Town and County Intelligence.

THE Orphans' Court for Caroline county will meet on Tuesday, July 27th.

LUMBER YARD.—A lumber yard will be opened at Denton bridge in a few days by Messrs Redden and Green.

THE camp meeting of the colored people, in Mason's Woods, near Purnell's Shop, begins on the 6th of August.

CLOSING OF THE SCHOOLS.—The public schools throughout the county were closed on Tuesday last, the 20th inst., until sometime in October.

NEW AWNING.—Robt. W. Todd has put a new awning in front of his store, and the boxes thereunder have become the favorite resort of loafers.

FUNERAL.—The funeral of the late Wm. W. Medford will be preached at Wesley's, on Sunday, the 1st of August, by Rev J. W. Hammersley, at 10 o'clock, A. M.

SALE OF A FARM.—The Mancha Bros. sold, one day last week, a portion of Mr. Frank Ayers' farm, containing 60 acres, and unimproved, to Alex. Livingstone, of New York City, for $750.

PEACHES.—A gentleman who has a number of peaches of the Hale's Early variety informs us that they are rotting and falling off the trees very rapidly. He says he never saw anything like it before.

VESSEL SUNK.—The vessel engaged by Messers. Redden & Green to convey their lumber from Port Deposit to this town sunk, one day last week, in a creek near Baltimore. No particulars have been received.

THE excedingly neat and attractive manner in which we execute our job work is attracting attention abroad, and work continues to flow in. Send on your orders—by mail, or in any other way most convenient.

WATERMELONS.—The first ripe watermelon we have heard of in this county was grown and eaten by Mr. Chas. A. Dunning and family on Friday last. In a week's time he thinks he will have them in great plenty.

THE MILLS.—This is a hard time on the mills. At some, operations are suspended for days, whilst others are only able to grind a few hours each day. In some neighborhoods families cannot be supplied with meal or flour at their mills.

PEACH BASKET MANUFACTORY.—Mr. W. W. McKnett, formerly of this town, has established a factory at Marydel for the purpose of supplying peach growers with baskets for the shipment of their fruit. His factory turns out about 500 baskets per day, said to be of very superior quality.

SHOCKING ACCIDENT.—Intelligence has reached this place of a shocking accident which recently befell Mr. Christian Zook, at his home in Pennsylvania. In some unexplained manner a wheat reaper came in contact with his ankles cutting off both feet.—We could obtain no particulars of the sad accident.

WOODS MEETING.—The colored people will hold a woods meeting in the grove of R. J. Jump, Esq., bordering Saulsbury's branch, on the outskirts of this town, on Sunday next. Bishop Wayman will be present, and will bring with him some of the "big guns" of the African M. E. Conference. The meeting will continue all day.

STRUCK BY LIGHTNING.—During the storm of Sunday night the barn of Mr. J. W. Atkinson, on the farm occupied by Mr. J. H. Williams, was struck by lightning and damaged to the extent of about $100. The lightning struck the roof on one end and followed down the corner post, shattering it pretty badly. The barn was nearly new, having been erected during last year.

ONLY ONE DAY.—The collector of Internal Revenue gives notice in our columns that he will be in Denton, on the 31st inst., for the purpose of collecting all taxes due the Government under the excise laws of the United States. As he will be here but one day we advise all persons to meet him at the appointed time and save further trouble.—Remember the 31st, and only one day.

MORE PEACHES.—To be remembered is a happy thing, especially during the peach season. That we are remembered is attested by the numerous parcels of fruit we receive. On Tuesday, Mr. Jas. G. Redden left at our office a large plate of peaches which were devoured in less time, we expect, than he was occupied in gathering them. They were of the Hale's Early variety. He made his first shipment yesterday.

REFRESHING SHOWER.—A very refreshing shower of rain, accompanied by vivid flashes of lightning and heavy peals of thunder, passed over this town on Sunday night, reviving vegetation and imparting to the atmosphere a very desirable degree of coolness. For several days past the weather had been excessively hot, and the crops of corn, in many fields, were withering under the scorching rays of the sun, whilst garden vegetables were literally burning up. Under the effects of the rain, however, they have revived and are rapidly growing.

