Town and County Intelligence.

THE Orphans' Court for Caroline county will meet on Tuesday, June 29th.

LOCOMOTIVE SEIZED.—The new locomotive which we mentioned last week as being sent down to the Md. & Del. R. R. Company was seized at Wilmington by the Sheriff, at the instance of George Stearns, whilst on the way to its destination. The difficulty will, we presume, be shortly settled, and the locomotive be sent on to the road for which it was designed.

DROWNED.—A son of Mr. Wm. Williams, residing near Marydell, was drowned in the mill pond near that place on Sunday morning week. He had gone into the water for the purpose of bathing, and was accompanied by only one or two little boys, when he was seized by the cramp and drowned, they being unable to render any assistance. He was about 18 years of age.

HARVEST.—Wheat is now fast ripening, and harvest will soon be upon us. Some of the earlier varieties are already ripe, and is being cut. Mr. Geo. W. Spurry begun on Monday, and was the first that we have heard of in the county. Others will follow about the last of this week, but harvest proper will not commence until next week. The crop is very heavy throughout the county, and our farmers are very jubilant at their prospect of realizing something from this crop after a failure for so many years.

THE HAY CROP.—Those of our farmers who have turned their attention to the growing of hay are now very busy in their hay harvest. Some have very abundant crops, and will have more than enough to serve them. Many who grew none last year have very fine fields this, and every year there is a greater breadth of land devoted to this crop than the year previous. Our farmers have come to consider this one of the indispensable crops, and in a few years the lack of hay will be the exception rather than the rule.

DISGRACEFUL EXHIBITION.—Saturday night last was the occasion for another of those pugilistic encounters among the colored people for which our town has, of late, become so notorious. The entire street, from the stables as far up as the drug store was a solid mass of negroes—men, women and children, thrown promiscuously together—and their profanity was such as to shock the sensibilities of our quiet and well disposed citizens. So far, in fact, did matters progress that it became necessary for the county officers to interfere and quiet the disturbance. One of the principals—Jas. Groce—was arrested and carried before Esquire Lowe, who required him to give bail for his appearance at court. This he readily did, and was set at liberty.

We urge upon the authorities the importance of a speedy termination to these Saturday night disturbances.

LAY DELEGATION.—We have been kindly furnished by the Preacher in Charge for this circuit—Rev. J. W. Hammersly—with a statement of the vote for and against lay delegation of the different charges under his pastoral jurisdiction. The returns show that but little interest was manifested by the members, some of the charges only casting a single vote. It is fair to presume, however, that there is no serious opposition to the measure in this circuit; and if measured by the old adage that "silence gives consent," we may justly chronicle it as a complete victory in favor of lay delegation. The vote is as follows:

CHARGES.	FOR.	AGAINST.
Harmony,	11	6
Potter's Landing,	2	0
Concord,	1	0
Bloomery,	0	1
Denton,	6	3
Harris',	4	0
Wesley's	1	3
Total,	25	13

Majority in favor of lay delegation, 12.

ELOPEMENT EXTRAORDINARY.—On Monday night last, one of the most extraordinary elopements ever chronicled in the annals of this county occurred. The parties were citizens of this town, and had been enjoying the felicities of married life some two or three years. A few months since the aunt of the devoted wife died, and after her death the peice conceived the idea of selling the property belonging to her and applying the money to her own uses. After being in the market for some time a sale was effected one day last week, and the money paid down.—So, when Monday morning arrived the dutiful husband was dispatched to a neighboring town in quest of a home were they might revel in the ecstatic bliss of conjugal affection, and whilst plowing the azure deep the paragon of a wife was preparing for her departure. And when mother earth was curtained with sombre shades of night and all nature had sought its "sweet restorer balmy sleep," she sallied forth for the nearest railroad station, and bidding an affectionate farwell to her childhood home, with all its hallowed scenes, she departed for climes unknown. Her husband has not returned up to the present writing, but when he does come we presume his disappointment will be great.

EARLY POTATOES.—Mr. F. A. Sisk sent us some very fine specimens of early potatoes on Tuesday. One was considerably larger than a hen's egg, and was as handsome a potato as is common to find. He does not know the name of the potato, but it is a Western variety, and was grown from a few seed which came in his possession not long since. They were grown side by side with the Goodrich, the Dykman, the Mercer, and surpasses them all in size and beauty.—They were grown in his garden and planted about the last of March.

Hardly had the bearer of the above departed when another deposit of potatoes was made in our sanctum. They were of the Early Rose variety, and were grown by Mr. G. W. Richardson. These were larger than those sent by Mr. Sisk—one weighing 4½ and another 4 ounces—and were the most handsome potatoes we have ever seen. They were taken promiscuously from a field of six acres, and Mr. R. is satisfied that he can find larger ones still. He will make his first shipment to-day.

