Town and County Intelligence.

THE Orphans' Court for Caroline county will meet on Tuesday, August 10th.

SALE OF AN ORCHARD.—Mr S. L. Chaffinch has sold his peach orchard for this season to Capt. Hillman Smith at fifty cents per box.

SINCE it has been made public that a rattle-snake was seen in Kemp's peach orchard, all the peach orchards in the county have become suddenly infested with these reptiles. So, now, boys, beware.

COUNTRY-MADE CHEESE is now offered for sale in the stores in this town. Why don't some of our new-comers, who understand the *modus operandi*, begin the manufacture of cheese on an extensive scale? We believe it can be made to pay as well here as in the North.

PEACH BOX AND BASKET MANUFACTORY.—Mr. Geo. W. Kugler has put into his mill, near Goldsboro' station, machinery for the manufacture of peach boxes and baskets, and can supply his friends with these articles at short notice. He solicits orders from the public.

CONCORD CAMP.—We are requested to announce that all interested are requested to meet on the ground on Thursday, August 12th, for the purpose of clearing it off and putting up the seats and stand. If Thursday should be inclement then meet on Friday. The hour named is 8 o'clock, A. M.

A REMARKABLE CALF.—Mr. S. Downes Cranor, residing in the 1st district, has a very remarkable calf. Although but one year old in June, it gives regularly one quart of milk at each milking, and on Saturday evening gave three pints. This is a remarkably early beginning, and we have but few cases on record.

THE GILMOR HOUSE.—The demolition of the Fountain Hotel, Baltimore, has rendered the establishment of another first-class hotel a public necessity. To meet this want the proprietors of the Gilmor House have thoroughly renovated and repainted it, and its accomodations are now equal to those of any hotel in that city. Read its advertisement.

RELEASED.—The new locomotive "*Easton*," seized some time since, in Wilmington, whilst on its way to the company for which it was built, has been released and is now employed in running passenger trains over the Md. & Del. R. R. It is a very fine engine, and serves the purpose for which it is used most admirably. Being lightetr han the "Tilghman," it can be run at a higher rate of speed with less injury to the track.

ORPHANS' COURT PROCEEDINGS.—From the minutes of the Orphan's Court, on Tuesday, we extract the following:

Letters of administration granted to Isaac Pool on the estate of Thomas Wright.

Isaac Pool and Francis, Friend administrators, presented an inventory of the personal property of Gabriel Friend, deceased.

On application, the court ordered Isaac Pool and Francis Friend to sell the personal property of Gabriel Friend.

CHANGE OF HOUR.—On and after Wednesday (yesterday) two trains will be run regularly over the Md. & Del. R. R. The passenger train will leave Hillsborough at 6.10, A. M., Ridgely 6,25, and Greensboro' at 6,45. Returning, the cars will leave Clayton upon the arrival of the down train from Philadelphia. A freight train will leave Hillsborough at 10 o'clock, A. M., daily. Delays at Clayton, both going and returning, will thus be avoided. Corrected time table next week.

THE CAMP MEETING SEASON.—The Camp meeting season was fairly inaugurated in this county on Sunday last. That day was the second of the Goldsborough camp, and the meeting was very largely attended.—Persons were present from Centreville, Easton, Denton, Federalsburg, and all the surrounding country. An excursion train on the Md. & Del. R. R. conveyed to the camp ground about four hundred persons. Good order has been thus far maintained, and everything progresses satisfactorily. The grove in which the camp is held is a delightful one. The trees afford an excellent shade and the ground is high and free from inundations. It lies immediately along the Md. & Del. R. R. and is within one hundred yards of the station of Goldsboro'.

On Friday (to-morrow) the camp at Chilton's woods begins under favorable auspices. The encampment is of medium size, and the tents are nearly all up. A camp also begins at Hubbard's woods the same day.

On the 21st the Concord camp commences. This will be the largest in the county.—Nearly one hundred tents have already been taken, and it is expected that ere the meeting begins the number will equal that of last year—one hundred and twenty. This is the most delightful grove in the county, and lacks but one impediment of being among the first on this shore—water. It is usually very largely attended, and the religious meetings are attended with good results.