NEW BARNS.—Our people seem to possess the mania for new barns, and they are going up all over the county. Still we like to see it, inasmuch as it betokens thrift and prosperity. In Andersontown neighborhood three commodious barns have lately been erected by Messrs. Jas. A. Dixon, Gootee Stevens and William Dean, measuring respectfully 40x60 ft., 30x40 ft., and 30x40 ft. Large crops require large barns.

GOOD TEMPLARS' PIC NIC.—Templeville Lodge, I. O. of G. T., will hold a grand pic-nic in Jarrell's woods, near Busic's, on Thursday, the 29th inst. Great preparations have been made, and it will no doubt be a pleasant affair. A set of regalia, costing $75 is to be given to the lodge receiving the largest number of votes. A brass band and a large number of speakers are to be present. Proceeds to be appropriated to the furnishing of a lodge room in Templeville.

OVERCOME WITH THE HEAT.—Wm. W. Lowe, Esq., one of the Justices of the Peace of this district, was overcome with the heat on Friday last. For several hours he was unconscious, but has since recovered and is able to attend to the duties pertaining to his office.

In this connection we will add that laborers exposed to the scorching rays of the sun cannot act with two much precaution during the heated term. "An ounce of preventive is worth a pound of cure," is a popular addage, and one which is specially pertinent at this time. The best remedies to prevent sunstroke is to wear a hankerchief, frequently dipped in water, under the hat, or else substitute green leaves. Persons who have tried these say they are sure preventives against sunstroke.

MORE RIOTOUS CONDUCT.—Some of the colored people in and around this town seem not to have either the fear of the law or the well-being of society before their eyes, and almost every Saturday night create one or more disturbances in our public streets. Saturday evening last was the occasion of two of these disturbances, and as usual the sidewalks were blockaded and ladies pushed out into the street. Strange to say no effort is made to bring these offenders to justice.—It is well known who they are, and they are met with almost daily on our streets. Did those whose duty it is to watch over the welfare of society properly perform their duty these disturbances could be checked.—We constantly hear men prating about the "meanness of the nigger," but whose fault is it, we ask, that he is so mean? He is in a measure responsible for his own acts, we know, but what cares he for responsibility so long as he is free from the operations of the law. We say, and declare it emphatically, that the negro is no more to blame than the executors of the law. It is their duty to bring the offenders to punishment, and if they fail to do it they violate their trusts and at the same time become connivers at the crime by refusing or neglecting to arrest and punish the offender.

Deaths.

COLESCOTT.—In Talbot county, on the 11th inst., of Consumption, Martha wife of Robert H. Colescott, in the 24th year of her age.

GRANT AND PROSPERITY.

Business revives under the new regime.—Other than general causes, however, have given a tremendous impetus to the sale of

Cristadoro's Excelsior Hair Dye.

The chemists have come out in two leading scientific journals against the lead and sulphur *poisons for the head* (or that is their proper designation), with which the country is infested, while Dr. Chilton, the first analytical chemist in America, announces to the world that

Cristadoro's Dye is Utterly Poisonless,

and that he *knows it to be so*, because he has analyzed it. CRISTADORO'S HAIR PRESERVATIVE, as a Dressing, acts like a charm on Hair after Dyeing. Try it. [jly17-1m.

BRANDRETH'S PILLS.

They remove all bad accumulations from the bowels, and purify and invigorate the system. All whose health is not perfect owe it to themselves to take a few doses of Brandreth's Pills, because the seeds of decay are constantly eradicated by their use, and the principle of life confirmedthus giving a vigor of body and mind to a period when we have been used to see the faltering step and the enfeebled intellect.

General Paez, the distinguished liberator of Venezuela, says he has used them as his only medicine for thirty years, with the most satisfactory results.

For Costiveness, Dyspepsia, and as a Family Medicine they are unrivalled.

Daniel I. Tenny, Esq., Astor House, New York, cured by Brandreth's Pills of Dyspepsia and Costiveness, when all other means used had failed.