TEACHERS' ASSOCIATION.—The Teachers' Association met at the Academy in Denton on Saturday, the 10th of June, the President, James W. Conner in the chair. After prayer by Rev. R. W. Todd the minutes of last meeting were read and approved. Owing to the unavoidable absence of Mr. Beavon the lecture was omitted. Mr. Wm. T. Pippin proceeded to give an exposition of his method of teaching Orthography, which was well received by the Association.

After Mr. Pippin had concluded, his remarks were criticised by Messrs. Todd, Tarr and Conner.

Mr. Conner ably explained his method of teaching derivative words, which was warmly endorsed by Messrs. Todd and Tarr. Mr. Conner was requested to furnish the members of the Association with a copy of the synopsis of suffixes and prefixes as arranged by him.

The amendment of Sec. 1, of Art. 3d, of the Constitution, offered by Dr. Tarr, was adopted. The Association took a recess until 2 o'clock, P. M.

Mr. Geo. W. Smith explained his method of teaching the elementary principles of Arithmetic.

An essay, entitled "The Educated Women of the 19th Century" was read by Miss Helen Boyle. The Executive Committee presented the following programme for the next meeting.

Instruction in Arithmetic by Miss Sue Duncan—35 minutes. Criticisms 10 min.

Primary Instruction in Elocution by H. L. Atkinson—30 min. Criticisms 10 min.

Essay by Miss Allie D. Newman—20 min.

RECESS UNTIL 2 O'CLOCK, P. M.

Grammar, Method of Teaching by G. W. Mancha—40 min. Criticisms 20 min.

Selected reading by Miss A. E. Gray 15 minutes.

Mathematical Geography by Miss F. McCloud—15 min. Criticisms 10 min.

Lecture by Rev. G. F. Beavon.

Discussion,—Should Punishment be Inflicted in the Presence of the School?

On motion, the Association adjourned.

J. W. CONNER, Pres't.

A. E. GRAY, Sec'y.

HEAVY AND DESTRUCTIVE STORM.—A very heavy storm passed over this portion of the county on Sunday evening last, doing much damage to the growing crops, to houses, trees, &c. Throughout the day a stiff breeze had prevailed from the Southeast and towards night-fall it changed to the Southwest and increased in violence, bringing with a copious shower of rain. For a few moments the wind and rain were terrific, and this was the time the work of destruction was carried on. This was about six o'clock.

In many fields, especially those where the crop was heavy, the wheat was badly blown down and somewhat tangled. One gentleman informs us that his wheat laid as flat after the storm as if it had been rolled with a very heavy roller. It has, however, partly uprighted itself, and may, possibly, once more assume its former standing attitude.—The corn crop was hardly far enough advanced to be affected by the wind, except in gardens, where it was planted for early use, and here it was blown pretty badly. A great many peaches and other fruits were blown off, but we apprehend the owners will be no losers thereby for the trees were too heavily laden.

On second street, in Denton, a very fine maple in front of the hotel property was broken off, and another in front of Mr. P. W. Downes' was split open. A very large mulberry was also blown up by the roots in front of Mr. T. A. Smith's premises, at the upper end of the town. This falling across a new fence he had just put up, completely demolished one panel. One of the little steeplets was also blown off the tower of the new M. E. Church. Just outside of town the storm seems to have been even more terrific, for it bodily lifted up a new barn, belonging to Samuel E. Miller, and lately completed, 24x30, and bore it off its foundation. The barn is badly shattered, and several of the timbers are broken.

The storm seems to have been confined to very narrow limits. At a distance of three miles on either side of the town its violence was not felt, though a high wind prevailed throughout the day and night. It was one of the heaviest storms ever experienced in this section.

Marriages.

LEAVERTON—PURT.—On the 15th inst., at Concord M. E. Church, by Rev. R. W. Todd, Mr. Garey H. Leaverton, of Kent county, Md., and Miss Mary E. Purt, of this county.

[We return our thanks to the above happy couple for a slice of delicious cake.]

Deaths.

GRIFFITH.—On Tuesday morning last, at the residence of her son-in-law, J. Boon Dukes, Esq., near Denton, Mrs. Ann S. Griffith, relict of the late Chas. A. Griffith, aged 52 years.

☞ The friends and relatives of the deceased are invited to attend her burial, at the "Griffith Farm" this (Thursday) morning, at 10 o'clock, without further notice.

Special Notices.

ERRORS OF YOUTH.

