Local Intelligence.

THE Orphans' Court for Caroline county will sit on Tuesday, the 26th inst.

THE NEW CHURCH.—The walls of this building are now completed, and workmen are engaged in putting on the roof.

THE TRIAL of Arnold for the murder of Jas. A. Tarr, at Hillsborough, last Spring, and which was removed to Talbot, is set down for trial on Monday next before the circuit court for that county.

THE *Journal* says that a new M. P. Church is to be built in this town in the Spring, and that $2,000 has already been subscribed with but little exertion. We say amen. More churches are needed in this town.

SALE OF TOWN PROPERTY.—Mr. Wm. H. Wilson advertises all his property in and around this town at public sale on Tuesday, 3d. of December next, if not disposed of at private sale before that day. The property is very desirable.

OUR THREAT to publish the demise of our Preston correspondent has had the desired effect, and he promises to be more attentive in the future. We shall have to resort to similar measures with our Wilmington correspondent, he having become very negligent of late.

The *Crumptonian*, printed at Crumpton, Md., after an absence of several week, again made its appearance at this office on Tuesday. It is now published b David Dunlop. We hope he, like his ssor, may not be suddenly called ly away to visit a *sick relative*.

DENTON BRIDGE.—The work of repairing this bridge goes steadily on. The end next to town is nearly completed, and the workmen are at present engaged in putting in new piles on the other side of the draw. All the piles that have been put in are of the very best white oak. When completed, it will be a very substantial structure.

EMINENT MEN OF SCIENCE have discovered that electricity and magnetism are developed in the system *from the iron in the blood*. This accounts for the de- low spirits and lack of energy a person feels when this vital element becomes reduced. The Peruvian Syrup, a protoxide of iron, supplies blood with its iron element and in the only form in which it is possible for it to enter the circulation. *

EXIT OFFICIALS.—The commissions of the newly elected officers have been received, and in a few days every office will be cleared of present incumbents. To the retiring officers we may justly say, "Well done thou good and faithful servants." They have all executed the trusts reposed in them by a confiding people with credit to themselves and honor the county, and we sincerely hope that be the report of the in-coming

AN ELECTION.—The juveniles of Preston and vicinity held an election in that town on Saturday last for Governor and State officers. Each political party was fully represented, and printed tickets were provided for the occasion. How the election terminated we have not been advised, but it would be contrary to precedent if the Democrats were unsuccessful. It would never do for the young urchins to deviate from the example set before them by their fathers.

LATER.—The Republicans were victorious.

THE METEORIC SHOWERS.—As many of our readers did not sit up and watch the shooting stars (more correctly, fiery meteors) they may be ignorant that such things happened at all. Yet such is the case. At four o'clock on thursday morning the show commenced, and continued for some time. The stars seemed to be dodging about promiscuously, and the number seen to flash across the sky seems to have varied in different localities. The display is said to have been really beautiful, and we are sorry to say that we are of the army of sleepy-heads that didn't see it. See another exemplification of the benefits of early rising.

ACCIDENTAL SHOOTING.—A case of accidental shooting occurred near this town on Tuesday last. It appears that Mr. Frank Willoughby, son of Mr. Thomas Willoughby, on that day took his gun and went into the woods for the purpose of shooting squirrels. Having shot a squirrel, and it having lodged in a tree, he laid his gun upon the ground and endeavored to knock his game from the tree with a billet of wood. In raising his gun he caught it by the muzzle, and in drawing it towards him the hammer struck a twig and caused the gun to go off, the load taking effect in his left arm. The wound is severe though not dangerous. Dr. Tarr was called in and rendered the necessary medical aid. Mr. Willoughby is doing as well as could be expected.

THE LADY'S FRIEND, FOR DECEMBER.—This is a Holiday number—and a magnificent one. The Steel Engraving called "The Happiest Time," is a beautiful and charming design, and executed in beautiful style. The Steel Plate, "The Immortal Crown," also expressly engraved for this magazine, will touch a solemn but joyful chord in every heart. Both of these Steel engravings are of the very first quality in every respect. Then we have a handsomely Colored Engraving of a "Jewel-Case and Pin-Cushion:" and after this the usual refined and elegant Double-Page Fashion Plate, finely engraved on Steel; not a mere lithograph or wood engraving. Then follows a number of Wood Engravings illustrative of the Fashions, Needle-Work, &c., with the usual piece of Music, worth of itself the cost of the book. The Literary Matter is as choice as usual—"Only a Glove," by Gabrielle Lee; "How a woman Had Her Way," by Elizabeth Prescott; "German Lessons," by E. B. Ripley; "The Old Maid," a Poem by Florence Percy; "Preserved Flowers:" "Disillusion, or Mary of the Mill and the Countess Maria;" "Flower Stand and Vase," Editorials, &c &c. Great inducements in the way of Premiums, &c., are promised to new subscribers, and our readers should send for sample copy, containing all these liberal offers. Sample copies will be sent for fifteen cents. Price (with engraving) $2 50 a year; Four copies (with one engraving) $6.00. One copy of Lady's Friend and one of Saturday Evening Post (and one engraving), $4.00. Address Deacon & Peterson, 319 Walnut Street, Philadelphia.

