THE KIDNEYS.

THE KIDNEYS ARE TWO IN NUMBER situated at the upper part of the loin, surrounded by fat, and consisting of three parts, viz.: the Anterior, the Interior, and the Exterior.

The anterior absorbs. Interior consists of tissues or veins, which serve as a deposit for the urine and convey it to the exterior. The exterior is a conductor also, terminating in a single tube, called the Ureter. The ureters are connected with the bladder

The bladder is composed of various coverings of tissues, divided into parts, viz.: the Upper, the Lower, the Nervous, and the Mucous. The upper expels, the lower retains. Many have a desire to urinate without the ability; others urinate without the ability to retain.—This frequently occurs in children.

To cure these affections, we must bring into action the muscles which are engaged in their various functions. If they are neglected, Gravel or Dropsy may ensue.

The reader must also be made aware, that however slight may be the attack, it is sure to affect the bodily health and mental powers, as our flesh and blood are supported from these sources.

Gout, or Rheumatism—Pain occurring in the loins is indicative of the above diseases. They occur in persons disposed to acid stomach and chalky concretions.

The Gravel—The gravel ensues from neglect or improper treatment of the kidneys. These organs being weak, the water is not expelled from the bladder, but allowed to remain; it becomes feverish, and sediment forms. It is from this deposit that the stone is formed, and gravel ensues.

Dropsy is a collection of water in some parts of the body, and bears different names, according to the part affected, viz.: when of the abdomen, Ascites; when of the chest, Hydrothorax.

Treatment—Helmbold's highly concentrated compound Extract Buchu is decidedly one of the best remedies for diseases of the bladder, kidneys, gravel, dropsical swellings, rheumatism, and gouty affections. Under this head we have arranged Dysuria, or difficulty and pain in passing water, scanty secretion, or small and frequent discharges of water; Strangury, or stopping of water; Hematuria, or bloody urine; Gout and Rheumatism of the kidneys, without any change in quality, but increase of color, or dark water. It was always highly recommended by the late Dr. Physick, in the affections.

This medicine increases the power of digestion, and excites the absorbents into healthy exercise, by which the watery or calcareous depositions, and all unnatural enlargements, as well as pain and inflammation, are reduced, and it is taken by men, women, and children. Directions for use and diet accompany.

PHILADELPHIA, Pa., Feb. 25, 1867.

H. T. HELMBOLD, Druggist:

Dear Sir—I have been a sufferer, for upward of twenty years, with gravel, bladder, and kidney affections, during which time I have used various medicinal preparations, and been under the treatment of the most eminent physicians, experiencing but little relief.

Having seen your preparations extensively advertised, I consulted with my family physician in regard to using your Extract Buchu.

I did this because I had used all kinds of advertised remedies and had found them worthless, and some quite injurious; in fact I despaired of ever getting well, and determined to use no remedies hereafter unless I knew of the ingredients. It was this that prompted me to use your remedy. As you advertised that it was composed of buchu, cubebs, and juniper berries, it occured to me and my physician as an excellent combination, and, with his advice, after an examination of the article, and consulting again with the druggist, I concluded to try. I commenced its use about eight months ago, at which time I was confined to my room. From the first bottle I was atonished and gratified at the beneficial effect, and after using it three weeks, was able to walk out. I felt much like writing you a full statement of my case at that time, but thought my improvement might only be temporary, and therefore concluded to defer and see if it would effect a perfect cure, knowing then it would be of greater value to you, and more satisfactory to me.

I am now able to report that a cure is effected after using the remedy for five months.

I have not used any now for three months, and feel as well in all respects as I ever did.

Your Buchu being devoid of any unpleasant taste and odor, a nice tonic and invigorator of the system, I do not mean to be without it whenever occasion may require its use in such affections. M. McCORMICK.

Should any doubt Mr. McCormick's statement, he refers to the following gentlemen:

Hon. Wm. Bigler, ex-Governor, Pennsylvania.
Hon. Thos. B. Florence, Philadelphia.
Hon J. C. Knox, Judge, Philadelphia.
Hon J. S. Black, Judge, Philadelphia.
Hon. D. R. Porter, ex-Governor, Pennsylvania.

Hon G. W. Woodward, Judge, Philadelphia.
Hon. W. A. Porter, City Solicitor, Philadelphia.
Hon. John Bigler, ex-Governor, California.
Hon. E. Banks, Auditor-General, Washington, D. C.

