attested cases it has effected a perfect cure. *

A CAUTION.—The bridge opposite the farm formerly belonging to R. H. Skinner, on the road leading from the Boonsborough camp ground to Greensborough, is sadly in want of repairs. The sleepers are entirely gone and their places supplied with old broken fence rails. We caution the superisor of that road against permitting it to remain any longer in that condition.

AID THE CAUSE.—During the recent assembling of the Temperance men of the State, in Convention, a resolution was passed, requesting every minister of the Gospel to preach a special sermon in aid of the cause, on Sunday, 13th of October next. It is hoped that our ministers will take hold of the matter, and we will be pleased to make their several announcements.

A SUGGESTION.—Now that the Railroad has been completed to and beyond Ridgely, would it not be well for some of those who are interested to petition the County Commissioners to open a public road direct between the depot and this town? By the present route to that place, the distance is twice what it would be if a road was opened from Ridgely in a direct line to the new road leading from Denton to Greensborough. This is something that should have been attended to long before this, for all are aware of the ill-convenience arising from bad roads in winter. However, it would be far better to even open it now than be compelled to go around by Long's schoolhouse Let some one take the matter in hand.

THE DEMOCRATIC TICKET.—The following are the nominations made by the Democratic Convention which met in this place on Tuesday last:

For Clerk—Thomas H. Kemp.
For Register of Wills—Wm. Lockerman.
For Sheriff—Esma Lowe.
For State's Attorney—J. W. Bryant.
For Senator—Daniel Fields.
For Delegates—Jno. W. Temple and Tilghman H. Hubbard.
For Judges of the Orphans' Court—R. Jarrell, Wm. A. Ford and Daniel Sparklin.
For the Levy Court—J. M. Whitby, Sylvester Smith and Jas. H. Holmes.
For County Surveyor—M. J. Clark.

Died.

In this town on Friday last, of lockjaw, Mr. JOSEPH BAKER, aged 48 years.

Death has claimed our dear father,
And left its seal upon his brow,
And his eyes, that shone so brightly,
No more will shine upon us now.

He's gone! and can it be that we
Alone are left to stem the tide
O'er life's rough and darkest sea
With no father by our side?

Gone! oh, cruel words! how dark is life,
Since one we loved is gone!
But peaceful is his silent sleep,
His earthly work is done.

But there's a hope, a blessed hope,
A hope beyond the tomb,
Where weeping, parting, death nor woe
Can never, never come.

Why is it that death's angels come
To visit him so soon;
To call from us our loved one
To that dark and silent tomb?

Go, dear, loved one, go,
Thy children's hearts can tell,
And none but ours can fully know
How hard it is to say farewell. ANNIE.

Married.

On Tuesday last, at Vernon, Del., by Rev. J. Hough, Mr. TILGHMAN NUTTLE, of this county, and Mrs. EMELINE TAYLOR, of Kent Co., Del.

On Thursday last, by Rev. Thos. Numbers, Mr. LEVIN W. POOL and Miss MOLLIE J. PIERCE, all of this county.

SCHENCK'S SEAWEED TONIC.

This medicine, invented by Dr. J. H. SCHENCK, of Philadelphia, is intended to dissolve the food and make it into chyme, the first process of digestion. By cleansing the stomach with Schenck's Mandrake Pills, the Tonic soon restores the appetite, and food that could not be eaten before using it will be easily digested.

Consumption cannot be cured by Schenck's Pulmonic Syrup unless the stomach and liver is made healthy and the appetite restored, hence the Tonic and Pills are required in nearly every case of consumption. A half dozen bottles of the SEAWEED TONIC and three or four boxes of the MANDRAKE PILLS will cure any ordinary case of dyspepsia.

Dr. SCHENCK makes professional visits in New York, Boston, and at his principal office in Philadelphia every week. See daily papers of each place, or his pamphlet on consumption for his days of visitation.

Please observe, when purchasing, that the two likenesses of the Doctor, one when in the last stage of Consumption, and the other as he now is, in perfect health, are on the Government stamp.

Sold by all Druggists and Dealers, price $1.50 per bottle, or $7.50 the half dozen. All letters for advice should be addressed to Dr. SCHENCK'S Principal Office, No. 15 North 6th Street, Philadelphia, Pa.

DYSPEPSIA.

There is no disease which experience has so amply proved to be remediable by the

Peruvian Syrup,

(a protected solution of the Protoxide of Iron), as Dyspepsia. The most inveterate forms of this disease have been completely cured by this medicine, as ample testimony of some of our first citizens proves.

FROM THE VENERABLE ARCHDEACON SCOTT, D. D. DUNHAM, Canada East.

* * * "I am an inveterate Dyspeptic of more than 25 years standing.

