Town and County Intelligence.

THE Orphans' Court for Caroline county will meet on Tuesday, April 13th.

THE peach trees are in bloom in many orchards. They are the earlier varieties, of course.

HON. SAML. HAMBLETON will accept our thanks for a copy of the "Memorial Addresses on the Life and Character of Thaddeus Stevens."

No business was transacted by the Board of County Commissioners on Tuesday, two of the members being detained at home by reason of sickness.

PERSONAL.—Rev. John Hough, who rendered such efficient service in the New Church enterprise, is stopping with his friends in this vicinity for a few days.

MEETING IN BANKRUPTCY.—A meeting of the Creditors of F. W. Ridgely and Jas. S. Dungan, Bankrupts, will be held in Denton on the 17th (Saturday) inst., at which meeting an assignee will be appointed.

NEW GOODS.—We observe that our old and accommodating merchant—Mr. Hy. Blackiston—has laid in his spring supply of goods, and his shelves are really inviting. His stock is very large and well assorted. See his advertisement.

GARDENING.—The past week has been one of unusual activity among our townsfolks, and the seed for the future crop of vegetables has been committed to mother earth. There is usually big efforts put forth by our citizens generally to produce the first vegetables, and we suppose it will be continued this year. We'll bet on neighbor P. for potatoes, for his has been planted for several weeks.

SOME COLT.—Mr Trustin Pippin residing in the 1st district, is the owner of a colt which weighed 1035 pounds the day it was three years old. He also has another one which will weigh about the same number of pounds when it arrives at the same age.—Can any one beat this?

THE WHEAT PROSPECT.—So far as we can learn, and as far as our own observation extends, the prospect for an excellent crop of wheat daily becomes more flattering. The continued mild weather is causing it to grow very rapidly, and on some fields it will now more than hide a rabit. If it will do this on the 1st of May it is usually reckoned as good wheat.

MELANCHOLY OCCURRENCE.—The destroying angel of death has been abroad in this section during the past week, and has snatched away two members of a single family almost simultaneously. The victims are Mr. Nathaniel Patchett, on Sunday, residing in Talbot county, near Hillsborough, and Maria, his wife, on Monday. Their malady was the measles. Each were well advanced in years, and were highly esteemed by their neighbors and acquaintances.

PROCEEDINGS OF THE SCHOOL BOARD.—The School Commissioners of each district received funds to pay the balance due the teachers on winter term.

Spring term ends 4th of May.

Board meets on the 11th of May.

Notice to make application to the next meeting of Board to fill the vacancy in St. Johns College.

Notice to hold elections in each district, the 1st Saturday in May, to elect district trustees.

Notice to teachers to meet in Denton on Saturday May 8th at the Academy to organize a Teacher Association.

COURT PROCEEDINGS.—Court commenced on Monday, His Honor Associate Judge Wickes presiding. Later in the session Associate Judge Stump entered and took his seat upon the bench. The following is a record of the proceedings up to the hour of going to press:

Thos. Melvin *vs.* Md. & Del. R. R. Co.—Appeal. Judgment reversed without prejudice. Kennard & Martin for Appellant; Powell & Hambleton for Appellee.

AN INTERESTING LETTER is published in the Medico-Chirurgical Review, on the subject of the Extract of Sarsaparilla in certain affections, by Benjamin Travers, F. R. S., &c.—Speaking of those diseases, and diseases arising from the excess of mercury, he states that no remedy is equal to the Extract of Sarsaparilla; its power is extraordinary, more so than any other drug I am acquainted with. It is, in the strictest sense, a tonic with this invaluable attribute, that it is applicable to a state of the system so sunken, and yet so irritable as renders other substances of the tonic class unavailable or injurious.

A large per centage is Soluble, and will immediately yield its nourishment.

The Ammonia it contains is pure and ready to yield its value—not animal matter, capable of yielding its ammonia after decomposition in the soil.

Nothing is spared in its manufacture to render it the most valuable Super-Phosphate and Crop Producer in the market.

Eight years' experience has proved to the farmer that it is durable and can always be relied on as uniform in quality; and the numerous unsolicited testimonials continually received of its use in competition with other Fertilizers, fully attests that it has not been excelled.
