REGISTER OF SALES—The following sales are to come off, for which bills have been printed at this office, or are advertised in this paper:

Feb. 15.—D Blocksom will sell the real estate formerly belonging to Lewis and Jno Black and wife, at the Court House.

THE Orphans' Court for Caroline county will sit on Tuesday, February 9, 1869.

COME AT LAST—the Grecian Bend.

APPOINTED.—Mr. Winton Powell, of Easton, has been appointed mail route messenger on the Md. & Del. Railroad, between Clayton and Hillsborough, *vice* Mr. Temple, resigned, at a salary of $400 per annum.

SALE OF PROPERTY.—Mr. P. W. Downes has purchased of Mr. Wm. Connolly, Sr., the Fisher property, in Denton, for $2,500. The dwelling is a commodious one, and rumor has it that it is to be fitted up for a hotel.

I. O. G. T. IN HILLSBOROUGH.—An effort will be made this evening to organize a lodge of Good Templars in Hillsborough. We trust the efforts put forth may prove successful, for if there is a town in this county that is needful of such an institution it is that one.

CHANGE OF PROPRIETORSHIP.—The proprietorship of the hotel in this town passed into the hands of Mr. Wm. Fell on Wednesday morning last. Mr. F. is a gentleman of very sociable disposition and urbane manners, and will doubtless succeed well. We hope so, at least.

REMOVAL.—We are glad to notice that our young and talented lawyer—Wm. S. Ridgely—has moved to town into the dwelling lately occupied by Dr. Booth. His whole attention will now be given to the practice of his profession. Dr. Booth has made his farm his place of residence for the present year.

THE FIRST HERRING.—The first herring of the season was caught on Friday last by Mr. Michael Pinkine, on the Hopkins shore a little above town. The recent warm weather has had the effect of driving them up the rivers, and we have been told that several were taken out of Tuckahoe creek last week.

MD & DEL. RAILROAD.—The indications at present are that this road will be completed to Easton within the time specified in the contract—within ninety days from the 1st of January. A very large force of men are at work upon the road, and should no inclement weather suspend operations it is believed the work can be completed at the stipulated time.

OMINOUS.—One of the most healthy signs that our community is improving in morals is contained in the fact that the hitherto large number of La Crosse *Democrats* taken here has dwindled down to a *single copy*. It was first introduced by a man who represented it as a better *story*-paper than the New York Ledger. One year's trial has convinced the people of the truthfulness of the assertion.

OUR STORY.—We conclude in to-day's issue our first story—Frank Sheldon, or Wealth not Worth. Next week we shall commence our second serial story, entitled THE RESCUE a tale of Mexico. This story is one of thrilling interest, and will be highly appreciated by all our readers. In order to secure all the numbers containing this story, it is necessary to send in your names before next Thursday. Terms, $1,50 per annum, *in advance*.

ANOTHER DWELLING.—For several days past Mr. Jesse Small has been busily engaged in hewing out and preparing the frame for a small single-story dwelling to be located on one of our back streets. The work is being done for Mr. H. Blackiston, who seems to be anxious for the prosperity of our town. In further manifestation of his desire for the prosperity of Denton, he informs us that he contemplates the erection of a large two-story building on his vacant lot, opposite the Court House, in the spring, and that the bill for the frame has already been given out.—This building is for business purposes. Keep the ball moving.

THE PRESENT CONDITION of the weather excites the astonishment of the oldest inhabitant. Here we are, entered upon the last winter month, and we have been enjoying the delightful weather of spring almost ever since Christmas. On Saturday the weather was so warm, and the day so beautiful, that we threw open our windows to catch the gentle zephyrs and apply their rejuvenating influences to our pent up spirits. Last night (Tuesday) was one of continued storm, alternating with rain and snow, but the atmosphere this morning retains its spring-like feeling. A dense fog is prevailing. Fears are entertained that the cold weather will set in towards the latter part of the present month and will continue throughout March, thus injuring the fish season and causing an utter failure in the peach crop. Some anticipate a backward spring, in which event would it not be well to begin the usual work of that season during the present favorable weather?