* * * "I have been so wonderfully benefitted in the three short weeks during which I have used the Peruvian Syrup, that I can scarcely persuade myself of the reality. People who have known me are astonished at the change. I am widely known, and can but recommend to others that which has done so much for me."

ANOTHER CLERGYMAN WRITES:

"My voyage to Europe is indefinitely postponed. I have discovered the "Fountain of Health" on this side of the Atlantic. Three bottles of Peruvian Syrup have rescued me from the fangs of the fiend Dyspepsia."

A pamphlet of 32 pages, containing a history of this remarkable remedy, with a treatise on "Iron as a medicine," will be sent free to any address

The genuine has "Peruvian Syrup" blown in the glass.

SCROFULA—CONSUMPTION

Dr Lugol o Paris, one of the most eminent Chemists of Europe, said:

"The most astounding results may be anticipated when Iodine can be dissolved in pure water."

Dr. H. Anders, after fifteen years of scientific research and experiment, has succeeded in dissolving one and one quarter grains of Iodine to each fluid ounce of water, and the most astounding results have followed its use, particularly in Scrofula and kindred diseases. Circulars sent free.

Dr. H. Anders' Iodine Water is for sale by J. P. Dinsmore, 36 Dey Street, N. Y., and all Druggists.

What Every One Needs.

A good, reliable medicine that will be on hand when required, and never fails when called on. That is now to be obtained in Dr. Tobias' Celebrated Venetian Liniment. Many thousands call it the Wonder of the Age, as it does all that is represented and more. It cures Diarrhœa, Dysentery, Colic, Spasms, Vomiting, Croup, and Sea-sickness as surely as it is used, and is perfectly innocent to take internally, even in double the quantity named in the directions; and as an external remedy for Chronic Rheumatism, Cuts, Bruises, Old Sores, Mumps, Toothache, Headache, Sore Throat, Sprains, Insect Stings, Pain in the Back, Chest and Limbs, thousands have testified to, and their certificates can be seen by any one at the Doctor's Depot, 56 Cortlandt Street, New York. Hundreds of physicians use it in their practice. It has been introduced since 1847, and hundreds who now have it in their houses, say they would not be without it even if it was $10 per bottle. Every drop is mixed by Dr. Tobias himself, and can be depended on. Only 50 cents and $1 per bottle. Sold by Druggists. Depot, 56 Cortlandt St., N. Y. [se19-1m.

A CARD FROM THE

American Watch Company

OF

WALTHAM, MASS.

This Company beg leave to inform the public that they commenced operations in 1850, and their factory now covers four acres of ground, and has cost more than a million dollars, and employs over 700 operatives. They produce over 75,000 Watches a year, and make and sell not less than one-half of all the watches sold in the United States.

The difference between their manufacture and the European, is briefly this: European Watches are made almost entirely by hand, and the result is of necessity a lack of that uniformity, which is indispensable to corret time-keeping. Both the eye and the hand of the most skillful operative must vary. But it is a fact that, except watches of the higher grades, European watches are the product of the cheapest labor of Switzerland, and the result is the worthless Ancres, Lepines and so called Patent Levers—which soon cost more in attempted repairs, than their original price. Common workmen, boys and women, buy the rough separate parts of these watches from various factories, polish and put them together, and take them to the nearest watch merchant, who stamps and engraves them with any name or brand that may be ordered.

How American Watches Are Made.

The American Waltham Watch is made by no such uncertain process—and by no such incompetent workmen. All the company's operations, from the reception of the raw material to the completion of the Watch, are carried on under one roof, and under one skillful and competent direction. But the great distinguishing feature of their watches, is the fact that their several parts are all made by the finest, the most perfect and delicate machinery ever brought to the aid of human industry. Every one of the more than a hundred parts of every watch is made by a machine—that infallibly reproduces every succeeding part with the most unvarying accuracy. It was only necessary to make one perfect watch of any particular style and then to adjust the hundred machines necessary to reproduce every part of that watch, and it follows that every succeeding watch must be like it.

The Company respectfully submit their watches *on their merits* only. They claim to make

A Better Article for the Money

by their improved mechanical processes than can be made under the old-fashioned handicraft system. They manufacture watches of every grade, from a good, low-priced and substantial article, in solid silver hunting cases, to the finest chronometer; and also ladies' watches in plain gold or the finest enameled and jeweled cases: but the indispensible requisite of all their watches is that they shall be GOOD TIME-KEEPERS. It should be remembered that except their single lowest grade named "Home Watch Company, Boston," ALL WATCHES made by them

ARE FULLY WARRANTED

by a special certificate, and this warrantee is good at all times against the Company or its agents. ROBBINS & APPLETON,
