THE Orphans' Court for Caroline county will meet on Tuesday, July 13th.

TEACHERS ASSOCIATION.—The next meeting of the Teacher's Association takes place at the academy, in Denton, on Saturday, July 10th.

HUCKLEBERRIES.—Huckleberries made their first appearance in our market this season on Saturday. They sold very readily at 10 cents per quart.

NEW PHYSICIAN.—Dr. Samuel Thompson, of Kent Island has located in this town for the practice of his profession. His card is among our new advertisements.

COLORED PEOPLE'S CAMP.—The colored people will hold a camp-meeting in Mr. Wingate Neall's woods, near Andersontown, commencing on the 13th of August.

ADMITTED TO PRACTICE.—Arthur Brown, Esq., of Centreville, son of Madison Brown, Esq., was, on motion of Col. Hambleton, admitted to practice at the bar of this court.

MAIL MESSINGER.—Thos. Williams has been appointed mail messinger between the post office, in Greensborough, and the railroad depot, at a salary of $110,00 per annum.

NOT SO.—That the *Champion* will make an excursion down the river on Saturday next. We obtain our information from John R. Griffith, the efficient and polite captain.

A meeting to appoint managers and make the necessary arrangements for the Concord camp-meeting will be held in the M. E. Church, in Denton, on the 10th inst. See advertisement.

REMEMBER, all who want neat bills, at short notice and low prices, that they can be obtained at this office. Our facilities are such that we can safely compete with city offices. Printing done in any color, or combination of colors.

COURT.—The chancery term of the Circuit Court for this county begun on Monday last, his Honor, Associate Judge Wickes, on the bench. The session was very short, but a considerable amount of chancery business was transacted. The session closed Tuesday noon.

SINCE the first of October last, the Mancha Brothers have been visited by two hundred and fifty-five persons in quest of land. Of this number upwards of twenty have made purchases, whilst the remainder have gone away favorably impressed with our climate and soil.

SALE OF A FARM.—Messrs. Jump & Ridgely, trustees, sold at public sale, on Saturday last, the "Zook Farm," containing 164 acres to Dr. J. A. McLean, Norwalk, Conn., for $2,500. Dr. McLean thus becomes possessed of the entire tract originally owned by Mr. Jas. G. Redden.

PAINFUL ACCIDENT.—Johnnie, a little son of Thos. H. Kemp, Esq., met with quite a painful accident on Sunday afternoon last.—He was descending the stairs, when he stumbled on the landing and fell precipitately to the bottom, his mouth coming in contact with the back of a chair. The chair was walnut and very hard, yet it was indented by his upper teeth, while his under ones cut through his lower lip and tore away a large piece of flesh. Dr. Tarr was called in and properly dressed the wound. Although the operation was very painful, the little sufferer bore it with great fortitude.

NEWSPAPER.—For the information of a certain class of our subscribers, we publish the following law regulating newspaper subscriptions: "If subscribers order the discontinuance of their papers, the publisher may continue to send them until all arrearages are paid. If subscribers neglect or refuse to take their papers from the office where they are directed, they are responsible until they have ordered their papers discontinued and settled their bills." The Courts have decided that refusing to take papers or periodicals from the office, or removing and leaving them uncalled for, while in arrears to the publisher, is evidence of intentional fraud.

ORPHANS' COURT PROCEEDINGS.—The Orphans' Court was in session on Tuesday. We extract the following from the record:

Account of Sales passed: Hooper B. Hopkins, administrator of Philip Freeman; Elizabeth Horsey, administratrix C. T. A. of Revel Horsey.

Danl. Sparklin, executor of Tamsey Towers, passed list of spirit debts, and 1st account of administration.

Jas. G. Redden, admr. C. T. A., of Saml. Dunning, passed interest account, list of spirit debts, 2nd and final account of administration upon personal estate and also 1st and final account on the real estate.

Wm. Loockerman, admr. of E. Williamson, passed list of desperate debts, list of spirit debts, interest account, and 1st and final administration account, of personal property.

RUNAWAY.—On Monday last, Mr. Edgar Plummer came to town and hitched his horse to a tree in front of Mr. Wm. Lockerman's residence, whilst he went about the transaction of his business. The flies were very troublesome, and caused the horse to grow restless. So much so, that by repeated jerkings the hitch-rein was unloosed and the horse at liberty to proceed wherever its inclination might lead. Realizing this fact, the horse started down the pavement, increasing its speed as it went, until it came to the residence of Mr. Todd, where the carriage struck his gate and the tree immediately in front. Here the harness gave way, and the horse proceeded homeward, but was arrested in its flight by some gentlemen on the causeway. One of the front wheels of the carriage was badly shattered, one of the top-stays broken off and the other bent almost double. Beyond this no damage was done, except to Mr. Todd's gate, which was demolished.

THE JURIES.—At the conclusion of the Chancery term of the Circuit Court, on Tuesday, his Honor Judge Wickes drew the juries for the next October term as follows:

Potter's Landing.

Allow me to inform you that we are getting along pretty well here. So far we have escaped the recent heavy winds and storms that have been spoken of through your columns.

Wheat Harvest is on hand here with most farmers; some, however, are through. We hear no complaint concerning the crop in this vicinity with those who expended money; it is only the price that seems to trouble them. Indeed, there is some fine crops of wheat here that had nothing on them, owing to good soil.

