Town and County Intelligence.

THE Orphans' Court for Caroline county will meet on Tuesday, August 3rd.

DONT FORGET that the tax-collector will be here on Saturday.

THE first regular through peach train to New York passed upwards on Wednesday. It consisted of six cars.

FIVE MILES of the Queenstown & Harrington R. R. had been graded—four at the Harrington end and one at the "Stakes"—up to Saturday last.

THE HEAVIEST GRADE along the line of the Queenstown & Harrington R. R. occurs at the Choptank river, on its western side.—The ascent is thirty-six feet to the mile.

THE vessel which sunk in one of the tributaries of the bay, and which had had on board Messrs Redden & Geeen's lumber, has been raised, and the lumber is now in their yard.

THIS section has been visited by frequent showers of rain during the past week, and it is now quite seasonable. There is a marked change in the appearance of corn and other crops.

LAND SALE.—J. W. Bryant, Esq., as trustee, sold, on Tuesday last, the farm lately occupied by Danl. Spahr, in the 1st district, containing 101¼ acres, for $2,000—R. C. Carter purchaser.

INCORRECT.—We feel glad to announce that our information in regard to a shocking accident which lately befel Mr. Christian Zook is incorrect. No greater injury than the cutting of a toe was sustained.

LAY DELEGATION.—The total vote for Lay Delegation on Easton District was 745—577 for, and 168 against. The entire membership of the District, including probationers, is 8611. It will thus be seen that a very meagre vote was cast.

TEACHERS' CERTIFICATES AWARDED.—At the meeting of the Board of School Commissioners, on Tuesday last, teachers' certificates were given to Miss Burlingame, Miss Ella Sangston, Miss Georgia Sorden and Mr. Jas. Douglass, Jr. The attention of the board was chiefly occupied by these examinations.

HARVEST HOME.—A festival in aid of the erection of a school house for the colored people of Federalsburg and vicinity will be held on the pic nic grounds near that place, on Saturday next. Judge Bond, Dr. Boynton and Col. McCarter are expected to deliver addresses. For particulars see bills which were printed at this office.

RATTLE SNAKE SEEN.—As Mr. J. W. Kerr, accompanied by his brother, Geo. D. Kerr, was coming into town, on Sunday afternoon last, his attention was arrested by a snake lying in the sun, immediately across his path, in Kemp's peach orchard. Their approach frightened his snakeship, and he sped away to an adjacent pile of brush, astonishing these gentlemen by the sound of his rattles. The reptile was about a yard in length. It must have been either the last of an ancient "race," or the progenitor of a new.

PROCEEDINGS OF THE ORPHANS' COURT. The Orphans' Court, at its session on Tuesday, transacted the following:

Letters of administration granted: to Isaac Pool and Francis Friend, colored, on the estate of Gabriel Friend, and to J. B. Dukes on the estate of Ann W. S. Griffith. J. B. Dukes presented inventory of Ann W. S. Griffith's personal estate, which was passed by the court. R. C. Carter, acting guardian to Thos. F. Roe and Jno. W. Wooters, presented 1st and 2nd guardian accounts. Passed.

TENT LETTING, &c.—The assembling of the various committees on the camp-ground, on Saturday afternoon last, was the occasion of considerable interest on the part of the citizens of this and the lower part of the county. A large number of persons were present, the most of them seeking tent-sites or to bid for the bread stand. The bread stand was the chief object, and great competition was manifested. Messrs. Hutson & Fountain, of this town, however, were the fortunate ones, they paying the largest price—$210.00. The horse-pound was sold to Mr. R. K. Richardson, also of this town.—The camp promises to be nothing inferior to its predecessors.

DROWNED.—A party of colored men went into the river on Mr. John D. William's shore, on Saturday evening last, for the purpose of bathing, when one of the number—William H. Moloch—was drowned. The water was low and the tide running very strong, and he getting beyond his depth, was swept out into the stream. One of the party went to his rescue, but the drowning man carried him below the surface of the water and would have drowned him also had he not broken loose and returned to the shore.—The body of the unfortunate man was recovered on Monday, when a jury of inquest was held by Esquire Lowe, and a verdict of accidental drowning rendered. His body was interred in the colored people's burial ground in this town.

SUDDEN AND SINGULAR DEATH.—Mr. Daniel Spahr, late of Pennsylvania, but at the time of his death a citizen of Greensboro', in this county, ended his days in a very sudden and singular manner, on Friday afternoon last. He had gone out to the depot for the purpose of superintending the loading of a car with hoop-poles, and found it necessary to move the car about on the "switch." For this purpose he summoned the aid of some men, and after the car was moved to its proper position he was seen to throw up his hands and reel about. His friends laid him down upon the ground, when he expired almost instantly. Some suppose his death was caused by the breaking of an internal blood-vessel, whilst others attribute it to an attack of the heart disease, to which he was subject.

CUTTING AFFRAY.—It becomes our painful duty as a public journalist to chronicle a cutting affray which occured in this town on Thursday last. The parties to the affair were Robt. J. W. Garey, a highly esteemed young man and merchant of this town, and Thos. H. Kemp, our present efficient clerk of the county. The origin of the affair we cannot accurately state, but are informed it was the result of a misunderstanding.—The parties were seated in front of Mr. Urick's tailor shop, quietly talking over their differences, when Garey gave Kemp the d—d lie and Kemp retorted by calling Garey another. With this Garey threw down a leaden-headed cane he held in his hand and struck at Kemp. They then closed, and in the scuffle that ensued Garey was pretty badly cut in the breast and other places with a pocket knife which Kemp held in his hand. Bystanders then rushed in an separated them. Garey's wounds were dressed by Dr. Tarr, after which he was put to bed and did not get out again until Tuesday. One of his wounds was in the region of the heart and it was at first feared might result seriously. He is now convalescent, however, and will be "all right" in a few days.