A GENTLEMAN who suffered for years from Nervous Debility, Premature Decay, and all the effects of youthful indiscretion, will, for the sake of suffering humanity, send free to all who need it, the receipt and directions for making the simple remedy by which he was cured.—Sufferers wishing to profit by the advertiser's experience, can do so by addressing, in perfect confidence, JOHN B. OGDEN,
my20-y. No. 32 Cedar street, New York.

TO CONSUMPTIVES.

THE Advertiser, having been restored to health in a few weeks, by a very simple remedy, after having suffered several years with a severe lung affection, and that dread disease, Consumption—is anxious to make known to his fellow sufferers the means of cure.

To all who desire it, he will send a copy of the prescription used (free of charge), with the directions for preparing and using the same, which they will find a SURE CURE FOR CONSUMPTION, ASTHMA, BRONCHITIS, etc. The object of the advertiser in sending the Prescription is to benefit the afflicted, and spread information which he conceives to be invaluable; and he hopes every sufferer will try his remedy, as it will cost them nothing, and may prove a blessing.

Parties wishing the prescription, will please address. REV. EDWARD A. WILSON,
Williamsburg, Kings County, New York.
my20-y.

A GREAT POLITICAL REVOLUTION

was accomplished by the election of Grant, and a revolution of immense social importance has been effected by the general substitution of that pure and harmless preparation,

Cristadoro's Excelsior Hair Dye,

for the deadly compound of lead and brimstone, of which, according to the "Journal of Chemistry" and the "Medical Gazette," more than *thirty varieties* have been foisted upon the public! Cristadoro's Dye is the only one that

HAS BEEN ANALYZED;

and Professor Chilton, over his own signature, declares that it is perfectly wholesome.

CRISTADORO'S HAIR PRESERVATIVE, as a Dressing, acts like a charm on the hair after Dyeing. Try it. Sold by all Druggists.
je17-4w.

"A WORD TO HORSEMEN."

DR TOBIAS' CELEBRATED VENETIAN HORSE LINIMENT has been tested by the first Horsemen in this country, and proved to be superior to any other. The late Hiram Woodruff, of "trotting fame," was never without a bottle in his stable. It is also used by Col. Bush, of the Jerome Park Course, at Fordham, N. Y., who has over twenty running horses under his care, among which rank some of the finest stock in America. It is warranted to cure Lameness, Sprains, Scratches, Bruises, Galls, Cuts, Wind Galls, Colic, Sore Throat, Nail in the Foot, and Over Heating, when used according to the directions.

All who own or employ horses are assured that this Liniment will do all, if not more, in curing the above named complaints. No horse need die of Colic, if when first taken, the Liniment is used according to the directions. Always have a bottle in your stable.

Price, in pint bottles, One Dollar. The genuine is signed S. I. Tobias on the outside wrapper. For sale by the Druggists, Sadlers, and Storekeepers throughout the United States.—Depot, 10 Park Place New York. je17-4w.

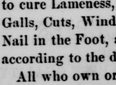

IMPORTANT FACT.

We see that persons of strong constitutions, and young, suffer for days with pains of the limbs, loss of appetite and fever, who suddenly get well after a cholic followed by slimy, bilious stools. The relief produced by these evacuations were the original guide to the idea and practice of purgation, and which, when enforced by Brandreth's Pills, always benefits, usually cures, and often prevents disease, especially Scarlet Fever and diseases of similar character.

I. L. Cook, publisher of the "State Banner," Bennington, Vt., says Brandreth's Pills cured him of Dyspepsia, after being afflicted with it over five years. His friends and doctors considered his recovery impossible; but six boxes of Brandreth's Pills restored his health perfectly.

A young lady of Mount Pleasant was sorely troubled with Tape-worm. All advice and medicine failed to help her. She had no rest.—Thin, careworn and unhappy, she looked the picture of misery. At last she concluded to try Brandreth's Pills. In one year she took seventy-two boxes. They brought away, according to her computation, over two hundred yards of tape-worm. At length all her bad symtoms left her; she slept and ate naturally, and her health became fully restored.

ESTRAY.

Came to the subscriber's on the 4th inst., six shoats—two black spotted, one sandy and three white. The owner is hereby notified to come forward, prove property, pay charges and take them away.

THE KIDNEYS.

THE KIDNEYS ARE TWO IN NUMBER, situated at the upper part of the loin, surrounded by fat, and consisting of three parts, viz.: the Anterior, the Interior, and the Exterior.

The anterior absorbs. Interior consists of tissues or veins, which serve as a deposit for the urine and convey it to the exterior. The exterior is a conductor also, terminating in a single tube, and called the Ureter. The ureters are connected with the bladder

The bladder is composed of various coverings of tissues, divided into parts, viz.: the Upper, the Lower, the Nervous, and the Mucous. The upper expels, the lower retains. Many have a desire to urinate without the ability; others urinate without the ability to retain.—This frequently occurs in children.

