Town and County Intelligence.

THE Orphans' Court for Caroline county will meet on Tuesday, July 13th.

THE SCHOOL COMMISSIONERS will meet at their office, in Denton, on Tuesday next.

THE FIRST SHIPMENT of new wheat from this part of the county was made by Mr. Jas. G. Redden on Monday morning last.

PEACHES.—Peaches passed over the Delaware railroad last week on their way to New York. We presume they were from the South.

GAVE OUT.—The old engine—Baltimore—used in drawing construction trains on the Md. & Del. R. R. gave out near Ridgely one day last week. It is a very old engine and has seem some very hard service.

A colored woman, said to be one hundred and fonr years of age, called upon the dentist in our town, one day last week, to have a tooth extracted so that "her wisdom teeth," as she said, "might come through."

ROASTING EARS.—Roasting ears were shipped from Ridgely Station on Monday morning last. They were grown near this town, and this shipment is the earliest we have ever heard of from this county.

COLORED PEOPLE'S CAMP-MEETING.—We are requested to announce that the colored people will hold a camp-meeting in Mr. Jas. Anthony's woods, near Purnell's shop, this summer. The time of commencement we could not learn.

THE FIRST NEW FLOUR.—The first new wheat that we have heard of being converted into flour was at the new Enterprise Mills, Denton. The flour weighed, after deducting toll, 38 lbs., or 190 lbs to the barrel. This is remarkably well for new wheat

WE learn that Mr. Samuel H. Fluharty, of Federalsburg, will have a boarding tent at Concord. This simple announcement will be gratifying to those who purpose visiting this camp, inasmuch as it is generally known that Mr. F. always was a good provider and sets a good table. His sleeping accommodations are always as good as his table.

GRADUATED.—Among the list of graduates at Wesleyan Female Seminary, Wilmington, we find the name of Miss Miriam Hitch of Greensborough. The subject of her essay was—"The Golden Rule—and is said to have been well written, her ideas "being expressed with clearness and elegance, and unusually free from commonplace and sentimentality."

COPARTNERSHIP AND ENLARGEMENT OF BUSINESS.—Mr. N. A. Hutson has associated with him in his bakery Mr. J. A. Fountain, and the business will henceforth be carried on by these gentlemen under the firm name of Hutson & Fountain. They will also open a grocery store in connection with their bakery next week. A removal of their place of business is also contemplated.

THE FOURTH IN DENTON.—The Fourth of July falling on Sunday this year the days precceeding and succeeding it were celebrated in different parts of the country. Here, however, no observance was made, and business went on as usual, our people seem dead to celebrations of any kind, and have ceased to venerate the illustrious deeds of their fathers. They are just now enjoying a Rip Van Winkle sleep, but we hope it will not long continue.

OUR MARKET REPORTS.—We direct the attention of our readers to the improved method we have adopted of furnishing the market reports. They are made from *actual sales* and reported expressly for us by Mr. F. E. Marine. They may be relied upon in every instance. We intend to make similar arrangements for the reporting of the Philadelphia markets as soon as we are able.—We can give no later quotations this week than Saturday because Monday was observed as a holiday.

ROBBERY AND ARREST.—Robert Casson and Cato Casson, both colored, residing near Hillsborough, were, on Friday last, arrested on a charge of stealing chickens from some of their white neighbors and brought before Esquire Connolly who committed them for the action of the grand jury in default of bail. They are now in the county jail, in this town, where, we presume, the cravings of their appetite for chicken will go unappeased, for a time, at least.

GOOD TEMPLARS' ASSOCIATION.—The Good Templars of the various Lodges in Caroline county will hold an association, for the benefit of the order, in Denton, on Friday next, the 9th inst. Each Lodge will send seven delegates.

The morning session, beginning at 10 o'clock, A. M., will be devoted principally to organization, &c.

The afternoon session, like that of the morning, will be private, and will be devoted to the discussion and adoption of plans for the promotion of the interests of the order, &c.

