Town and County Intelligence.

THE Orphans' Court for Caroline county will meet on Tuesday, July 27th.

THE INSTITUTIONS OF THE COUNTY—the new threshing machine and our Gordon printing press.

THE colored people held a festival at Marsh Creek M. E. Church on Saturday.—Good order was preserved.

COMPLETED—the carpenters, work upon the new business house in process of construction by Messrs Blackiston and Downes.

WHITE WHEAT shipped from Potter's Landing, on the 5th inst., and weighing 64 lbs. per bushel, sold at $1.83 in the Baltimore market.

CELEBRATION.—The Sabbath Schools at Zion and Lower Hunting Creek gave a joint celebration at the latter place on Saturday. It was a very pleasant affair.

THE TRACK-LAYERS on the Md. & Del. R. R. are within less than six miles of Easton, and it is positively promised that the road will be ready for the cars to that point by the 25th of the present month.

IN Bloomery neighborhood, and throughout the lower portion of the county, a refreshing shower of rain fell one day last week, and vegetation has revived and is growing finely. The corn crop looks excellent.

WORK RESUMED.—Work upon the Dorchester & Delaware railroad was resumed on Monday week by a large force of laborers. It is expected that the road will be completed in time to afford a medium of transportation for at least a part of the peach crop.

FATAL ACCIDENT.—Thomas Holliday, a colored man, residing near Upper Hunting Creek, a few days ago, accidentally killed one of his children by letting a log of wood fall endwise upon it, the log striking it in the temple. The child never breathed after the occurrence of the accident.

THE GROWING CROPS in this part of the county begin to feel the want of rain badly. It has now been ten weeks since we have had a shower of rain of any consequence.

Since the above was put in type we have been favored with a moderate shower, and the growing crops seem greatly refreshed thereby.

NEEDS A RAILING.—We suggest to the supervisor of the "Neck Road" the propriety of placing a railing upon the bridge over the stream just beyond the residence of Mr. Jas. G. Redden. A dark night or a fractious horse might precipitate a carriage over the edge, and the result could not be otherwise than serious.

CUBA.—The Cuban revolution will now be a success. In this town we have a number of young men who have fallen victims to Cupid's darts, and as there are more "lads" than "lassies" some receive the cold shoulder. All such express a determination to join the Cuban patriots, and with these accessions to their ranks the Spanish forces had better withdraw from the island.

COLORED PEOPLE'S PICKNICK.—The colored people of Pinetown neighborhood will hold a picknick in Hewit Ross' woods, on Saturday, the 24th inst., commencing at 9 o'clock, A. M., and continuing till 9 o'clock, P. M. A band of Music will be in attendance. Dinner and supper served on the ground. The colored people say this will be the largest assemblage ever held in that neighborhood.

GRADING COMMENCED.—The grading of the Queenstown & Harrington R. R. was begun at "the stakes," on the eastern bank of the Choptank, about four miles above this place, on Monday morning last. The work was begun with a small force, but an effort is being made to increase it to sixty men.—On the Harrington end about two miles have been graded. As soon as a sufficient force can be secured work will be commenced along the whole line.

LAY DELEGATION.—The result of the vote on lay delegation, on Greensborough circuit, stands as follows:

Charges.	*For*	*Against.*
Greensboro',	16	4
Pippins',	15	0
Bridgetown,	7	1
Jumps',	4	0
Boonsboro',	3	0
Lees',	3	0
Total	48	5

Majority in favor of lay delegation, 43.

OX STOLEN.—On Tuesday night, of last week, the ox of Sampson Satterfield, a very worthy colored man residing in the Fourth district, was stolen from the premises of its owner. The ox was young and valuable, and was the pincipal means of Satterfield's support. Very early the next morning after it was stolen a man was seen leading it by the residence of a gentleman in Deleware and nothing has since been heard concerning it. Suspicion rests very strongly upon a white man who had been staying in the neighborhood for several days, and who took his departure that night.

