REGISTER OF SALES—The followiug sales are to come off, for which bills have been printed at this office, or are advertised in this paper:

Jan. 30.—The real estate of the late Cornelius Comegys, at Jas. H. Willis' hotel, in Greensborough.

THE Orphans' Court for Caroline county will sit on Tuesday, January 19, 1869.

THE Wye Landing stage only makes one trip per week each way since christmas. It leaves Denton on Monday morning.

IN the Orphans Court, on Tuesday, letters of administration on the estate of Richard Plummer were granted to Denward Willis.

HIGH TIDE.—The Choptank was more swollen on Tuesday than we have seen it for some time. The causeway was submerged to the depth of several feet.

COURT.—The winter term begun and ended its sessions on Tuesday, his honor Judge Stump presiding. Business was confined for the most part to cases in chancery.

EXHIBITION.—The pupils of the Preston Academy will give an exhibition at the Academy building to-morrow evening, the 15th. Of course every one in that section will attend.

DEBATING CLUB.—A debating club for mutual improvement was formed in Tuckahoe Neck on Tuesday night last. The club meets at th chool-house near Mr. W. P. Richardson'

[illegible] are requested to state the [illegible]de to Rev. Mr. Hamwas [illegible]ntion of this circuit and Wesley's appointment conbined, instead of being made up by the citizens of this town alone.

WE recieved through the mail on Tuesday, from Federalsburg, a series of resolutions, passed by an organization styling itself the Can Can Assembly, for publication in THE UNION, we suppose. Whilst our columns are open to all persons we must once more insist upon a compliance with our rules—the accompaniement of each article by a responsible name. The parties who sent the resolutions will understand why they do not appear.

BIRTHS, MARRIAGES AND DEATHS.—The records in the Clerk's office show that 104 marriage licenses were issued during the year just closed, and that 19 births and 10 deaths were recorded. Of the births and deaths not near one-half were recorded, many persons being ignorant that the laws of this state require the recording of each birth and death within six months after the occurrence of such event, under a penalty of five dollars. It will be well if our citizens will remember this law and comply with its provisions.

ALMOST A FIRE.—The dwelling of Mr. Jesse Small, on gay street, narrowly escaped destruction by fire on Wednesday of last week. The dwelling is a double one, and one-half Mr. S. rents out. The new tenant, Mr. F. Roshy, had moved in a day or two previous, and in putting up a stove had run the pipe into the wrong hole—a hole which had been cut for a stove pipe, but did not strike the chimney, it being very crooked.—When discovered the walls up stairs were terribly charred and blackened, and the studding a solid coal of fire. Had any air been communicated to the fire, the dwelling would have undoubtedly been destroyed.

MORE MILLS.—The people in this county possess a mania for mill property, and mills are contemplated upon every available site. Partial arrangements have been made for the erection of two more during the present year—one by Mr. Wm. G. Horsey, at the old saw mill, near Whiteleysburg, and the other by Mr. Tilghman Nuttle somewhere in the neighborhood of his residence. We must express our gratification at this movement, though we would be still more pleased to hear of the building of more factories and less mills. Still, if we can't have the former, let's have the latter. The water of our streams has been unconfined long enough, and we want to see it brought into immediate use.

SERIOUS ACCIDENT TO THE NEW MILL.—During the heavy rain of Monday night, the dam of the new mill gave way, playing sad havoc in that direction. From the gates to the flume—the principal part of the dam—is washed away, the gates partially careened and one of the mudsills broken. No damage was done to the mill-house or machinery, and the finishing work to them was completed yesterday. The origin of the break is unknown, though the owners attribute it to a defect in the gates. The damage will amount to about three hundred dollars.

This misfortune befalls the owners of the property at a bad time. Winter is upon us, and it is unwise and inexpedient to begin the work of repairs now. In the spring, however, the dam will be replaced, the gates put upon a more solid foundation, and heavy logs be securely fastened into the dam thus removing all possibility of the recurrence of such an accident. Until that time all operations will cease.

