## Town and County Intelligence.

THE Orphans' Court for Caroline county will meet on Tuesday, May 25th.

ASSIGNEE.—Robt. J. Jump, Esq., has been appointed assignee of Messrs. Ridgely & Dungan, bankrupts.

STAWBERRY growers can have checks for their pickers neatly printed at this office at an exceedingly low price.

COURT HOUSE KEEPER.—Mr. Thos. Urry has received the appointment of Court House keeper from the County Commissioners.

LAND SALE.—Mr. Christian Zook has sold his farm, containing 88 acres, to Dr. J. H. McLean, of Norwalk, Conn., for $2,500.

RUMOR says that a camp meeting is to be held at Concord this summer, but the matter will be definitely settled at the next quarterly meeting—in June.

WE learn from our small fruit-growers that the earlier varieties of strawberries are fast ripening, and that they will be ready for shipment during the latter part of the present week.

NEW POSTMASTER.—Mr. Jacob Alburger, the newly appointed postmaster for this town, received his commission on Thursday, and entered upon the duties of his office the following day.

ACCIDENT.—Mr. Wm. J. Hubbard met a slight accident whilst at work upon the *Journal* office on Saturday morning. A hatchet fell from the scaffolding, the eye of which struck him on the side of the nose and face, and inflicted a flesh wound. He was able to resume his work on Monday.

ANOTHER.—A son of George Bell, (colored,) residing near Anthony's Mills, while engaged in wrestling with his brother, fell and dislocated his shoulder joint. The accident occurred after dark on Wednesday, but being seen early afterwards by Dr. Tarr it was reduced before much swelling had occurred.

THE GOOD TEMPLAR'S ENTERTAINMENT.—The entertainment given by the Good Templars of this town on Wednesday evening last was a complete success and exceeded the expectations of even the most sanguine. The audience was large and orderly, and was evidently much pleased with the performances by its frequent and prolonged plaudits. Each of the participants performed their parts well, particularly those in the drama—Ten Nights in a Bar Room, The characters of Simon Slade, personated by Z. P. Steele, Sample Swichel by Wm. H. Baker, Frank by Jas. E. Conner, and Mchitable Cartright by Miss Anna C. Nicholson, were admirably carried out, and drew forth frequent manifestations of delight from the audience. The Village barber was the "funny" piece of the evening, and those having parts in this piece performed them to perfection. So delighted was the audience with this piece that it had to be repeated. The Good Templars intend to give another entertainment at some future day, but with an entirely new programme.

DESTRUCTION OF A MILL DAM.—At an early hour on last Monday morning week the dam of the mill at Bloomery gave way, washing away about sixty feet of the dam, but doing little or no damage to the gates.—This dam was near a hundred years old, and was among the first ever built in this county. When first discovered on the morning of the disaster, the water was running across it in a narrow stream, but too wide to admit of a passage through it without endangering life. The dam had evidently been cut so as to afford a passage for the water by some evil disposed person, and suspicion seems to point directly to a certain person in that neighborhood as the perpetrator of the deed.—Those interested are only awaiting further developments before proceeding against him. Loss from $150.00 to $200.00.

THE SCHOOL DISTRICT TRUSTEES.—As far as we are able, we given the names of the school district trustees chosen at the election held in the several districts on the 3d of May. In many of the districts no elections were held, but the Commissioners will fill vacancies, they being empowered by the school law so to do. The following are the trustees:

PROCEEDINGS OF TEACHERS' ASSOCIATION.—According to previous notice, a meeting of Teachers was held at the Academy, in Denton, on Saturday, May 15th, for the purpose of forming a "County Association."—The meeting was called to order by Rev. Geo. F. Beavon, County Examiner, and Jas. W. Conner was elected President and Miss A. E. Gray Secretary. The meeting was then briefly addressed by Messrs. Conner and Beavon, both of whom referred, in forcible terms, to the importance of the object contemplated, and urging upon the teachers the necessity of interest and energy in the discharge of their duties.

On motion a committee, of which the President should be chairman, was appointed to draft a Constitution for the government of the Association. Wm. T. Pippin and Chas. E. Tarr were appointed on the committee.

On motion the Association took a recess until 2 o'clock, P. M.

AFTERNOON.

The Association met and was called to order, President, J. W. Conner in the chair. The report of the Committe appointed to draft a Constitution was read, amended and adopted.

The following additional officers were then elected by ballot: John H. Powell, Wm. Neal and H. L. Atkinson, Vice Presidents; Wm. T. Pippin, assistant Secretary; Miss Helen N. Boyle, Treasurer; Miss R. Satterthwaite, Auditor; James W. Conner, Hillman Smith and Lewis Green, Executive Committee.