A Chapter of Accidents.

Since our last issue, so many accidents—some of them very painful—have occurred that we have concluded to embrace them all in one chapter; and commence with

A SERIOUS ACCIDENT TO HY. H. SMITH,

which happened on Thursday last. He was at his farm, near Federalsburg, superintending the cutting of some timber for the purpose of making some necessary repairs prior to the removal of his family from their present residence, in Tuckahoe Neck, to this farm. A tree having lodged in a sapling, he took his axe and cut down the sapling, thus letting the tree fall very suddenly upon him. A limb struck him upon the head and knocked him senseless to the ground. Dr. Jefferson was summoned and administered the usual restoratives, but he gave no evidences of returning reason until Saturday morning. Mr. Smith has since died from his injuries.

PERRY THOMAS,

A very worthy colored man, residing on Mr. Jas. Bryan's farm, near Denton, had his head badly bruised, on the same day, by being caught under a wheat thresher. An effort was being made to remove the thresher, when he put his head under it to secure, or loosen, something, and the thresher was let down on his head. He was in an unconscious state for a time. Dr. Thompson rendered the customary medical aid in such cases.

A VERY PAINFUL ACCIDENT

Also befel a gentleman named Smith (his christian name we could not learn) residing near Federalsburg on Saturday. He was at work around a wheat thresher—the power to which was applied by means of a rod instead of a belt—when his arm became entangled in the machinery, and all the flesh on one side was torn off, and his hand, on the same arm, badly crushed between to wheels. Although badly mangled, we learn that his arm will be saved to him.

MR. HENRY FOREACRES

residing near Dover, met with an equally painful accident whilst engaged in superintending his father's wheat machine, on the farm of a Mr. Cooper, near Whiteleysburg, on the same day. This machine was also a rod-machine, and in some manner his pants became fastened around the rod and his body drawn close to it. Whilst in this situation he sustained injuries of such a character that delicacy forbids their mention here. The accident was most painful, but his sufferings were alleviated by Dr. H. C. Comegys, and he is now doing well.

A SON OF THE LATE JNO. W. CLARK,

aged 12 years, living with his mother near Marydell, recently jumped on a scythe just whetted by the cradlers and so severely injured his foot that half of it had to be amputed. The blade passed through all the joints fastening the toes to the foot—the big toe being held by only a shred of skin. The wound presented a ghastly, shocking appearance. We understand he is doing well now.

WALLIS BRADLY

also received a frightful wound on his right hand, on Tuesday, from a circular saw. He was employed in Mr. Kuglers, steam saw mill, and in the act of sawing open a board when the accident occured. The end of the board had been nearly reached, and he was holding it in position when the saw struck a knot and threw his hand in contact with the teeth. His thumb and all his fingers, excepting the little one, were cut nearly into. Medical aid was rendered as quickly as possible, and some hopes that his thumb and fingers will be saved are entertained.

NEARLY A FIRE.—A few nights since one of the large lamps over the dry goods counter of M'Ilvaine & Dunn, of Marydell, pulled from its fastening in the joist and fell on the floor, breaking the lamp, and of course scattering the kerosine in every direction, which instantly took fire, and but for the tremendious exertions of Mr. Dunn, and a few gentlemen present, would in a few minutes have had the store in a full blaze; but by fighting with blankets, brooms and foot-rugs, the flames were soon smothered. The counter had taken fire however, and some articles suspended over it were badly burnt. The loss was small, and the escape a very narrow one.

ANOTHER.—The dwelling occupied by Dr. Peter Stack, in this town, came very near being destroyed by fire on Friday night last. During the day the stove had been cleaned out and the soot and ashes placed in a box, and the box set to one side, there being no signs of fire in it. In some manner, however, the ashes communicated fire to the box and the box to the floor, thus creating a light blaze. The opportune appearance of some young gentlemen who were staying at the Doctor's house during the night put a stop to any further progress of flames and they were soon extinguished, but not until a hole of a sufficient size had been burned through the floor to admit the passage of the remainder of the box and contents. The Doctor was quietly sleeping in an adjoining room, wholly unconscious of what was transpiring around him.