In the evening, at 7½ o'clock, a public temperance meeting will be held in the M. E. Church. Able speakers will address the meeting. The public generally are invited to be present.

WE HAVE WITNESSED the following paragraph in no less than six papers:

Denton causeway is still in a bad way, and there is little prospect of its improvement.

This certainly does not speak very well for the energy of our citizens, and is a direct indictment of our County Commissioners. If they can stand it we can.

THE WHEAT CROP.—Farmers who have threshed their wheat, as well as those who have made a thorough examination of their crop since it was harvested, inform us that the wheat crop in this county will not be so great as the beautiful prospect before harvest would seem to indicate. The grain is plump and full, but the heads are not very well filled. Some farmers assert that there is a bar less of grains on the head than usual, and that this will reduce the crop one-third. If, however, prices are high, this will in a measure, compensate for the deficiency in the crop.

A MODEL THRESHING MACHINE.—On Monday last, we took a ride into the country for the express purpose of witnessing a new threshing machine which has lately been introduced into this county by some gentlemen from the North who have taken up their abode amongst us. The machine is somewhat larger than those generally used in this section, and is a model of beauty and design. Its capacities are much above the machines in use here, even when propelled by steam. Some gentlemen who were present the day the machine was first tried timed it several times, and ascertained that it required only two minutes to thresh three bushels each time. At this rate the machine will thresh out and clean *ninety bushels of wheat in an hour*. Allowing twelve hours for a day's work, which is about the length of time usually consumed on such occasions, we find that the machine will thresh out one thousand and eight bushels in a day. The owners feel confident of their ability to thresh a thousand bushels per day with all ease. The day we witnessed it, four carts were constantly running into the field, and were unable to keep the machine supplied with wheat, the machine being located at the entrance of the field, too. Considerable competition is going on among the farmers for the hire of this machine, it being able to thresh out the largest crop of wheat in the county in three days. With ordinary machines it is considered good work to thresh out 500 bushels per day. Messrs. Park, Jump and Redden are the owners of this machine. It was manufactured by Perrigo and Avery, at their works, Groton, N. Y.

SCHOOL TEACHERS OF MARYLAND.—A meeting of the Public School Teachers' Association of Maryland will be held at the Western Female High School, Baltimore, July 14th, 15th and 16th, to which the Teachers of this county are cordially invited. The following subjects have been selected, and will be presented for discussion, as opportunities offer:

1. The value of sound public sentiment on the subject of Education.
2. The evils of a frequent change of Teachers and text books, and the remedy.
3. Good Discipline in School, and how maintained.
4. Guarding children against temptation, or teach them to resist it.
5. School Exhibitions and Examinations.

Hon. J. P. Wickersham, State Superintendent of Pennsylvania; Dr. Welling, of St. John's College; Prof. Thoms. Baird, Esq., Principal Baltimore City College, and other distinguished educators have signified their intention to be present and address the Association.

It is hopped that the Teachers generally will attend Arrangements are being made to obtain accommodations for Teachers in private families, and at Hotels at reduced rates. Arrangements have also been made to secure a reduction of fare upon the Steamboats and Railroads throughout the State.

Teachers that expect to attend the meetings of the Association, the ladies especially, will do well to notify the Secretary of the Committee, at Baltimore, in order that accommodations may be secured them.

Preston.

At the Sabbath School celebration, held at Hubbard's woods, on Saturday, the 3d inst, everything passed off quite pleasantly, all seeming to enjoy themselves very much. The speaking was very good, the scholars all acquitting themselves admirably. But we think the best part of the exercises was the singing by the scholars of the Sunday School at this place.

A festival and supper, for the benefit of the colored school near here, will be given at African M. E. Church, at Marsh Creek, on Saturday, 10th day of July.

We are afraid the Camp to be held at Hubbard's woods in August, will not be such an one as the citizens of this community could desire, as there appears to be a lack of energy exhibited on the part of official members of the church; and then another thing, this is a comparatively new circuit, and is not sufficiently strong to have a large camp. The larger the camp, the better, generally, are the meetings, and there are fears that this one will be a failure. We hope otherwise, though almost against hope. If our apprehension should prove groundless, we should be happy, but from present prospects the result will be otherwise. The people are to much divided, much to be regretted.