LOOK OUT FOR THEM.—Two New York worthies, styling themselves Rhoddy and Baldwin, and who had been stopping at the hotel in this town for several days for the purpose of disposing of the county right of a new burning fluid, took their sudden departure on Thursday morning last without paying their bills. Their baggage they had abstracted and concealed behind the hill the night previous. Hotel-keepers are cautioned against harboring them, and newspaper publishers should acquaint landlords of their rascality as soon as they make their appearance in a town.

EXCURSION.—At the repeated solicitations of many of our citizens, the officers of the Steamer Champion have chartered that boat and will make an excursion down the river on Saturday evening. The distance the excursion party will proceed down the river depends upon the time it may have, but it will not stop short of Dover Bridge. The officers would be glad to extend the trip, but owing to the frequent excursions they have to make down the Patapsco, and the lateness of the hour they arrive at this place, it will be impossible. The occasion will be one of pleasure and recreation, and we hope our citizens generally will avail themselves of it, more especially since the excursions is gotten up by the gentlemanly officers of the Champion.

FRUIT RECEIVED.—We acknowledge the receipt of the following parcels of fruit and return our thanks to the donors:

Peaches—from Mr. Jno. W. Smith, residing near Vernon, Del. They were of the Hale's Early variety and were fine specimens. They grew upon 4-year old trees, the first bearing, in an open field and had no extra attention.

Blackberries—from Mr. Jno W. Kerr.—They were of the Lawton and Kittatiny varieties, and were of as delicious flavor and as fine specimens as we ever saw or tasted.—They were grown in the Choptank Nurseries.

Pears—from Robt. J. Jump, Esq., of Beurre Giffard variety. Although not exceedingly large they were of very fine flavor. Mr. J. informs us that they were ripe as early as July 1st.

ATTEMPTED OUTRAGE.—A brutal atempt to outrage the person of Mrs. James Booker, residing near Goldsborough, was made by an unknown negro man on Wednesday afternoon last. Mrs. Booker and her two children were returning home from a visit, and when they reached Jarman's Branch, a short distance from Ruthsburg, she drove into the branch to water her horse. While the animal was drinking, a negro man sprang from under the bridge, seized the bridle rein and demanded permission to ride. This being refused, he drew from his pocket a large knife, cut the rein, and threatened Mrs. Booker's life if she did not cease to scream. She persisting in giving the alarm, he released the reins, advanced towards the carriage, seized Mrs. Booker by the shoulders, dragged her from the carriage into the water (about two and a-half feet deep) and endeavored to stifle her cries by strangulation. Her persistence, however, assisted by the cries of her children, finally frightened him, and he ran, leaving her in the water, and almost exhausted. A negro boy in the neighborhood came and assisted the injured lady in repairing her harness, and started her again on her way home, which she reached near nightfall.

PRELIMINARY ARRANGEMENTS FOR THE CAMP.—At a meeting, held in Denton, on Saturday, 10th inst., the following persons were nominated and elected as a Board of Managers for Concord Camp:

John Nichols,	G. W. Collison,
Chas. Todd,	Henry Smith,
Jas. Butler,	Jas. Voss,
B. G. Stevens,	John Voss,
Elijah Towers,	Reuben Ross,
Col. A. J. Willis,	E. P. Hopkins,
Lewis Chaffinch,	Henry Thawley,
Rev. R. W. Todd,	A. P. Sorden,
N. A. Hutson,	Danl. Adams,
R. K. Richardson,	Wm. E. Liden,
Thos. Butler,	Ezekiel Eaton,
D. Blocksom,	Clement Noble,
Jas. Redden,	Jas. A. Dixon,
Wm. Lockerman,	Wm. Charles,
Tilghman Nuttle,	Jas. R. Manship,
Gootee Stevens,	Wm. Chaffinch.
Wingate Neal,	Wm. Stevens,

The following Committees were also appointed:

Committee on plank—Chas. Todd, John Nichols and Jas. Redden.