Deaths.

WHITESIDES.—At the residence of her son, near Fowling Creek, on the 11th inst., after a long and severe illness, borne with christian fortitude, Mrs. Hannah Whitesides, aged 76 years.

GREEN.—On Saturday last, of Dysentery, Lewis Mercur, son of Lewis C. and——Green, aged 4 years, 2 months and 4 days.

Cristadoro's Dye is Utterly Poisonless,

and that he *knows it to be so*, because he has analyzed it. CRISTADORO'S HAIR PRESERVATIVE, as a Dressing, acts like a charm on Hair after Dyeing. Try it. [jly17-1m.

DODD'S NERVINE DID IT.

NEW LONDON, CONN., April 26, 1869.
REMEMBERED FRIEND—I thought it well to wait another week before writing, to see if I continued to improve, as I have been doing for some time, under the treatment of the new medicine, and I am happy to tell you that I am getting better—even faster than when you were here. I commenced the use of DODD'S NERVINE without anybody advising me to it.—When I began with it I could only walk from my bed to the chair. My trouble has been extreme pain in the head, and has lasted over three years. All the medicine I have heretofore taken has failed to give any relief. I am now able to go up and down stairs, and daily improving. I consider the NERVINE the best medicine I ever found, and shall continue its use, for I am confident of entire recovery. I have taken only three bottles, and would not be without it on any account.

Very truly,

THE KIDNEYS.

THE KIDNEYS ARE TWO IN NUMBER situated at the upper part of the loin, surrounded by fat, and consisting of three parts, viz.: the Anterior, the Interior, and the Exterior.

The anterior absorbs. Interior consists of tissues or veins, which serve as a deposit for the urine and convey it to the exterior. The exterior is a conductor also, terminating in a single tube, and called the Ureter. The ureters are connected with the bladder

The bladder is composed of various coverings of tissues, divided into parts, viz.: the Upper, the Lower, the Nervous, and the Mucous. The upper expels, the lower retains. Many have a desire to urinate without the ability; others urinate without the ability to retain.—This frequently occurs in children.

To cure these affections, we must bring into action the muscles which are engaged in their various functions. If they are neglected, Gravel or Dropsy may ensue.

The reader must also be made aware, that however slight may be the attack, it is sure to affect the bodily health and mental powers, as our flesh and blood are supported from these sources.

Gout, or Rheumatism—Pain occurring in the loins is indicative of the above diseases. They occur in persons disposed to acid stomach and chalky concretions.

The Gravel—The gravel ensues from neglect or improper treatment of the kidneys. These organs being weak, the water is not expelled from the bladder, but allowed to remain; it becomes feverish, and sediment forms. It is from this deposit that the stone is formed, and gravel ensues.

Dropsy is a collection of water in some parts of the body, and bears different names, according to the part affected, viz.: when of the abdomen, Ascites; when of the chest, Hydrothorax.

Treatment—Helmbold's highly concentrated compound Extract Buchu is decidedly one of the best remedies for diseases of the bladder, kidneys, gravel, dropsical swellings, rheumatism, and gouty affections. Under this head we have arranged Dysuria, or difficulty and pain in passing water, scanty secretion, or small and frequent discharges of water; Strangury, or stopping of water; Hematuria, or bloody urine; Gout and Rheumatism of the kidneys, without any change in quality, but increase of color, or dark water. It was always highly recommended by the late Dr. Physick, in the affections.

This medicine increases the power of digestion, and excites the absorbents into healthy exercise, by which the watery or calcareous depositions, and all unnatural enlargements, as well as pain and inflammation, are reduced, and it is taken by men, women, and children. Directions for use and diet accompany.

PHILADELPHIA, Pa., Feb. 25, 1867.
H. T. HELMBOLD, Druggist:

Dear Sir—I have been a sufferer, for upward of twenty years, with gravel, bladder, and kidney affections, during which time I have used various medicinal preparations, and been under the treatment of the most eminent physicians, experiencing but little relief.

Having seen your preparations extensively advertised, I consulted with my family physician in regard to using your Extract Buchu.

I did this because I had used all kinds of advertised remedies and had found them worthless, and some quite injurious; in fact I despaired of ever getting well, and determined to use no remedies hereafter unless I knew of the ingredients. It was this that prompted me to use your remedy. As you advertised that it was composed of buchu, cubebs, and juniper berries, it occured to me and my physician as an excellent combination, and, with his advice, after an examination of the article, and consulting again with the druggist, I concluded to try. I commenced its use about eight months ago, at which time I was confined to my room. From the first bottle I was atonished and gratified at the beneficial effect, and after using it three weeks, was able to walk out. I felt much like writing you a full statement of my case at that time, but thought my improvement might only be temporary, and therefore concluded to defer and see if it would effect a perfect cure, knowing then it would be of greater value to you, and more satisfactory to me.

I am now able to report that a cure is effected after using the remedy for five months.

I have not used any now for three months, and feel as well in all respects as I ever did.

Your Buchu being devoid of any unpleasant taste and odor, a nice tonic and invigorator of the system, I do not mean to be without it whenever occasion may require its use in such affections.