To cure these affections, we must bring into action the muscles which are engaged in their various functions. If they are neglected, Gravel or Dropsy may ensue.

The reader must also be made aware, that however slight may be the attack, it is sure to affect the bodily health and mental powers, as our flesh and blood are supported from these sources.

Gout, or Rheumatism—Pain occurring in the loins is indicative of the above diseases. They occur in persons disposed to acid stomach and chalky concretions.

The Gravel—The gravel ensues from neglect or improper treatment of the kidneys. These organs being weak, the water is not expelled from the bladder, but allowed to remain; it becomes feverish, and sediment forms. It is from this deposit that the stone is formed, and gravel ensues.

Dropsy is a collection of water in some parts of the body, and bears different names, according to the part affected, viz.: when of the abdomen, Ascites; when of the chest, Hydrothorax.

Treatment—Helmbold's highly concentrated compound Extract Buchu is decidedly one of the best remedies for diseases of the bladder, kidneys, gravel, dropsical swellings, rheumatism, and gouty affections. Under this head we have arranged Dysuria, or difficulty and pain in passing water, scanty secretion, or small and frequent discharges of water; Strangury, or stopping of water; Hematuria, or bloody urine; Gout and Rheumatism of the kidneys, without any change in quality, but increase of color, or dark water. It was always highly recommended by the late Dr. Physick, in the affections.

This medicine increases the power of digestion, and excites the absorbents into healthy exercise, by which the watery or calcareous depositions, and all unnatural enlargements, as well as pain and inflammation, are reduced, and it is taken by men, women, and children. Directions for use and diet accompany.

PHILADELPHIA, Pa., Feb. 25, 1867.

H. T. HELMBOLD, Druggist:

Dear Sir—I have been a sufferer, for upward of twenty years, with gravel, bladder, and kidney affections, during which time I have used various medicinal preparations, and been under the treatment of the most eminent physicians, experiencing but little relief.

Having seen your preparations extensively advertised, I consulted with my family physician in regard to using your Extract Buchu.

I did this because I had used all kinds of advertised remedies and had found them worthless, and some quite injurious; in fact I despaired of ever getting well, and determined to use no remedies hereafter unless I knew of the ingredients. It was this that prompted me to use your remedy. As you advertised that it was composed of buchu, cubebs, and juniper berries, it occured to me and my physician as an excellent combination, and, with his advice, after an examination of the article, and consulting again with the druggist, I concluded to try. I commenced its use about eight months ago, at which time I was confined to my room. From the first bottle I was atonished and gratified at the beneficial effect, and after using it three weeks, was able to walk out. I felt much like writing you a full statement of my case at that time, but thought my improvement might only be temporary, and therefore concluded to defer and see if it would effect a perfect cure, knowing then it would be of greater value to you, and more satisfactory to me.

I am now able to report that a cure is effected after using the remedy for five months.

I have not used any now for three months, and feel as well in all respects as I ever did.

Your Buchu being devoid of any unpleasant taste and odor, a nice tonic and invigorator of the system, I do not mean to be without it whenever occasion may require its use in such affections.

M. McCORMICK.

Should any doubt Mr. McCormick's statement, he refers to the following gentlemen:

Hon. Wm. Bigler, ex-Governor, Pennsylvania.
Hon. Thos. B. Florence, Philadelphia.
Hon J. C. Knox, Judge, Philadelphia.
Hon J. S. Black, Judge, Philadelphia.
Hon. D. R. Porter, ex-Governor, Pennsylvania.
Hon. Ellis Levis, Judge, Philadelphia.

Maxims for Business Men.

When a business man reaches the point where he thinks that he can not spare any time to examine sources of financial and commercial information, he may safely conclude that his business is *not well managed*.

When a business man finds himself in a financial situation so embarrassing that he can not afford to possess every publication that would throw more light upon his business transactions, he should not delay an hour, but arrange at once with an auctioneer to close out his stock to the highest bidder.

THE NEW YORK MERCANTILE JOURNAL is the best as well as one of the largest mercantile newspapers published in the United States.—Its market reviews and carefully revised list of jobber's prices, embracing almost every quotable article of merchandise, together with its judicious editorials, fill more than thirty-five (35) columns every week. The subscription price is only $5.00 per year, (less than 10 cents per week, and less than 1½ cents per day.)—Parties desiring to possess themselves of this valuable publication, should address THE N. Y. MERCANTILE JOURNAL Co., 300 Pearl Street, New York City.