Farmers in this vicinity are complaining of the drouth; its effects are being seriously felt. A good rain would act like a charm. The gardens are parching badly.

JIMMIE.

CORN needs rain very badly. So does the mills.

Bethlehem.

On Saturday, the 3rd, the scholars of our Sabbath School had the pleasure of uniting with the several adjacent schools in a social celebration, in commemoration of the Fourth of July.

We were very favorably impressed with the proceedings of the day. The occasion was remarkable for the superior social feeling that prevailed; in fact it was a general manifestation of the ardent love of society, pleasure and enjoyment so common on the Eastern Shore. We highly commend our young neighbors for the good selections, and bold deliverance of their speeches and dialogues.

We expect our friend JIMMIE, of Preston, to state the particulars. The following members of our Sabbath School are duly entitled to our best thanks, for so ably and prominently representing Bethlehem.

An address by Wm. W. Knowles; a declamation by Wm. M. Cork; a dialogue by Miss Deborah R. Thomas and Miss Etta T. Eaton; two speeches by Wm. Kelly; one by James H. Nichols; one by David F. Waddle; and one by Miss Deborah R. Thomas. Several others were prepared, but absent when their names were called.

M.

Deaths.

STRAUGHN.—At his residence, near Ruthsburg, on Friday last, Capt. Henry Straughn, aged about 65 years.

SPARKS.—In this town, on the same day, Earle Tildon, infant child of Henry A. and Fannie Sparks, aged 2 months, 2 weeks and 4 days.

Special Notices.

ERRORS OF YOUTH.

A GENTLEMAN who suffered for years from Nervous Debility, Premature Decay, and all the effects of youthful indiscretion, will, for the sake of suffering humanity, send free to all who need it, the receipt and directions for making the simple remedy by which he was cured.—Sufferers wishing to profit by the advertiser's experience, can do so by addressing, in perfect confidence, JOHN B. OGDEN,
my20-y. No. 32 Cedar street, New York.

TO CONSUMPTIVES.

THE Advertiser, having been restored to health in a few weeks, by a very simple remedy, after having suffered several years with a severe lung affection, and that dread disease, Consumption—is anxious to make known to his fellow sufferers the means of cure.

To all who desire it, he will send a copy of the prescription used (free of charge), with the directions for preparing and using the same, which they will find a SURE CURE FOR CONSUMPTION, ASTHMA, BRONCHITIS, etc. The object of the advertiser in sending the Prescription is to benefit the afflicted, and spread information which he conceives to be invaluable; and he hopes every sufferer will try his remedy, as it will cost them nothing, and may prove a blessing.

Parties wishing the prescription, will please address. REV. EDWARD A. WILSON,
Williamsburg, Kings County, New York.
my20-y.

A GREAT POLITICAL REVOLUTION

was accomplished by the election of Grant, and a revolution of immense social importance has been effected by the general substitution of that pure and harmless preparation,

Cristadoro's Excelsior Hair Dye,

for the deadly compound of lead and brimstone, of which, according to the "Journal of Chemistry" and the "Medical Gazette," more than *thirty varieties* have been foisted upon the public! Cristadoro's Dye is the only one that

HAS BEEN ANALYZED;

and Professor Chilton, over his own signature, declares that it is perfectly wholesome.

CRISTADORO'S HAIR PRESERVATIVE, as a Dressing, acts like a charm on the hair after Dyeing. Try it. Sold by all Druggists.
je17-4w.

"A WORD TO HORSEMEN."

DR TOBIAS' CELEBRATED VENETIAN HORSE LINIMENT has been tested by the first Horsemen in this country, and proved to be superior to any other. The late Hiram Woodruff, of "trotting fame," was never without a bottle in his stable. It is also used by Col. Bush, of the Jerome Park Course, at Fordham, N. Y., who has over twenty running horses under his care, among which rank some of the finest stock in America. It is warranted to cure Lameness, Sprains, Scratches, Bruises, Galls, Cuts, Wind Galls, Colic, Sore Throat, Nail in the Foot, and Over Heating, when used according to the directions.