On wood and lights—Tilghman Nuttle and Wm. Stevens.

On tents—Gootee Stevens, A. Y. Collins and Elias. P. Hopkins.

On furnishing preacher's tent—William Charles, Ames Dixon and Ruben Ross.

On horse pound and bread tent—J. Nichols C. Todd, Gootee Stevens, Tilghman Nuttle and B. G. Stevens.

On wells—Ezekiel Eaton, A. Y. Collins, G. W. Collison and Edward Johnson.

On straw—Wm. E. Liden and Lewis Chaffinch.

Saturday 24th, 2 o'clock P. M., is the time appointed for the managers and committees to meet on the camp ground to let out the horse pound and bread stand. Also to make other necessary arrangements for holding said meeting.

Those who expect to tent are requested to be on the ground at the time appointed, or send a representative in order so secure a place, otherwise they may not get a place to suit them.

The meeting will commence Saturday morning 21st inst., therefore the people will be expected to have their tents up by Friday night.

By order of B ard.

J. W. HAMMERSLY.

GOOD TEMPLAR'S ASSOCIATION.—The association of Good Templars, held in Denton, on Friday last, was a decided success. Although the representatives appointed by the different Lodges were not all present, there was a sufficient number in attendance to give interest to the meeting.—The day was all that could have been desired; and all the proceedings were harmonious and pleasant. No doubt the good of the cause and the good of the order will be very much promoted thereby.

Upon calling the roll it was found that delegates were present from Templeville, Greensborough, Hillsborough and Denton.—The delegates appointed by the lodge at Henderson were not present.

Dr. S. McCollam, of Templeville, was appointed temporary chairman, and Hugh Duffy, Esq., of Hillsborough, Secretary. After the usual opening services, the associated Lodge proceeded to the election of permanent officers, a part of whom are as follows, (we have not been favored with a complete list): Robt. W. Tood, W. C. T.; Mrs. Wm. E. Barton, W. V. T.; N. Geen, W. S.; Dr. S. McCollam, W. M.; Mrs. Thompson, of Hillsborough, W. T.; and Rev. I. G. Fosnocht, W. C.

The morning hours, and a portion of the afternoon session, were devoted to the adoption of a constitution for the government of future associations of the kind. Questions of interest to the Order were then discussed, after which an essay was read by Miss Rachael B. Satterthwaite, of the Denton Delegation, on "The Templar," and also one by Rev. W. Ellegood, of Greensborough, on "Public Opinion." These essays were both fine productions and added much to the interest of the meeting.

The constitution adopted by the Association, makes it the duty of each delegation to see that an essay is provided by one of its number.

Upon the reading of Miss Satterthwaite's essay it was unanimously requested that the same be read at the public meeting to be held in the evening.

Hillsborough was fixed upon as the next place of meeting, and the second Wednesday in October as the time.

In the evening the Good Templars met at the lodge room and went in procession to the Methodist Episcopal Church to attend the public meeting, presenting with their bright regalia and rosettes, a very imposing appearance.

The public meeting was organized by calling Mr. Jas. W. Conner to the chair, and the appointment of I. G. Fosnocht Sec. After singing and prayer, Dr. S. McCollam was called out and introduced, who kept the audience interested for about one hour, in a speech that gave evidence of an intellect capable for the work, and of a heart sanctified to the good cause.

Miss Satterthwaite, being called upon, then read her essay, which was so well received that a unanimous request was made for its publication. We hope soon, with the consent of its author, to be able to give it to the public.

Rev. Mr. Fosnocht then made a few remarks and the meeting was closed by the singing of a closing ode from the Good Templars' ritual, and the benediction by Rev. Robt. W. Todd.

The prayer of every good citizen should be that God may bless the Good Templars in their good work.