ANOTHER SUDDEN DEATH.—On Saturday morning last, the existence of a son of Mr. Moses F. Towns was terminated quite abruptly. He was sent to the barn on an errand of some kind, and whilst there it is supposed he was attacked by a sudden fit and died. As he remained longer than was deemed necessary for the accomplishment of the purpose for which he was sent, some one was dispatched to look after him. Upon opening the barn door he was found lying upon his face in the barn floor with life extinct. For several years he had been subject to fits, and his death is thus accounted for.—He was just merging into manhood.

BUSH MEETING.—The M. E. Church [South] have made preparations to hold a Bush Meeting at St. Paul's Grove commencing Sunday, August 8.

Deaths.

SWANN.—On Thursday last, Miss Henrietta Swann, aged about 15 years.

Special Notices.

GRANT AND PROSPERITY.

Business revives under the new regime.—Other than general causes, however, have given a tremendous impetus to the sale of

Cristadoro's Excelsior Hair Dye.

The chemists have come out in two leading scientific journals against the lead and sulphur *poisons for the head* (or that is their proper designation), with which the country is infested, while Dr. Chilton, the first analytical chemist in America, announces to the world that

Cristadoro's Dye is Utterly Poisonless,

and that he *knows it to be so*, because he has analyzed it. CRISTADORO'S HAIR PRESERVATIVE, as a Dressing, acts like a charm on Hair after Dyeing. Try it. [jly17-1m.

IMPORTANT NOTICE.

FARMERS, FAMILIES, AND OTHERS CAN purchase no Remedy equal to Dr. Tobias' Venetian Liniment for the cure of Cholera. Diarrhœa, Dysentery, Croup Colic, and Sea sickness, taken internally—(it is perfectly harmless; see oath accompanying each bottle) and externally for Chronic Rheumatism, Headache, Toothache, Sore Throat, Cuts, Burns, Swellings, Bruises, Mosquito Bites, Old Sores, Pains in Limbs, Back and Chest. The Venetian Liniment was introduced in 1847, and no one who has used it but continues to do so, many stating, if it was Ten Dollars a Bottle they would not be without it. Thousands of Certificates can be seen at the Depot, speaking of its wonderful curative properties. Price, Fifty Cents and One Dollar. Sold by the Druggists and Store keepers throughout the United States.—Depot, 10 Park Place, New York. [jy15-1m.

BRANDRETH'S PILLS.

They remove all bad accumulations from the bowels, and purify and invigorate the system. All whose health is not perfect owe it to themselves to take a few doses of Brandreth's Pills, because the seeds of decay are constantly eradicated by their use, and the principle of life confirmedthus giving a vigor of body and mind to a period when we have been used to see the faltering step and the enfeebled intellect.

General Paez, the distinguished liberator of Venezuela, says he has used them as his only medicine for thirty years, with the most satisfactory results.

For Costiveness, Dyspepsia, and as a Family Medicine they are unrivalled.

Daniel I. Tenny, Esq., Astor House, New York, cured by Brandreth's Pills of Dyspepsia and Costiveness, when all other means used had failed.

A gentlemen, whose father died of consumption at 36 years, was also attacked, when about 21, by the disease. He had cough, night sweats, and general debility. Doctors recommended cod liver oil, but he wasted away. At last he determined to use Brandreth's Pills. In two months they made him a sound man.

DODD'S NERVINE DID IT.

NEW LONDON, CONN., April 26, 1869.

REMEMBERED FRIEND—I thought it well to wait another week before writing, to see if I continued to improve, as I have been doing for some time, under the treatment of the new medicine, and I am happy to tell you that I am getting better—even faster than when you were here. I commenced the use of DODD'S NERVINE without anybody advising me to it.—When I began with it I could only walk from my bed to the chair. My trouble has been extreme pain in the head, and has lasted over three years. All the medicine I have heretofore taken has failed to give any relief. I am now able to go up and down stairs, and daily improving. I consider the NERVINE the best medicine I ever found, and shall continue its use, for I am confident of entire recovery. I have taken only three bottles, and would not be without it on any account.

