Town and County Intelligence.

THE Orphans' Court for Caroline county will meet on Tuesday, August 24th.

YOU WANT to save ten cents. Then come and settle your bills and we will give you ten cents for every dollar you pay us.

THERE is a great dearth of local news this week. The camp-meetings are engaging the attention of our people, and little else is talked or thought of.

THE AMOUNT OF YOUR INDEBTEDNESS you will find enclosed in your paper. Send us the money *at once*, as we need it to purchase a new press.

IN THE ORPHANS' COURT, on Tuesday, letters of administration were granted to Jno. R. Colescott on the estate of Stephen Colescott, deceased.

A BILL of one dollar can be paid at this office with ninety cents; one of five dollars with four dollars and a-half, and one of ten dollars with nine dollars, until the 1st of September—18 days off.

OUR ALMANACS need revision. They say this month is August. But it most assuredly is not August weather. During the middle of the day the weather is quite pleasant, but mornings and evenings make one think seriously of overcoats and fire.

NEW PHYSICIAN AT PRESTON.—Dr. Chas. H. Jenkins, of Talbot county, has located at Pr s on, in this county, for the practice of his profession. The *Easton Journal* speaks of him in the most eulogistic terms and thinks the people of this county will find him a good physician.

HENRY MOBRAY, recently appointed collector for the 4th district, and Edgar Plummer, collector for the 1st district, appeared before County Commissioners and bonded on Tuesday. The two other collectors—Jno. W. Thawly and F. A Willis—had previously given bond in the required sum.

THE RAILROAD.—The railroad has been so far completed that the sound of the locomotive can easily be heard in Easton, and can be seen from any place of prominence in the town. Very little more grading is necessary to be done, and the iron horse will soon be fed and watered at the end of the journey he has been seeking to reach for years.

MESSRS. HUTSON & FOUNTAIN, who will have charge of the bread tent at Concord, inform us that they will also keep, in one corner of their tent, beafsteak, fried chicken, bread, butter, coffee, &c., for the accommodation of their friends and the public. This is something novel at our camps, yet it is a cheap way of obtaining a meal.

BROKE DOWN.—Just as were finishing up last week's edition a serious breakage occurred to our press, and it cannot be of much more service to us in printing our paper.—The strain is too great upon the broken parts. We will now have to purchase a new one, and we wish every one to call at once and settle their bills. Without this we cannot do it. Presses are not purchased on time.

PERSONAL.—Dr. C. E. Tarr, the editor of the *Journal*, returned on Tuesday from his trip with the Maryland editors to Harper's Ferry, Winchester, and Jordan's Springs.—He feels greatly recuperated in mind and body, and gives a glowing description of the objects of interest he visited and the country through which he passed. We preseme he will furnish his readers and the public with a full account of his journey in his Saturday's issue.

PROLIFIC.—Mr. Jno. W. Covey, residing in the 4th district, found in his wheat-field, about harvest, a peculiarly looking bunch of wheat, and to gratify his curiosity he plucked it from the field. An examination proved that this bunch consisted of eighteen stalks, and that these had proceeded from a single grain. Each head contained 53 grains, making a total of 954. This wheat was smooth and entirely different from the wheat which Mr. C. had sowed.

THE DROUGHT.—The drought in this county is still protracted, much to the dismay of our farmers and the destruction of their crops. From what has already been experienced the corn crop will be shortened, and if rain does not visit us soon the result will be serious. Young clover is suffering greatly, as well as the old pasture and hay fields. Many are becoming naked and barely afford pasturage for the stock. Roads are very dusty, and traveling unpleasant.

THE ECLIPSE.—A partial eclipse of the sun was visible here on Saturday, commencing at about five o'clock P. M., and continuing about an hour and a-half. Fully seven-eights of the sun's disk was obscured, and the darkness was about as great as it is a few minutes after sunset. During a portion the eclipse, the sun was concealed behind clouds, but at its greatest obscuration the clouds dispersed leaving the view free and unobstructed. The most of our citizens availed themselves of the opportunity of witnessing this eclipse. Another does not occur durihg this century.

DEDUCT ten per cent. from the amount of your bills and send us the money at once.—We have a new press to buy, and need the money to do it.

THE CHILTON WOOD'S CAMP.—This camp was begun on Friday, and will continue one week. A number of ministers are present, and the meeting has thus far been a success. On Sunday a very interesting religious meetwas held and some were happily converted.