And many others if necessary.

Sold by Druggists and dealers everwhere.—Beware of counterfeits. Ask for Helmbold's.—Take no other. Price $1.25 per bottle, or six bottles for $6.60. Delivered to any address. Describe symptoms in all communications.

Maxims for Business Men.

When a business man reaches the point where he thinks that he can not spare any time to examine sources of financial and commercial information, he may safely conclude that his business is *not well managed*.

When a business man finds himself in a financial situation so embarrassing that he can not afford to possess every publication that would throw more light upon his business transactions, he should not delay an hour, but arrange at once with an auctioneer to close out his stock to the highest bidder.

The above Maxims are taken from the columns of THE NEW YORK MERCANTILE JOURNAL which is the best as well as one of the largest mercantile newspapers published in the United States. Its market reviews and carefully revised list of jobber's prices, embracing almost every quotable article of merchandise, together with its judicious editorials, fill more than thirty-five (35) columns every week. The subscription price is only $5.00 per year, (less than 10 cents per week, and less than 1½ cents per day.)—Parties desiring to possess themselves of this valuable publication, should address THE N. Y. MERCANTILE JOURNAL Co., 300 Pearl Street, New York City.

Calisaya or King's Bark was unknown until the middle of the 17th century. Humboldt makes favorable mention of its febrifuge qualities as an antidote to Fever and Ague, Intermittent and Malarious Fevers, in his extensive South American travels.

In 1640 it was used by the Jesuits, who alone at that time possessed the secret of its wonderful tonic properties, and it was sold by them for its own weight in silver.

In 1658, eighteen years after, Sir John Talbot employed it with great success in France in the treatment of Fever and Ague. Dyspepsia, Nervous Affections, Loss of Appetite, Weakness and Debility, Palpitation of the Heart, Diarrhœa, etc. In 1679 he sold the secret of its origin to Louis XIV, by whom it was divulged. It is now the all important ingredient in Drake's PLANTATION BITTERS, and preserved as it is in pure St. Croix Rum, makes a tonic of rare merit, and one that should be upon the side-board of every family. Messrs. P. H. Drake & Co., the sole proprietors of the celebrated PLANTATION BITTERS, are the largest importers of Calisaya Bark in America. The Bark is gathered and cured under the immediate supervision of an agent sent out to Brazil, expressly for that purpose, and aside from a few thousand pounds which are sold to the manufacturers of Quinine, is all used in the preparing of these Bitters, to which they are indebted for their wonderful success as a tonic.

The above cut represents the natives in their own native forest gathering the Bark.

GENUINE IMPROVED
Super-Phosphate of Lime.

STANDARD GUARANTEED.
For sale at Manufacturers' Depots,
No. 27 N. Front Street, Philada.,
AND
No. 95 South Street, Balto.,
And by Dealers general throughout the country.

The SOMBRERO GUANO of which MORO PHILLIPS' PHOSPHATE is and always has been manufactured, (and of which he has sole control for the United States,) contains fifty per cent. more Bone Phosphate than Raw Bone, therefore it is more durable.

A large per centage is Soluble, and will immediately yield its nourishment.

The Ammonia it contains is pure and ready to yield its value—not animal matter, capable of yielding its ammonia after decomposition in the soil.

Nothing is spared in its manufacture to render it the most valuable Super-Phosphate and Crop Producer in the market.

Eight years' experience has proved to the farmer that it is durable and can always be relied on as uniform in quality; and the numerous unsolicited testimonials continually received of its use in competition with other Fertilizers, fully attests that it has not been excelled.

BALTIMORE, February 15, 1869.

Messrs Lieutaud & Co.: Dear Sirs—The "Antidote" which you sent me for examination, and application to any obstinate case of Intermittent Fever which might come under my notice, has been received. I have analyzed the contents, and after discovering the ingredients, and recognizing them as applicable to the disease in question, I determined to give it a trial. I did so, and found the therapeutic effects precisely in accordance with the character claimed for it by you; in no instance has it failed, frequently half a bottle being sufficient for the complete cure of cases of long standing; even those in which chronic enlargement of the Liver and Spleen had been superinduced.—I regard it as a decidedly scientific discovery.—I would recommend it to all sufferers of Chills and Fevers.