LET US HAVE A SABBATH SCHOOL.—At the conclusion of his sermon on Sunday morning last, Rev. Robt. W. Todd made a few pertinent remarks relative to the continuance of the Sabbath School, and justly censured those whose fault it is that we are without such a school in our town. He bore rather heavily upon the Trustees of the Church, stating that if the new Church was too good for Sabbath School purposes, then *they were in duty bound to provide some other place*. In this we agree with him. The immoral and ungodly manner in which the youth of our town spend their Sabbaths is truly deplorable. As regular as a Sunday approaches, the boys, and many of the young men, too, may be seen filing out of town with a ball in their pocket and a bat or two for walking sticks towards some vacant lot, where they spend the day in playing base-ball, or else they may be found at the extreme end of one of our back streets playing marbles. We believe the cause of this is, in a great measure, attributable to the want of something else to do, and that, with proper influences, the major part of these Sabbath-breakers could be gathered into the Sabbath School. Parents, too, should exercise a greater control over their children, and require them to abstain from all such immoral and uncivilized practices. The Sabbath School is the proper place for all boys and young men, and if they are found thereat every Sabbath it will make them the more respected by all christian people. We trust that the Trustees of the Church will provide a place for the holding of a Sunday School, and that parents will see that their children are punctual in their attendance.

ABSCONDED.—Geo. C. Morton, agent of the Adams' Express Company at Ridgely absconded on Tuesday last, taking with him a little upwards of eleven hundred dollars. Of this amount, thirty odd dollars belonged to the railroad company, and the remainder was money left with him to be expressed to different parties in Baltimore and elsewhere.—The parties, however, all hold the receipt of the Company, in his name, and will, of course, be no losers thereby. Four hundred and thirty-eight dollars of this amount was left with him by Mr. H. Blackston, of this town, to be expressed to Baltimore, and Mr. Jas. K. Saulsbury had also deposited near eighty dollars. Dr. Goldsborough, the Superintendent of the Railroad, telegraphed in every direction as soon as it was ascertained that Morton had departed, and expert detectives are on the search for him. Our latest advices state he is still at large, yet we have no doubt but that he will eventually be captured. We learn that an agent of the Express Company is at Ridgely endeavoring to ascertain the amount of money missing in order to make future reparation.

THE PEACH PROSPECT.—There seems to a diversity of opinion among our experienced fruit growers relative to the effect the recent warm spell has had upon our next summer's crop of peaches. Some contend that the buds are sufficiently swollen to be affected by the cold, should any be experienced, while others are equally tenacious to an adverse opinion. They all admit that the buds *are swollen*, but differ in regard to the degree.—This, we imagine, depends altogether upon the quality of the soil on which the trees stand. Those on light sandy soils are more advanced than those on heavy clay land, and we would not be the least surprised if some orchards are an entire failure again this year.

FREAK OF NATURE.—At the almshouse in this county is a colored child, apparently near one year old, upon which nature seems to have been practicing its freaks. On each of its hands it has five separate and distinct fingers, exclusive of the thumb, and on its right foot it has two great toes. The left foot has the usual number of toes, but instead of the second one being in its proper place, between the first and third, it has grown under them. The extra fingers and toe are perfectly natural and correctly formed in every particular. This child was left at the almshouse several months since by some person unknown, and is being properly attended to.

Potter's Landing.

From an Occasional Correspondent.

This being my first letter from here, it may not be inappropriate to say something about the place and vicinity. Potter's Landing is not unlike other villages in many respects. There are a number of stores here; also a mill. In the vicinity is a house where children are taught, but not one suitable for school purposes. It is to be hoped that the people here will manifest enough interest in the cause of education to build a good school house during the summer. The one used by the colored people presents quite a contrast to the shabby concern to which the whites are seemingly content to send their children.