All who own or employ horses are assured that this Liniment will do all, if not more, in curing the above named complaints. No horse need die of Colic, if when first taken, the Liniment is used according to the directions. Always have a bottle in your stable.

Price, in pint bottles, One Dollar. The genuine is signed S. I. Tobias on the outside wrapper. For sale by the Druggists, Sadlers, and Storekeepers throughout the United States.—Depot, 10 Park Place New York. je17-4w.

IMPORTANT FACT.

We see that persons of strong constitutions, and young, suffer for days with pains of the limbs, loss of appetite and fever, who suddenly get well after a cholic followed by slimy, bilious stools. The relief produced by these evacuations were the original guide to the idea and practice of purgation, and which, when enforced by Brandreth's Pills, always benefits, usually cures, and often prevents disease, especially Scarlet Fever and diseases of similar character.

I. L. Cook, publisher of the "State Banner," Bennington, Vt., says Brandreth's Pills cured him of Dyspepsia, after being afflicted with it over five years. His friends and doctors considered his recovery impossible; but six boxes of Brandreth's Pills restored his health perfectly.

A young lady of Mount Pleasant was sorely troubled with Tape-worm. All advice and medicine failed to help her. She had no rest.—Thin, careworn and unhappy, she looked the picture of misery. At last she concluded to try Brandreth's Pills. In one year she took seventy-two boxes. They brought away, according to her computation, over two hundred yards of tape-worm. At length all her bad symtoms left her; she slept and ate naturally, and her health became fully restored.

GROVER & BAKER'S

FIRST PREMIUM

ELASTIC STITCH

FAMILY

SEWING MACHINES

495 BROADWAY, NEW YORK,

AND

181 BALTIMORE St., Baltimore.

POINTS OF EXCELLENCE.

Beauty and Elasticity of Stitch.

Perfection and Simplicity of Machinery.

Using both threads directly from the spools.

No fastening of seams by hand and no waste of thread.

Wide range of application without change of adjustment.

The seam retains its beauty and firmness after washing and ironing.

Besides doing all kinds of work done by other Sewing Machines, these Machines execute the most beautiful and permanent Embroidery and ornamental work.

☞ The Highest Premiums at all the fairs and exhibitions of the United States and Europe, have been awarded the Grover & Baker Sewing Machines, and the work done by them, wherever exhibited in competition.

☞ The very highest prize, THE CROSS OF THE LEGION OF HONOR, was conferred on the representative of the Grover & Baker Sewing Machines, at the Exposition Universelle, Paris, 1867, thus attesting their great superiority over all other Sewing Machines.

J. S. URICK,
MERCHANT TAILOR,

HAS just returned from the cities with a fine stock of FALL and WINTER GOODS, which he will make to order at good rates, consisting of French, English and German cloths, &c., &c. [oc22-1y

THE KIDNEYS.

THE KIDNEYS ARE TWO IN NUMBER, situated at the upper part of the loin, surrounded by fat, and consisting of three parts, viz.: the Anterior, the Interior, and the Exterior.

The anterior absorbs. Interior consists of tissues or veins, which serve as a depesit for the urine and convey it to the exterior. The exterior is a conductor also, terminating in a single tube, and called the Ureter. The ureters are connected with the bladder

The bladder is composed of various coverings of tissues, divided into parts, viz.: the Upper, the Lower, the Nervous, and the Mucous. The upper expels, the lower retains. Many have a desire to urinate without the ability; others urinate without the ability to retain.—This frequently occurs in children.

To cure these affections, we must bring into action the muscles which are engaged in their various functions. If they are neglected, Gravel or Dropsy may ensue.

The reader must also be made aware, that however slight may be the attack, it is sure to affect the bodily health and mental powers, as our flesh and blood are supported from these sources.