IRON IN THE BLOOD.

The necessity of a due proportion of iron in the blood is well known to all medicals; when it becomes reduced from any cause whatever, the whole system suffers, the weakest part being first attacked, and a feeling of languor, lassitude, and "all goreness" pervades the system. Stimulants only afford temporary relief, and have the same effect as giving a tired horse the whip instead of oats. The true remedy is to supply the blood with the necessary quantity of iron. This can be done by using the

PERUVIAN SYRUP,

a protected solution of the protoxide of Iron, which is so prepared that it assimilates at once with the blood, giving strength, vigor and new life to the whole system.

To take medicine to cure diseases occasioned by a deficiancy of iron in the blood, without restoring it to the system, is like trying to repair a building when the foundation is gone.

An eminent divine says: "I have been using the Peruvian Syrup for some time past; it gives me new vigor, buoyancy of spirits, elasticity of muscle."

Pamphlets containing certificates of cures, and recommendations from some of the most eminent physicians, clergymen and others, will be sent free to any address

The genuine has "PERUVIAN SYRUP" blown in the glass.

HORRIBLE ACCIDENT.

A man some time since was repairing a gas leak, corner of 28th Street and 6th Avenue, N. Y. He went into the excavation and then lit a match. An explosion of the gas took place, and the man was much burned. DR. TOBIAS' Venetian Liniment was applied freely, and in about three days the man was about his business in the Manhattan Gas Works as well as ever. His name is Saml. F. Waters. This is one of the wonderful cures made by DR. TOBIAS' celebrated Venetian Liniment; it is not only good for burns, but for old sores, bruises, chronic rheumatism, sore throats, cuts, insect stings, pains in the limbs, chest and back; also internally, for colic, cramps, diarrhœa, dysentery and croup. It is perfectly innocent to take internally, and is the best family medicine in the world. Orders are received all over Europe for it. The most celebrated physicians recommend it—it never fails. DR. TOBIAS puts up every drop himself. Sold by all druggists at 50 cts. and $1 per bottle. Depot, 56 Cortlandt St., N. Y.

PROOFS OF THE SUPERIOR QUALITY
OF THE
AMERICAN WATCH,
MADE AT
WALTHAM, MASS.

The American Watch Company, of Waltham, Mass., respectfully submit that their Watches are cheaper, more accurate, less complex, more durable, better adapted for general use, and more easily kept in order and repaired than any other watches in the market. They are simpler in structure, and therefore stronger, and less likely to be injured than the majority of foreign watches, which are composed of from 125 to 300 pieces, while in an English Watch there are more than 700 parts. How they run under the hardest trial watches can have, is shown by the following letter:

PENN. RAILROAD COMPANY.
OFFICE OF THE GEN'L. SUPERINTENDENT,
ALTOONA. PA., 15 Dec., 1866.

Gentlemen: The watches manufactured by you have been in use on this railroad for several years by our enginemen, to whom we furnish watches as part of our equipment. There are now some three hundred of them carried on our line, and we consider them good and reliable time-keepers. Indeed, I have great satisfaction in saying your watches give us less trouble, and have worn and do wear much longer without repairs than any watches we have ever had in use on this road. As you are aware, we formerly trusted to those of English manufacture, of acknowledged good reputation; but as a class they never kept time as correctly, nor have they done as good service as yours.

In these statements I am sustained by my predecessor, Mr. Lewis, whose experience extended over a series of years.

Respectfully,
EDWARD H. WILLIAMS,
General Superintendent.

American Watch Co., Waltham, Mass.

We make now five different grades of watches, named respectively as follows:

Appleton, Tracy & Co.,	*Waltham, Mass.*
Waltham Watch Co.,	*Waltham, Mass.*
P. S. Bartlett,	*Waltham, Mass.*
Wm. Ellery,	*Boston, Mass.*
Home Watch Company,	*Boston, Mass.*

All of these, with the exception of the Home Watch Company, are warranted by the American Watch Company to be of the best material, on the most approved principle, and to possess every requisite for a reliable timekeeper. Every dealer selling these Watches is provided with the Company's printed card of guarantee, which should accompany each Watch sold, so that buyers may feel sure that they are purchasing the genuine article. There are numerous counterfeits and imitations of our Watches sold throughout the country, and we would caution purchasers to be on their guard against imposition.

Any grades of Waltham Watches may be purchased of Watch Dealers throughout the country.