TEACHERS' ASSOCIATION.—The Association met at the academy, in Denton, on Saturday, 10th of July, Jas. W. Conner, President, in the chair. After prayer, by the President, and in the absence of Miss Sue Duncan and Mr. H. L. Atkinson, who were assigned parts in the programme, an interesting and instructive essay in "School Discipline," by Miss Allie D. Newman, was read. Mr. Geo. W. Mancha gave his method of teaching English Grammar, which met the approval of the Association. His method was criticised and commended by Jas. W. Conner. The Association took a recess until 2 o'clock, P. M.

W. T. Pippin called the attention of the Association to the 5th chapter of the School-law, providing for holding a Teachers' Institute during the months of vacation. After a full expression of views, it was determined inexpedient to call a meeting of the teachers during vacation. Miss F. McCloud explained her method of teaching Mathematical Geography, which was endorsed by Messrs. Tarr and Conner. The discussion of the question—"Should punishment be inflicted in the presence of the school?—was discussed by Messrs. Conner, Whitaker, Waddel and Tarr in the affirmative, and Messrs. Pippin and Mancha in the negative.

The Executive Committee submitted the following programme for next meeting:—Lecture by Rev. R. W. Todd, 30 minutes; Instruction in Arithmetic by Miss Sue Duncan, 30m—criticism, 10m; Primary Instruction in Elocution by H. L. Atkinson, 20m—criticism, 10m: essay by W. T. Pippin, 20m. Recess until 3 o'clock, P. M. Grammar—method of teaching—by G. W. Mancha, 30m; citicism 20m; Mathematical Geography by Miss Florence McCloud, 20m; Book-Keeping by J. W. Waddel, 20m—criticism, 15m; discussion—*Resolved*, That Moral Instruction should be a Stated Exercise and not Incidentally Introduced by Misses Helen N. Boyle and Rachael B. Satterthwaite.

The Association adjourned to meet at the academy, in Denton, on Saturday, Oct. 9th.

GRANT AND PROSPERITY.

Business revives under the new regime.—Other than general causes, however, have given a tremendous impetus to the sale of

Cristadoro's Excelsior Hair Dye.

The chemists have come out in two leading scientific journals against the lead and sulphur *poisons for the head* (or that is their proper designation), with which the country is infested, while Dr. Chilton, the first analytical chemist in America, announces to the world that

Cristadoro's Dye is Utterly Poisonless,

and that he *knows it to be so*, because he has analyzed it. CRISTADORO'S HAIR PRESERVATIVE, as a Dressing, acts like a charm on Hair after Dyeing. Try it. [jly17-1m.

IMPORTANT NOTICE.

BRANDRETH'S PILLS.

They remove all bad accumulations from the bowels, and purify and invigorate the system. All whose health is not perfect owe it to themselves to take a few doses of Brandreth's Pills, because the seeds of decay are constantly eradicated by their use, and the principle of life confirmedthus giving a vigor of body and mind to a period when we have been used to see the faltering step and the enfeebled intellect.

General Paez, the distinguished liberator of Venezuela, says he has used them as his only medicine for thirty years, with the most satisfactory results.

For Costiveness, Dyspepsia, and as a Family Medicine they are unrivalled.

Daniel I. Tenny, Esq., Astor House, New York, cured by Brandreth's Pills of Dyspepsia and Costiveness, when all other means used had failed.

A gentlemen, whose father died of consumption at 36 years, was also attacked, when about 21, by the disease. He had cough, night sweats, and general debility. Doctors recommended cod liver oil, but he wasted away. At last he determined to use Brandreth's Pills. In two months they made him a sound man.

ERRORS OF YOUTH.

A GENTLEMAN who suffered for years from Nervous Debility, Premature Decay, and all the effects of youthful indiscretion, will, for the sake of suffering humanity, send free to all who need it, the receipt and directions for making the simple remedy by which he was cured.—Sufferers wishing to profit by the advertiser's experience, can do so by addressing, in perfect confidence, JOHN B. OGDEN,

THE KIDNEYS.