Gout, or Rheumatism—Pain occurring in the loins is indicative of the above diseases. They occur in persons disposed to acid stomach and chalky concretions.

The Gravel—The gravel ensues from neglect or improper treatment of the kidneys. These organs being weak, the water is not expelled from the bladder, but allowed to remain; it becomes feverish, and sediment forms. It is from this deposit that the stone is formed, and gravel ensues.

Dropsy is a collection of water in some parts of the body, and bears different names, according to the part affected, viz.: when of the abdomen, Ascites; when of the chest, Hydrothorax.

Treatment—Helmbold's highly concentrated compound Extract Buchu is decidedly one of the best remedies for diseases of the bladder, kidneys, gravel, dropsical swellings, rheumatism, and gouty affections. Under this head we have arranged Dysuria, or difficulty and pain in passing water, scanty secretion, or small and frequent discharges of water; Strangury, or stopping of water; Hematuria, or bloody urine; Gout and Rheumatism of the kidneys, without any change in quality, but increase of color, or dark water. It was always highly recommended by the late Dr. Physick, in the affections.

This medicine increases the power of digestion, and excites the absorbents into healthy exercise, by which the watery or calcareous depositions, and all unnatural enlargements, as well as pain and inflammation, are reduced, and it is taken by men, women, and children. Directions for use and diet accompany.

PHILADELPHIA, Pa., Feb. 25, 1867.

H. T. HELMBOLD, Druggist:

Dear Sir—I have been a sufferer, for upward of twenty years, with gravel, bladder, and kidney affections, during which time I have used various medicinal preparations, and been under the treatment of the most eminent physicians, experiencing but little relief.

Having seen your preparations extensively advertised, I consulted with my family physician in regard to using your Extract Buchu.

I did this because I had used all kinds of advertised remedies and had found them worthless, and some quite injurious; in fact I despaired of ever getting well, and determined to use no remedies hereafter unless I knew of the ingredients. It was this that prompted me to use your remedy. As you advertised that it was composed of buchu, cubebs, and juniper berries, it occured to me and my physician as an excellent combination, and, with his advice, after an examination of the article, and consulting again with the druggist, I concluded to try. I commenced its use about eight months ago, at which time I was confined to my room. From the first bottle I was atonished and gratified at the beneficial effect, and after using it three weeks, was able to walk out. I felt much like writing you a full statement of my case at that time, but thought my improvement might only be temporary, and therefore concluded to defer and see if it would effect a perfect cure, knowing then it would be of greater value to you, and more satisfactory to me.

I am now able to report that a cure is effected after using the remedy for five months.

I have not used any now for three months, and feel as well in all respects as I ever did.

Your Buchu being devoid of any unpleasant taste and odor, a nice tonic and invigorator of the system, I do not mean to be without it whenever occasion may require its use in such affections.

M. McCORMICK.

Should any doubt Mr. McCormick's statement, he refers to the following gentlemen:

Hon. Wm. Bigler, ex-Governor, Pennsylvania.
Hon. Thos. B. Florence, Philadelphia.
Hon J. C. Knox, Judge, Philadelphia.
Hon J. S. Black, Judge, Philadelphia.
Hon. D. R. Porter, ex-Governor, Pennsylvania.
Hon. Ellis Levis, Judge, Philadelphia.
Hon. R. C. Grier, Judge, United States Court.
Hon G. W. Woodward, Judge, Philadelphia.
Hon. W. A. Porter, City Solicitor, Philadelphia.
Hon. John Bigler, ex-Governor, California.
Hon. E. Banks, Auditor-General, Washington, D. C.

And many others if necessary.

Sold by Druggists and dealers everwhere.—Beware of counterfeits. Ask for Helmbold's.—Take no other. Price $1.25 per bottle, or six bottles for $6.60. Delivered to any address. Describe symptoms in all communications.

Address H. T. HELMBOLD, Drug and Chemical Warehouse, 594 Broadway, N. Y.

☞ None are genuine unless done up in steel-engraved wrapper, with fac-simile of my Chemical Warehouse, and signed
H. T. HELMBOLD.
