☞Persons wishing legal advertisements inserted in this paper must *expressly* so notify the courts, and at the same time leave word at this office.

Town and County Intelligence.

THE Orphans' Court for Caroline county will meet on Tuesday, April 6th.

ALL FOOL'S DAY.—This is all fool's day. Look out for sharpers.

COURT commences on Monday next.—Don't forget your printer's bills.

SCHOOL BOARD.—The board of School Commissicnors will meet in Denton on Tuesday the 6th day of April.

SEVERAL advertisements are necessarily omitted this week. Their time will be made up after the expiration of the contract.

THE BAKERY.—Fire was kindled in the flue of the bakery in this town on Tuesday last for the first time. The oven is now completed, and Mr. Hutson will soon be able to dispense bread, cakes and pies to his customers.

SPRING GOODS.—Robt. W. Todd has just returned from Philadelphia, with a large stock of new spring goods, of all descriptions, which he is now opening, and will be pleased to exhibit to his customers and the public generally.

RESUMED.—The Champion resumed her trips to this place on Saturday last, and will continue to make semi-weekly trips during the coming summer and fall. She has been furnished with a new boiler, and is now as safe as any boat that leaves the port of Baltimore.

WE venture the assertion that every merchant in this county heard of the sudden rise of sugar and run up his prices accordingly. But we are not so positive that they have all heard that a large cargo has arrived from Cuba and that prices have fallen several cents in the pound.

WE conclude Mr. Tardy Turnout's serial story in this issue. So far as we have learned, it has given general satisfaction. We have in our possession another serial story, written for this paper by a different author—a citizen of this county. Its publication will be begun soon. This one will not be so long as the one just concluded.

LAND SALES.—The Mancha Bros. send the following:

Dr. P. O. Cherbonnier's farm, in Tuckahoe Neck, containing 240 acres, to Mr. Geo. Furman, of Rockland county, N. Y. for $12.000.

M. J. Clarke's farm, adjoining this town, and containing 165 acres, to Mr. Henderson Hann, of Luzerne county, Pa., for $6,500.

RESTORED TO HER PARENTS.—The daughter of Mr. Alex. Carson, residing near Hillsborough, who we stated last week had been abducted by a negro named Hall and taken to Baltimore, was restored to her parents on Tuesday week. Detective Pontier, of Baltimore city succeeded in arresting the negro in Charles county, and he then gave information as to the house, that of a colored man, where the child was. Hall has been given over to the Talbot county authorities.

"THE ENTERPRISE MILL."—We are at last permitted to announce that this mill is a complete success. Its completion has been attended by the expenditure of a considerable amount of capital and labor—accidents having constantly befallen it—but we imagine it will pay a handsome per cent on the investment. Its enterprising owners—Messrs. Emerson & Roshy—have labored with a commendable degree of patience and energy despite these accidents and the predictions of prophets, as well as the croakings of intermeddlars. Almost insuperable obstacles have loomed up in unexpected quarters, but perseverance, the conqueror of all things, has brought these into subjection. At one time some skilled hydrologist has clearly demonstrated that the capacity of the stream is insufficient to move such weighty machinery; at another, some proficient millwright has condemned the machinery put into it. One has found fault with the dam, another with the means of applying the water to the wheel, a third to the location of the mill house, whilst some have even gone so far as to object to the enterprise itself. But all these notions and theories have been exploded, and the public is now convinced that everything is right and in its right place.

There are seasons when the proprietors did not expect to be able to grind on the natural flow of the stream, but to meet this obstacle they are turning another stream into the pond by the opening of a canal three-quarters of a mile in length. When this is done, and a new reservoir is built, it is expected that the mill will be run from one year's end to the other.

The flour ground at this mill is of the finest and best quality—the arrangements and appointments for manufacturing surpassing any in the county. The meal is somewhat coarse—owing to the newness of the stones—but this will be remedied in a short time by constant use.

We invite the public to visit this mill, particularly the millers, as the entire arrangement is a morel one. The machinery is of the most approved pattern and of the most substantial character.

ACCIDENT TO MILL PROPERTY.—The dam of the Brick Mill, situated on the "river road" between Denton and Greensborough, was blown out on Friday morning last, rendering it of no possible use to its owner.—The dam was a new one, having but just been completed, and was provided with a tumble, instead of gates, to run out the surplus water. The mill had been in operation only about half an hour when the accident occurred. Mr. Jas. Bryan, the owner, attributes the loss of the dam to a defective flume which passed entirely through it under the tumble, and to be used in emitting the water when it is desired to decrease the amount in the pond.

Mr. Bryan informs us that he will not attempt to rebuild the—dam at the present time, at least. He has been extremely unfortunate with this property, and has lost quite a large amount of money by similar accidents. Only last year the gates blew out, and he has since been at considerable expense in supplying their place with a tumble, which has shared a similar fate. The breach in the dam extends the entire length of the new portion.

SINCE the death of Mr. F. W. Ridgely, no postmaster has been appointed for the town which bears his name, but the duties of the office have been discharged by the assistant. He, we are told, intends to forward his returns at the close of the current quarter and then close the office up. We sincerely trust that Mr. Creswell will appoint a new postmaster for this office, as it is the medium through which a large neighborhood is supplied with the mail. Mr. Jas. K. Saulsbury is a suitable man for the position, and one who will administer the duties of the office faithfully.

Potter's Landing.

Mr. Gootee Stevens caught at his fishery, on Monday last, 9,000 herrings and 107 shad. 23,000 herrings were caught at this fishery in four days the week previous.

Mr. Casper Miller, who is hauling the seine at the Landing, caught about 4,500 herrings and 25 bu. large white perch on the same day. Floaters caught upwards of 100 shad and 1,000 herrings to the boat.

$1200 AND ALL EXPENSES PAID.—See advertisement of *American Shuttle Sewing Machine*, in our advertising columns. ‡