THE KIDNEYS ARE TWO IN NUMBER, situated at the upper part of the loin, surrounded by fat, and consisting of three parts, viz.: the Anterior, the Interior, and the Exterior.

The anterior absorbs. Interior consists of tissues or veins, which serve as a deposit for the urine and convey it to the exterior. The exterior is a conductor also, terminating in a single tube, and called the Ureter. The ureters are connected with the bladder

The bladder is composed of various coverings of tissues, divided into parts, viz.: the Upper, the Lower, the Nervous, and the Mucous. The upper expels, the lower retains. Many have a desire to urinate without the ability; others urinate without the ability to retain.—This frequently occurs in children.

To cure these affections, we must bring into action the muscles which are engaged in their various functions. If they are neglected, Gravel or Dropsy may ensue.

The reader must also be made aware, that however slight may be the attack, it is sure to affect the bodily health and mental powers, as our flesh and blood are supported from these sources.

Gout, or Rheumatism—Pain occurring in the loins is indicative of the above diseases. They occur in persons disposed to acid stomach and chalky concretions.

The Gravel—The gravel ensues from neglect or improper treatment of the kidneys. These organs being weak, the water is not expelled from the bladder, but allowed to remain; it becomes feverish, and sediment forms. It is from this deposit that the stone is formed, and gravel ensues.

Dropsy is a collection of water in some parts of the body, and bears different names, according to the part affected, viz.: when of the abdomen, Ascites; when of the chest, Hydrothorax.

Treatment—Helmbold's highly concentrated compound Extract Buchu is decidedly one of the best remedies for diseases of the bladder, kidneys, gravel, dropsical swellings, rheumatism, and gouty affections. Under this head we have arranged Dysuria, or difficulty and pain in passing water, scanty secretion, or small and frequent discharges of water; Strangury, or stopping of water; Hematuria, or bloody urine; Gout and Rheumatism of the kidneys, without any change in quality, but increase of color, or dark water. It was always highly recommended by the late Dr. Physick, in the affections.

This medicine increases the power of digestion, and excites the Absorbents into healthy exercise, by which the watery or calcareous depositions, and all unnatural enlargements, as well as pain and inflammation, are reduced, and it is taken by men, women, and children. Directions for use and diet accompany.

PHILADELPHIA, Pa., Feb. 25, 1867.

H. T. HELMBOLD, Druggist:

Dear Sir—I have been a sufferer, for upward of twenty years, with gravel, bladder, and kidney affections, during which time I have used various medicinal preparations, and been under the treatment of the most eminent physicians, experiencing but little relief.

Having seen your preparations extensively advertised, I consulted with my family physician in regard to using your Extract Buchu.

I did this because I had used all kinds of advertised remedies and had found them worthless, and some quite injurious; in fact I despaired of ever getting well, and determined to use no remedies hereafter unless I knew of the ingredients. It was this that prompted me to use your remedy. As you advertised that it was composed of buchu, cubebs, and juniper berries, it occured to me and my physician as an excellent combination, and, with his advice, after an examination of the article, and consulting again with the druggist, I concluded to try. I commenced its use about eight months ago, at which time I was confined to my room. From the first bottle I was atonished and gratified at the beneficial effect, and after using it three weeks, was able to walk out. I felt much like writing you a full statement of my case at that time, but thought my improvement might only be temporary, and therefore concluded to defer and see if it would effect a perfect cure, knowing then it would be of greater value to you, and more satisfactory to me.

I am now able to report that a cure is effected after using the remedy for five months.

I have not used any now for three months, and feel as well in all respects as I ever did.

Your Buchu being devoid of any unpleasant taste and odor, a nice tonic and invigorator of the system, I do not mean to be without it whenever occasion may require its use in such affections.