THE JURIES.—Whilst in town on Tuesday, Judge Stump drew the juries for the approaching Spring term of the Court. They are as follows:

TO PHYSICIANS.

NEW YORK, August 15th 1867.

Allow me to call your attention to my PREPARATION OF COMPOUND EXTRACT BUCHU. The component parts are BUCHU, LONG LEAF, CUBEBS, JUNIPER BERRIES.

MODE OF PREPARATION.—Buchu, in vacuo.—Juniper Berries, by distillation, to form a fine gin. Cubebs extracted, by displacement by liquor obtained from Juniper Berries, contained very little sugar, a small proportion of spirit, and more platable than any now in use. The active properties are by this mode extracted.

Buchu, as prepared by Druggists generally, is of a dark color. It is a plant that emits its fragrance; the action of a flame destroys this (its active principle), leaving a dark and glutinous decoction. Mine is the color of ingredients.—The Buchu in my preparation predominates; the smallest quantity of the other ingredients are added, to prevent fermentation; upon inspection, it will be found not to be a Tincture, as made in Pharmacopœa, nor is it a Syrup—and therefore can be used in cases where fever or inflammation exists. In this, you have the knowledge of the ingredients and the mode of preparation.

Hoping that you will favor it with a trial, and that upon inspection it will meet with your approbation

With a feeling of confidence,
I am, very respectfully,
T. H. HELMBOLD,
Chemist and Druggist of 16 Years' Experience in Philadelphia, and now located at his Drug and Chemical Warehouse, 564 Broadway New York.

[From the largest Manufacturing Chemists in the World.]

"I am acquainted with Mr. H. T. Helmbold; he occupied the Drug Store opposite my residence, and was successful in conducting the business where others had not been equally so before him. I have been favorably impressed with his character and enterprise.

WILLIAM WEIGHTMAN,
Firm of Powers & Weightman, Manufacturing Chemists, Ninth and Brown Streets, Philadelphia.

HELMBOLD'S FLUID EXTRACT BUCHU, for weakness arising from indiscretion. The exhausted powers of Nature which are accompanied by so many alarming symptoms, among which will be found, Indisposition to Exertion, Loss of Memory, Wakefulness, Horror of Disease, or Forebodings of Evil; in fact, Universal Lassitude, Prostration, and inability to enter into the enjoyments of society.

The Constitution, once affected with Organic Weakness, requires the aid of Medicine to strengthen and invigorate the system, which HELMBOLD'S EXTRACT BUCHU invariably does. If no treatment is submitted to, Consumption or Insanity ensues.

HELMBOLD'S FLUID EXTRACT BUCHU, in affections peculiar to Females, is unequaled by any other preparation, as in Chlorosis, or Retention, Painfulness, or Suppression of Customary Evacuations, Ulcerated or Schirrus State of the Uterus, and all complaint incident to the sex, whether arising from habits of dissipation, imprudence in, or the decline or change of life.

Helmbold's Fluid Extract Buchu and improved Rose Wash will radicaly exterminate from the system diseases arising from habits of dissipation, at little expense, little or no change in diet, no inconvenience or exposure; completely surperseding those unpleasant and dangerous remedies, Copaiva and Mercury, in all these diseases.

Use Helmbold's Fuid Extract Buchu in all diseases of these organs, whether existing in male or female, from whatever case originating, and no matter of how long standing. It is pleasant in taste and odor, immediate'' in action, and more strengthening than any of the preparations of Bark or Iron.

Those suffering from broken-down or delicate consttiution, procure the remedy at once.

The reader must be aware that, however slight may be the attack of the above diseases, it is certain to affect the bodily health and mental powers.

All the above diseases require the aid of a Diuretic. HELMBOLD'S EXTRACT BUCHU is the great Diuretic.

Sold by Druggists everywhere. Price—$1.25 per bottle, or 6 bottles for $6.59. Delivered to any address. Described symptoms in all communications.

Address H. T. HELMBOLD, Drug and Chemical Warehouse, 564 Broadway, N. Y.
