KINNE'S

Improved Method of

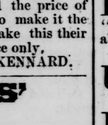

SINKING WELLS.

J. M. SATTERTHWAITE is now prepared to furnish any one with the convenience of water in their kitchen, or any other place. The well is simply driven in the ground, an augur hole of sufficient size being bored though the floor to admit the tube. The sand is excluded by a bell-metal seive, free from rust, so that there is no caving or sand coming up with the water. The best of water and plenty of it warranted. Cost of well only $1.25 per foot.

For further particulars call upon me at the Quaker House, Denton, where a well is in operation. [dc3-6w

THE QUAKER HOUSE,

HAS resolved that DENTON shall no longer have the reputation of being the dearest place in the country for entertainment. It intends to throw HOME MONOPOLIES and UNPRECEDENTED CHARGES to the moles and bats, and to let "LIVE AND LET LIVE" have its exalted station. It will feed man or horse with all he can eat, and of the best the market can afford, for 37½ cents. If you don't believe it, go and see and feed for yourself. This will please the proprietress exceedingly; who still buys fresh eggs and fat poultry for cash, and gives a big price.

Calisaya or King's Bark was unknown until the middle of the 17th century. Humboldt makes favorable mention of its febrifuge qualities as an antidote to Fever and Ague, Intermittent and Malarious Fevers, in his extensive South American travels.

In 1640 it was used by the Jesuits, who alone at that time possessed the secret of its wonderful tonic properties, and it was sold by them for its own weight in silver.

In 1658, eighteen years after, Sir John Talbot employed it with great success in France in the treatment of Fever and Ague, Dyspepsia, Nervous Affections, Loss of Appetite, Weakness and Debility, Palpitation of the Heart, Diarrhœa, etc. In 1679 he sold the secret of its origin to Louis XIV, by whom it was divulged. It is now the all important ingredient in Drake's PLANTATION BITTERS, and preserved as it is in pure St. Croix Rum, makes a tonic of rare merit, and one that should be upon the side-board of every family. Messrs. P. H. Drake & Co., the sole proprietors of the celebrated PLANTATION BITTERS, are the largest importers of Calisaya Bark in America. The Bark is gathered and cured under the immediate supervision of an agent sent out to Brazil, expressly for that purpose, and aside from a few thousand pounds which are sold to the manufacturers of Quinine, is all used in the preparing of these Bitters, to which they are indebted for their wonderful success as a tonic.

The above cut represents the natives in their own native forest gathering the Bark.