The camp has been well attended, and cn Sunday the crowd was immense. Having been no rain for some time, the atmosphere was full of dust and very little comfort was to be had. Fortunately the wind was in the right direction to blow the dust from the road in an opposite direction to the ground.

The grove in which this camp is held is pleasantly located along the margin of Horsey's mill pond, and affords an excellent shade.—The managers have thoroughly cleared it off and put it in an admirable condition, and the promenades, apart from the dust, are not to be excelled by any camp ground on the peninsula. Forty-two tents constitute the encampment.

The Hubbard's Woods Camp-meeting

HUBBARD'S WOODS, Aug. 9, 1869.

Our camp-ground is beautifully situated about half a mile from Preston, on the county road leading from said village to Denton, in a grove, a portion of which is set in grass. A more desirable site for an encampment could not well be found, all points considered. Friday, the seventh, was the day designated for its commencement, but services were not commenced until Saturday evening, at eight o'clock, at which time Rev. Mr. Fosnocht, of Denton circuit, preached a very able sermon from the tenth verse, of the nineteenth chapter of the gospel according to St. Luke: "For the son of man is come to seek and to save that which was lost." The congregation, though small, was very attentive, and listened to the minister till the close of the sermon, after which Rev. Mr. Brindle, of St. Michaels, offered some very appropriate remarks.

Sunday morning dawned clear and cool, and with it the rush of many people to our midst. The day, though dusty, did not deter people from a distance coming hither, so that by ten o'clock quite a number were present, at which hour Mr. Brindle entered the stand and preached to a large congregation, from Hebrews chapter sixth, verses fourth, fifth and sixth.

Sunday afternoon, at two and a half o'clock, Rev. J. W. Hammersley, preacher in charge of Denton circuit, preached from Ephesians first chapter, verses thirteenth and fourteenth.

In the evening, at six and a half o'clock, Mr Fosnocht again preached; this time from Revelation, chapter fourteenth, verse fifth.

The camp promises to be a good one—one that will accomplish much good—one that will redound to the glory of God—one that will be the means of bringing many souls up out of darkness into a state of enlightenment in regard to things spiritual. May it go on as it has commenced. Though yet in its infancy, it has seen several sinners brought to the mercy seat, who confessed their sins, believed, and were saved through the intercessions of the Lord Jesus.

There are thirty-three tents, yet with this small number much good can be accomplished.

Much more next week.

He has kindly permitted me to refer any one to him. Over 1,000 other references can be seen at the Depot.

PECULIAR ADAPTABILITY.

Brandreth's Pills.

Their peculiar adaptability to all constitutions as cleansers of the bowels and the blood has established their great merit. They restore the liver, the spleen and even the heart to healthy action when other remedies have been used without producing any benefit. They do not expose those who use them to any danger being as safe as salutary.

Extract from a Letter to Dr. Brandreth, from C. J. Fay, Esq., P. M., Hammonton, N. J.

"In 1838 I was in poor health, and my friends as well as myself supposed that my earthly voyage would soon terminate. But after taking one box of Brandreth's Pills, I began to feel better. Well, sir, when I used up twelve boxes I was a well, healthy man—my weight having gone from 131 pounds to 152 pounds. I then ordered a supply, and between that time and the present I have retailed three thousand dollars' worth of these invaluable pills, and am quite sure that I have thereby been instrumental in saving thousands of lives.

"Yours, truly,
C. J. FAY, P. M."

Sold by all Druggists. Observe my name in white letters in the government stamp.

DODD'S NERVINE DID IT.

NEW LONDON, CONN., April 26, 1869.

REMEMBERED FRIEND—I thought it well to wait another week before writing, to see if I continued to improve, as I have been doing for some time, under the treatment of the new medicine, and I am happy to tell you that I am getting better—even faster than when you were here. I commenced the use of DODD'S NERVINE without anybody advising me to it.—When I began with it I could only walk from my bed to the chair. My trouble has been extreme pain in the head, and has lasted over three years. All the medicine I have heretofore taken has failed to give any relief. I am now able to go up and down stairs, and daily improving. I consider the NERVINE the best medicine I ever found, and shall continue its use, for I am confident of entire recovery. I have taken only three bottles, and would not be without it on any account.