Corn Crop here is as fine as we have seen in our travel through this county.

Business, we can hear from every direction, is dull. There's no complaint here, as business is lively for the times. There has been about 60 cords tan bark brought here this Spring and yet comes in lively. R. R. ties and wood are also plenty. AJAX.

Preston.

At the last Quarterly Conference on this circuit, held at Bethlehem, a committee of five on Camp-meeting was appointed. This Committee, on Saturday last, held a meeting on the grounds, and after some deliberation decided to hold a Camp-meeting at Hubbard's woods this Summer. Friday, the 6th of August, was designated as the day for its commencement.

On the same day, and at the same place, a committee (for the purpose) decided to hold a celebration Saturday, July 3rd (the Fourth coming on Sunday), said celebration to be given by the scholars of the Sabbath schools at Bethesda, Bethlehem, Harmony, and Union Grove. The exercises will be varied, consisting of the reading of the Declaration of Independence, speaking and singing by the children, and addresses from able men. The pastors and congregation of the charges participating are very respectfully and earnestly requested to be present. We are requested to extend an invitation to Revs. Brown and Davis, of Dorchester Circuit; Rev. Wm. Thompson, of Federalsburg circuit, and Rev. J. M. McCarter. This, we have no doubt, will be quite an entertaining affair, and no one should lose the opportunity thus afforded them of witnessing what is intended to be the best of the kind ever given in this vicinity. All are expected to bring what they eat with them, though there will be a gentleman on the ground who will furnish those who wish him, with refreshments. JIMMIE.

THE KIDNEYS.

THE KIDNEYS ARE TWO IN NUMBER, situated at the upper part of the loin, surrounded by fat, and consisting of three parts, viz.: the Anterior, the Interior, and the Exterior.

The anterior absorbs. Interior consists of tissues or veins, which serve as a deposit for the urine and convey it to the exterior. The exterior is a conductor also, terminating in a single tube, and called the Ureter. The ureters are connected with the bladder

The bladder is composed of various coverings of tissues, divided into parts, viz.: the Upper, the Lower, the Nervous, and the Mucous. The upper expels, the lower retains. Many have a desire to urinate without the ability; others urinate without the ability to retain.—This frequently occurs in children.

To cure these affections, we must bring into action the muscles which are engaged in their various functions. If they are neglected, Gravel or Dropsy may ensue.

The reader must also be made aware, that however slight may be the attack, it is sure to affect the bodily health and mental powers, as our flesh and blood are supported from these sources.

Gout, or Rheumatism—Pain occurring in the loins is indicative of the above diseases. They occur in persons disposed to acid stomach and chalky concretions.

The Gravel—The gravel ensues from neglect or improper treatment of the kidneys. These organs being weak, the water is not expelled from the bladder, but allowed to remain; it becomes feverish, and sediment forms. It is from this deposit that the stone is formed, and gravel ensues.

Dropsy is a collection of water in some parts of the body, and bears different names, according to the part affected, viz.: when of the abdomen, Ascites; when of the chest, Hydrothorax.

Treatment—Helmbold's highly concentrated compound Extract Buchu is decidedly one of the best remedies for diseases of the bladder, kidneys, gravel, dropsical swellings, rheumatism, and gouty affections. Under this head we have arranged Dysuria, or difficulty and pain in passing water, scanty secretion, or small and frequent discharges of water; Strangury, or stopping of water; Hematuria, or bloody urine; Gout and Rheumatism of the kidneys, without any change in quality, but increase of color, or dark water. It was always highly recommended by the late Dr. Physick, in the affections.

This medicine increases the power of digestion, and excites the absorbents into healthy exercise, by which the watery or calcareous depositions, and all unnatural enlargements, as well as pain and inflammation, are reduced, and it is taken by men, women, and children. Directions for use and diet accompany.

PHILADELPHIA, Pa., Feb. 25, 1867.

H. T. HELMBOLD, Druggist:

Dear Sir—I have been a sufferer, for upward of twenty years, with gravel, bladder, and kidney affections, during which time I have used various medicinal preparations, and been under the treatment of the most eminent physicians, experiencing but little relief.

Having seen your preparations extensively advertised, I consulted with my family physician in regard to using your Extract Buchu.

I did this because I had used all kinds of advertised remedies and had found them worthless, and some quite injurious; in fact I despaired of ever getting well, and determined to use no remedies hereafter unless I knew of the ingredients. It was this that prompted me to use your remedy. As you advertised that it was composed of buchu, cubebs, and juniper berries, it occured to me and my physician as an excellent combination, and, with his advice, after an examination of the article, and consulting again with the druggist, I concluded to try. I commenced its use about eight months ago, at which time I was confined to my room. From the first bottle I was atonished and gratified at the beneficial effect, and after using it three weeks, was able to walk out. I felt much like writing you a full statement of my case at that time, but thought my improvement might only be temporary, and therefore concluded to defer and see if it would effect a perfect cure, knowing then it would be of greater value to you, and more satisfactory to me.

I am now able to report that a cure is effected after using the remedy for five months.

I have not used any now for three months, and feel as well in all respects as I ever did.

Your Buchu being devoid of any unpleasant taste and odor, a nice tonic and invigorator of the system, I do not mean to be without it whenever occasion may require its use in such affections.