Churches are not so plentiful, though services are held every sabbath in a small building rented for that purpose. It is proposed to build two new Churches in the Spring—a Methodist and a Congregationalist.

We are not outside the pale of civilization, for we can boast of *one* grop shop.

Yesterday was "Derby day." Early in the afternoon the people gathered in the road about the grog shop from all parts of the country to witness the races. The horses were brought and first walked over the track, betting going on in the meantime most vigorously. No signs of hard times anywhere:

"The black and bay,
Dapple and grey,
Went in the fray."

Old men and young men, rich men and poor men staked their money on the chances of winning with a recklessness which one would think came from well-filled pocket-books, if it was not known to come from frequent potations of whiskey. Some went home poorer, if not wiser, men. OBSERVER.

Potter's Landing, Jan. 29.

Federalsburg.

From our Special Correspondent.

—Last week we raised the steeple and placed it on the belfry of the Church. The steeple was framed and built on the ground. Its height is twenty-five feet, with a stem three feet in length. On the top of the stem is an iron rod, also three feet long, surmounted by a handsome gilt ball, fourteen inches in diameter. The steeple was raised by means of block and falls, and put on the belfry, a distance of forty-three feet. The height of the steeple as it now stands is about seventy-five feet. It is a noble structure, and gives a fine view of the town. The carpenter's work will be immediately finished. The Church will be papered and fescoed and all newly painted inside and out. The graveyard will be enclosed with a new railing fence. Nearly enough lumber is in place to complete the fence, and work will soon be begun. When all is completed, it will add considerably to the beauty of our town.

A very sad accident happened in the woods, near town, a few days since. Some colored men were cutting wood, and in felling a tree it lodged in another. While engaged in dislodging it, the tree fell suddenly to the ground, catching one of the men beneath it. He lived only a few minutes after the occurrence of the accident.

Lavina Zook, widow of J. L. Zook, dec'd, and Mary F. Zook, Carrie A. Zook, Richard R. Zook, Henrietta Zook, J. W. Kerr, and Thos. H. Kemp, admr's of Jacob L. Zook, dec'd & J. G. Redden.

Circuit Court for Caroline county, in Equity.

THE object of this suit is to procure a decree for a sale of certain real estate situate and being in Caroline county.

The amended bill of complaint states that heretofore the complainants filed their bill of complaint in this court against Lavina Zook, widow of Jacob L. Zook, late of Caroline county deceased, and Mary F. Zook, Carrie A. Zook, Richard R. Zook and Henrietta M. Zook, who were then residents of Caroline county aforesaid and praying, among other things, for a sale of the real estate in said bill of complaint mentioned, to which bill the defendants and other proceedings were, as by the proceedings now in this court will appear; that since filing said original bill they have discovered that the personal estate of Jacob L. Zook, dec'd, in the hands of the administrators, J. W. Kerr and Thos H. Kemp, will not pay the debts due from said deceased; that one James G. Redden holds a mortgage against said real estate for a large sum of money, but for what amount, after deducting all proper credits, your orators are not informed; that since filing their original bill in this cause, Lavina Zook, widow of said Jacob L. Zook, and Mary F. Zook, Carrie A. Zook, Richard R. Zook, Henrietta Zook have removed from Caroline county to the State of Pennsylvania and are now non-residents; that Mary F. Zook, Carrie A. Zook, Richard R. Zook and Henrietta Zook are infants under the age of twenty-one years: It is therefore adjudged and ordered that the complainants, by causing a copy of this order to be inserted in some newspaper published at Denton, Caroline county, once in each of four successive weeks, before the twenty-second day of February next, give notice to the said absent defendants of the object and substance of this bill, and warn them to appear in this Court, in person or by solicitor, on or before the TWENTY-FOURTH DAY OF MAY, next, to answer the premises and show cause, if any they have, why a decree ought not to pass as prayed.