On motion leave was granted to Dr. C. E. Tarr, to amend section 3, of Article 3d, of the Constitution, at next meeting.

The Association was then briefly addressed by Messrs. Tarr and Conner.

On motion the Association adjourned to meet on the 2nd Saturday in June, at the Academy in Denton.

ANOTHER IMPROVEMENT.—The latest improvement, and one likely to be of incalculable benefit to mill-owners and others interested in water-power, is the improvement of the Lefel Double Turbine Water Wheel by Mr. J. H. Emerson, of this town. The Lefel wheel is admitted by all scientific and practical men, who have tested its capacity for power and speed, to do more work, with a less amount of water than other wheel now in use. The late improvement by Mr. E. renders it beyond all doubt superior to every other, and it now has no competitor, and will in a short time supersede all others.

The improvement claimed is that it will do the same work, and posesses the same power and speed with a saving of 50 per cent of water. Another and great advantage claimed for the improvement is that the Lefel Wheel as now constructed remains intact, and the improvemant can be added and, if plenty of water is at hand, the wheel may be used as now constructed; but if there be a scarcity of water, as is usually the case during dry seasons, the improvement may then be put in operation, saving fifty per cent, of water or it may be used at all times, at the option of those owning water power. It is easily operated and requires but a moment's time to put it in motion or cease its operations altogether.

This improved wheel is now in successful operation at the New Enterprise Mills, near town, where a practical application of the late improvement can be seen at almost any time, and will richly repay a visit from mill-owners, and others interested, for loss of time. Mr. E. has already made application for a patent on the improvment.

PROCEEDINGS OF THE ORPHANS' COURT.—The Orphans' Court was in session on Tuesday, and transacted the following business.

Tamsey Wright and Saml. Trice, administrators of Jno. Wright, deceased, presented an additional inventory and account of sales of said deceased's estate. Passsed.

Alex. B. Glanden was released from his indentures with Anna C. Collison.

J. D. Kemp, admr. of Jos. Baker, passed first administration account.

Jno. F. Dawson, executor of Wm. Delahay, deceased, passed final distribution of the said deceased's estate.

### Preston.

—The colored people of this vicinity held a festival on Monday, the 17th instant, at the African M. E. Church; and at the same time the teacher and pupils of Marsh Creek school had an exhibition. In the afternoon quite a number of ladies and gentlemen from here rode out to see them. Near the Church a large canvass tent was stretched, and within it was a table bounteously spread with refreshments, which were served out to customers by very polite and oblidging waiters. The speakers were dressed in white with blue sashes, and we suppose acquitted themselves with honor, judging from the numerous bursts of applause which were heard outside of the house (we were not within). After the speaking, the audience were regaled with some very fine vocal music.—The day was a fine one, and every one, both white and colored, appeared to enjoy themselves. We do not know to what purpose the funds realized, are to be devoted, but presume to the Church.

—Messrs Todd and John R. Stack are going into the Ground Nut culture this year, having quite a large lot of ground devoted to that purpose.

—Quarterly meeting on this charge was held at Bethlehem M. E. Church on Sunday and Tuesday last, the Presiding Elder preaching on the latter day.

### HELMBOLD'S Concentrated Fluid Extract SARSAPARILLA

ERADICATES ERUPTIVE and ULCERATIVE DISEASES OF THE

*THROAT, NOSE, EYES, EYELIDS, SCALP, and SKIN,*

Which so disfigure the appearance, PURGING the evil effects of mercury and removing all taints, the remnants of DISEASES, hereditary or otherwise, and is taken by ADULTS and CHILDREN with perfect SAFETY.

TWO TABLE-SPOONFULS of the Extract of Sarsaparilla, added to a pint of water, is equal to the Lisbon Diet Drink, and one bottle is equal to a gallon of the Syrup of Sarsaparilla, or the decoctions as usually made.

AN INTERESTING LETTER is published in the Medico-Chirurgical Review, on the subject of the Extract of Sarsaparilla in certain affections, by Benjamin Travers, F. R. S., &c.—Speaking of those diseases, and diseases arising from the excess of mercury, he states that no remedy is equal to the Extract of Sarsaparilla; its power is extraordinary, more so than any other drug I am acquainted with. It is, in the strictest sense, a tonic with this invaluable attribute, that it is applicable to a state of the system so sunken, and yet so irritable as renders other substances of the tonic class unavailable or injurious.