A gentlemen, whose father died of consumption at 36 years, was also attacked, when about 21, by the disease. He had cough, night sweats, and general debility. Doctors recommended cod liver oil, but he wasted away. At last he determined to use Brandreth's Pills. In two months they made him a sound man.

THE KIDNEYS.

THE KIDNEYS ARE TWO IN NUMBER, situated at the upper part of the loin, surrounded by fat, and consisting of three parts, viz.: the Anterior, the Interior, and the Exterior.

The anterior absorbs. Interior consists of tissues or veins, which serve as a deposit for the urine and convey it to the exterior. The exterior is a conductor also, terminating in a single tube, and called the Ureter. The ureters are connected with the bladder

The bladder is composed of various coverings of tissues, divided into parts, viz.: the Upper, the Lower, the Nervous, and the Mucous. The upper expels, the lower retains. Many have a desire to urinate without the ability; others urinate without the ability to retain.—This frequently occurs in children.

To cure these affections, we must bring into action the muscles which are engaged in their various functions. If they are neglected, Gravel or Dropsy may ensue.

The reader must also be made aware, that however slight may be the attack, it is sure to affect the bodily health and mental powers, as our flesh and blood are supported from these sources.

Gout, or Rheumatism—Pain occurring in the loins is indicative of the above diseases. They occur in persons disposed to acid stomach and chalky concretions.

The Gravel—The gravel ensues from neglect or improper treatment of the kidneys. These organs being weak, the water is not expelled from the bladder, but allowed to remain; it becomes feverish, and sediment forms. It is from this deposit that the stone is formed, and gravel ensues.

Dropsy is a collection of water in some parts of the body, and bears different names, according to the part affected, viz.: when of the abdomen, Ascites; when of the chest, Hydrothorax.

Treatment—Helmbold's highly concentrated compound Extract Buchu is decidedly one of the best remedies for diseases of the bladder, kidneys, gravel, dropsical swellings, rheumatism, and gouty affections. Under this head we have arranged Dysuria, or difficulty and pain in passing water, scanty secretion, or small and frequent discharges of water; Strangury, or stopping of water; Hematuria, or bloody urine; Gout and Rheumatism of the kidneys, without any change in quality, but increase of color, or dark water. It was always highly recommended by the late Dr. Physick, in the affections.

This medicine increases the power of digestion, and excites the absorbents into healthy exercise, by which the watery or calcareous depositions, and all unnatural enlargements, as well as pain and inflammation, are reduced, and it is taken by men, women, and children. Directions for use and diet accompany.

PHILADELPHIA, Pa., Feb. 25, 1867.

H. T. HELMBOLD, Druggist:

Dear Sir—I have been a sufferer, for upward of twenty years, with gravel, bladder, and kidney affections, during which time I have used various medicinal preparations, and been under the treatment of the most eminent physicians, experiencing but little relief.

Having seen your preparations extensively advertised, I consulted with my family physician in regard to using your Extract Buchu.

I did this because I had used all kinds of advertised remedies and had found them worthless, and some quite injurious; in fact I despaired of ever getting well, and determined to use no remedies hereafter unless I knew of the ingredients. It was this that prompted me to use your remedy. As you advertised that it was composed of buchu, cubebs, and juniper berries, it occured to me and my physician as an excellent combination, and, with his advice, after an examination of the article, and consulting again with the druggist, I concluded to try. I commenced its use about eight months ago, at which time I was confined to my room. From the first bottle I was atonished and gratified at the beneficial effect, and after using it three weeks, was able to walk out. I felt much like writing you a full statement of my case at that time, but thought my improvement might only be temporary, and therefore concluded to defer and see if it would effect a perfect cure, knowing then it would be of greater value to you, and more satisfactory to me.

I am now able to report that a cure is effected after using the remedy for five months.

I have not used any now for three months, and feel as well in all respects as I ever did.

Your Buchu being devoid of any unpleasant taste and odor, a nice tonic and invigorator of the system, I do not mean to be without it whenever occasion may require its use in such affections.