Very truly,

THE KIDNEYS.

THE KIDNEYS ARE TWO IN NUMBER situated at the upper part of the loin, surrounded by fat, and consisting of three parts, viz.: the Anterior, the Interior, and the Exterior.

The anterior absorbs. Interior consists of tissues or veins, which serve as a deposit for the urine and convey it to the exterior. The exterior is a conductor also, terminating in a single tube, and called the Ureter. The ureters are connected with the bladder

The bladder is composed of various coverings of tissues, divided into parts, viz.: the Upper, the Lower, the Nervous, and the Mucous. The upper expels, the lower retains. Many have a desire to urinate without the ability; others urinate without the ability to retain.—This frequently occurs in children.

To cure these affections, we must bring into action the muscles which are engaged in their various functions. If they are neglected, Gravel or Dropsy may ensue.

The reader must also be made aware, that however slight may be the attack, it is sure to affect the bodily health and mental powers, as our flesh and blood are supported from these sources.

Gout, or Rheumatism—Pain occurring in the loins is indicative of the above diseases. They occur in persons disposed to acid stomach and chalky concretions.

The Gravel—The gravel ensues from neglect or improper treatment of the kidneys. These organs being weak, the water is not expelled from the bladder, but allowed to remain; it becomes feverish, and sediment forms. It is from this deposit that the stone is formed, and gravel ensues.

Dropsy is a collection of water in some parts of the body, and bears different names, according to the part affected, viz.: when of the abdomen, Ascites; when of the chest, Hydrothorax.

Treatment—Helmbold's highly concentrated compound Extract Buchu is decidedly one of the best remedies for diseases of the bladder, kidneys, gravel, dropsical swellings, rheumatism, and gouty affections. Under this head we have arranged Dysuria, or difficulty and pain in passing water, scanty secretion, or small and frequent discharges of water; Strangury, or stopping of water; Hematuria, or bloody urine; Gout and Rheumatism of the kidneys, without any change in quality, but increase of color, or dark water. It was always highly recommended by the late Dr. Physick, in the affections.

This medicine increases the power of digestion, and excites the absorbents into healthy exercise, by which the watery or calcareous depositions, and all unnatural enlargements, as well as pain and inflammation, are reduced, and it is taken by men, women, and children. Directions for use and diet accompany.

PHILADELPHIA, Pa., Feb. 25, 1867.

H. T. HELMBOLD, Druggist:

Dear Sir—I have been a sufferer, for upward of twenty years, with gravel, bladder, and kidney affections, during which time I have used various medicinal preparations, and been under the treatment of the most eminent physicians, experiencing but little relief.

Having seen your preparations extensively advertised, I consulted with my family physician in regard to using your Extract Buchu.

I did this because I had used all kinds of advertised remedies and had found them worthless, and some quite injurious; in fact I despaired of ever getting well, and determined to use no remedies hereafter unless I knew of the ingredients. It was this that prompted me to use your remedy. As you advertised that it was composed of buchu, cubebs, and juniper berries, it occured to me and my physician as an excellent combination, and, with his advice, after an examination of the article, and consulting again with the druggist, I concluded to try. I commenced its use about eight months ago, at which time I was confined to my room. From the first bottle I was atonished and gratified at the beneficial effect, and after using it three weeks, was able to walk out. I felt much like writing you a full statement of my case at that time, but thought my improvement might only be temporary, and therefore concluded to defer and see if it would effect a perfect cure, knowing then it would be of greater value to you, and more satisfactory to me.

I am now able to report that a cure is effected after using the remedy for five months.

I have not used any now for three months, and feel as well in all respects as I ever did.

Your Buchu being devoid of any unpleasant taste and odor, a nice tonic and invigorator of the system, I do not mean to be without it whenever occasion may require its use in such affections.
